## PREFACE

This book is my 31st collection of poems in English. The 100 poems in this book were written during 2nd half of February and 1st half of March, 2022. The poems are mainly mystic and spiritual. It is really a spontaneous outflow of my inner feelings, which I copied on the paper. I invite the readers to evaluate these poems.

# FOREWORD

The formidable poetry book titled "A Poetic Journey" delineated by the prominent poet Dr. K. K. Mathew is a literary work of mammoth quality and enormous cadences. This book contains poems which are enticingly subjective, alluringly objective, exquisitely profound, elegantly beautiful, eloquently attractive, artistically well-versed, imaginatively contrived, aesthetically infinite and cobbled together and creatively enduring and endeavouring. Through the poems of this poetry book, Dr. K. K. Mathew introduced a new sensitivity to the world of poetry in an obvious and straight-forward manner.

The main thrust areas which are apparent through the poems of this book are

(1)The Multifaceted Portrayal

The various professionals in this world are accorded sufficient representations in the poems of this book. This world is a combination of different professionals working in unison, so that this world can attain its optimum level of efficiency and effectiveness. The emotions within do play an important role in making or breaking this world every now and then. The art of life is all about peaceful coexistence and give and take and live and let-live sort of attitude. The innocence within is the biggest asset which can't be regained once it is lost forever. The life reaches its position of pinnacle attainment, if we have the indomitable spirit to reach a level of consequences. The emptiness is a philosophical reality difficult to wish away and immensely problematic to hold on to. The two steps forward and four steps backward can be the exact definition regarding postmodern development process. The calmness is a sign of the greater turbulence in the course of time. The spirit of wisdom is the pathway to enlightenment and the negation of ignorance from life. Manifold aspects constitute the fulcrum of life in this world.

(2)The Tapestry of Emotions at Work

Love is the mover and shaker of this peculiar world. The unprovoked aggression on a sovereign country is an uncivilized act indeed. The happiness is a physical emotional vibe of stark expressionism. The emotions of various magnitude emerge out of immaculate love. The foremost love is redeemed through the milk of human kindness in this world. The cobwebs can be eradicated through the power of verses. The stringent way can be the undoing of many aspects of life. The defence of one's own nation is an inborn feeling with no end in sight. War is the result of greed and the quest of vested interest groups for profiteering. Poetry is the unleashed emotion striving to reach its finishing point or destination. The external appearance is a subtle indicator of the thought processes swirling around the heart.

(3)Aesthetic and Blissful Evocations

The uplifting experience is realised through poetry. The backboneless players lead this world into a tailspin. The real learning is all about knowing the Atman inside out. The action of thoughtless nature is born out of crooked intelligence. The biggest peace maker in this wider world is judicious silence. The Guru is the harbinger of peace and tranquillity. The unrestrained musical extravaganza is a typical example of the world getting into a state of uncertainty of the severest nature. The real peace can't be found in the external world rather it can be established within the human self. The drumbeats of war are replaced by bouquets of serenity. Yes, this poetry book reflects the contemporary state of affairs prevailing in this world.

Through this poetry book of current relevance, the predominant poet Dr. K. K. Mathew has ushered in verses

of stylish and sophisticated preposition. He is a poet who has brought into the world of poetry a whiff of fresh air through his writings of positive vibrancy and unfathomable versatility. Let his poetic mind create literary works of further novelty in years to come. My best wishes to him in every step of the way in terms of whatever poetic endeavours, he tends to bring forth in the future.

## A DOCTOR

The theme of the profession must be realized by the
Person, must practice that, doctor isn't confined to a
A small circle, but for the mankind, the profession is
Divine, to serve, not for amassing money; truthfulness,
Honesty, selflessness, love, and kindness, must fill his
Heart; dedication, conscientiousness, diligence, and
Hard work, make doctor distinguished; Godliness added
To the profession is fantastic; doctors fighting with the
Pandemic and dying, are really the visible Gods on earth,
The character of a doctor is the trueness of love and
Kindness, he is not for himself but for the sick people.

## A LAWYER

The act of finding the truth after analysing so many
Facts and figures and arguing to establish the point
Is really an art; going to the depth of the sea, finding
The pearl, how much happiness it gives, and it delivers
Energy to do argument so effectively, proving the point;
It is fantastic to recognize the loopholes, find measures
To fill it, or tie them on the solid rod to hit or blast, and
Overpowers; it is a magical phenomenon of conquering
With tongue and powerful words, and a matter of great
Esteem, bestowed on heart, to be contented, an efficient
Adjustment of self, to fit in heart with the skill of arguing.

## A POETIC JOURNEY

Inquisitiveness creeps in, to know more, to explore
The mystery, to answer oneself the questions one after
Another, to be fed with new insights, which come with
So much of ease, that tranquil mind, stimulate soul to
Rain honey in heart; heart is filled with it and it overflows
To be typed on the screen; what a fantastic job, to be with
The exercise of sweet accomplishment of mind and soul
To have the heavenly touch in creation of new ideas to
Be put into the magnificence of sweetness, that caresses
The interior of the poet to relish, taste, every moment
Of his life, sweeter than anything, and put his steps ahead
Slowly and gently on the path to the eternity where he is
Dissolved in the flowery soul, to be floated in the infinity.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## A PRIEST

Man of soul, with God, not with the world and the
Body, he is to deal with; the spiritual master to have
Direct communication with God, he is to extract the
Divinity from God and pass it on to human hearts,
Wonderful the ways of him, to pray, to teach, matters
Beyond the stars, living with God, and living with the
Human hearts, the dictum of the priest, and he is to
Approximate man with the world of soul, extraction
Of goodness by him from above, that blooms and the
Fragrance sent to every human heart; the man of the
Richness of heart, mold humans, directs them to God.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## A SCIENTIST

The inquisitiveness with which one persists to study
A fraction of the mystery of the great craftsmanship
Of God; with great perseverance, he examines it many
Times and at last, repeated attempts made to find the
Truth, a laborious, great job executed with heart and
Soul in it, the new revelation, a new innovation made,
That will be very useful to millions, contentment fills
The heart of the person who made it, as the thousands
Feel proud of him, but the unassuming person has no
Rest, he still searches and searches for the next finding.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## ABSENT

Surprising, the world of today, is very scarce
Of kindness, vanishing, the world is a desert
Without water, oasis is seen very scarcely, at
Very few areas; man is unconcerned with man,
Unbothered about the other man’s plight, even
The cruelty speaks volumes, and taking away
Precious lives of humans has become a hobby,
Never thought of such roughness of the mind,
People laugh at others' miseries and sufferings;
Some here are criticizing those with bravery and
Fighting for own country, telling, they must have
Surrendered and kept their lives safe or fled to
Other countries; man has become highly selfish.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## AN ENGINEER

Architectural beauty in his heart, that is reflected,
Made outside, the skill with which it is made, records
The beautiful artistry, the artist makes the immensely
Beautiful sculptures; the efficacy of his talents, highly
Creative, is supportive to the society, to the nation with
Magnitude of usefulness of them, forming backbone of
The society; bridges, buildings, railway tracks, machines,
And wonders of electronics and computers, all point to
The extraordinary talents of the engineers; the society
Owes greatly to them as well as the nation, the creativity
Makes them the apostles of making glory in everything
They touch, the world will be made a house of sculptures.

## AN ESTABLISHMENT OF MIND

Happiness, created and established at the bottom
Of mind, with the expulsion of sadness, which itself
Is a reflection of the sum of events, gathered around
The mind, the trueness of its dictum is wide open with
The phenomenal glowing of the beauty of the thoughts
Which have persistent magnificence of goodness, instilled
In heart and mind, with impetuous shining, that lasts long
Or short, with the running of heartbeats, singing the beauty
Or glory of mind, to be taken away from the peril of the
Sadness, that is thwarted by the beauty and goodness of
Mind, it should be uplifted always with the strongest faith.

## ANGER AND GREED

What for the anger?
What for the greed?
How to control the anger?
How to suppress the greed?
How to nullify the obstinacy?
Common man knows the solution
But some of the leaders don't know
The whole world is suffering with evil
The evil brings the world down to hell
The evil is pushing the world to disaster
What is the remedy for total salvation?
Intense prayer to God to eliminate the evil
And save the whole world from the peril.

## ART OF LIFE

Human life itself is an art, to be painted on a
Canvas of trueness, different colors are mixed
Together to form the beauty of life; art of the
Center is so pleasing, one may be absorbed in
It; the periphery of life or the human body is less
Important as the center is the storehouse of the
Human life, if the center is in disarray, everything
Goes wrong; modification of the center is achieved
Only by strongest faith in God, no other means
To do that; the art of life is done by painting some
Of the colors at the center, mainly the whiteness,
It overshadows other deep colors; art is in effect
When the passions and aspirations for the worldly
Suppressed by absolute faith in God, the soul, or the
Vicinity of God, exposed; art is now done by the soul.

## BOUQUET OF HEART

Many, different colors in heart, deep inside, seen
With deep eyes, not with outer eyes; heart always
Should be like it, the base of heart was muddy, seeds
Different sown in mud, flowery plants grow there, and
Muddy heart becomes garden of paradise; the colorful
Flowers, collected, tied together, bouquet of different
Flowers fills the heart, it becomes an epitome of beauty,
It is very fragrant too; the flowers of heart, and the heart
Of flowers, so much of nectar in the flowers of the plants,
Bees suck the nectar and make a honeycomb in the heart.

## BRILLIANT ARTISTRY

Conquering the greatest painters in the world
The nature excels with the magic of mixing the
Deep and light colors together, winning hearts
Of everyone with the magnificence of the beauty
Infused in the art of painting in the natural way,
The sunrays passing through many media, are down
With the colorful carpets of millions, weaved and
And stretched in the sky form one end to the other
And on the sea, pouring deep colors, beautifully
Scattered, with the wonder of illusion, spreading
The great art of nature, painted on the canvas of
Sky and sea, mesmerize every human heart and
Soul with the wonderful artistry of the greatest
Artist, portraying brilliance and excellence of Him.

## CHILDHOOD INNOCENCE

Royal the heart, aristocratic the mind, too soft
They are, tranquility filled in, the innocence is a
Beauty, so much of sweetness in them, and no dirt
Anywhere, a mirror the mind is, one can see own
Image in it, it is so pure and holy, God lives there;
So much attractive and fascinating the child's mind,
It acts as a magnet, attracting everybody, child is a
Unifier between fighting persons, as child is pure,
Love and innocence instill dew in burning hearts,
One must see God in a child, man to acquire the
Childhood innocence as it softens the hard mind.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## CONSCIENTIOUSNESS

The most sincere way of doing the task to the
Liking of conscience, the wonderful way of living
In perfection, the more rightful way of doing the
Task, notwithstanding the very hard work to be
Done to achieve it, to sum up, acting according to
The conscience; the greatness of it is, conscience
Is the God in man, the expression of the soul, the
Heavenly touch on what man does, the simple way
Of obeying God; the sincerity, earnestness, diligence,
All together to do what all pleasing to the conscience.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## DATES FRUIT

The trueness at center to be buried, to bud, and grow,
Love outside, the redness of heart, spilled with love
In the flesh covering the true nut, sweetness of heaven
Around, the deepening of love, kisses the nut, they two
Together, the magnificence of love of hearts magnified
With concealment at center, it provides the pleasure of
Tasting and eating the flesh with so much contentment
To enjoy the love of heart, modified, to love the pleasure
That inspires love, to be printed in heart, to abandon the
Nuts, but the flesh dances in humans with pleasure to soul.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## DEAR BEAUTIFUL

The word used to describe the beauty with heart
So much dipped in happiness on seeing the beauty
Outwardly, not to possess it, or to malign it, but to
Glorify the greatness of the beauty, to be infused
With the sweetness in heart and the delineation of
Of its magnificence, to be bestowed upon wisdom
Of soul, to taste or relish its trueness with fondness
The heart possessed to beautify everything, with the
Taste of greatness that makes the world so beautiful
In the soul of mine, and makes my heart see beautiful.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## DILIGENCE

With utmost care and a lot of effort, one does
Task is praiseworthy, to be in with carefulness
The alertness to protect from hazards, is safe
Method of handling sensitive matters in the
Dignified manner, with which one can scale to the
Height of glory, it transforms every matter to
Perfection; when diligence and conscientiousness
Added to hard work, wonders ensue, man to strive
To possess these qualities; everything done to be
Accompanied with great caution and alertness, the
Mind should be prepared to get adjusted to any
Situation with great care; it is the way to success.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## DISARMAMENT

Man writes and tells on this beautiful word, but
Never to achieve by any stretch of imagination
Now disarmament turns to be to acquire more
And more nuclear weapons to counter the other
Countries with nuclear power, it looks funny to
Utter this word; what man should learn, is the
Love of God, He should enter each and every
Heart, then only man knows the truth, love is
The greatest weapon, and how to forgive; also
Man to realize, every human soul is godly, man
To love man, man to forgive man, the universe
Is love, God is love; it should flow everywhere.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## EARNESTNESS

One must possess the quality to have intense conviction
And sincerity in everything he does; sincere to him and
Sincere to what all he does, a great quality of development
Instilled in his mind to do the best possible in him, lagging,
And laziness, have no places in him; vigilance, determination,
His core, undue dependence not on anybody, he does tasks
By himself, intense concentration he makes in everything
He does, it is the doorstep to success, he believes; not only
His earnestness but also hard work, make him most successful;
Never to lose, but to gain always, the key to all of his efforts.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## EMPTINESS

Heaven dwells in mind if emptiness blesses it
The world and the worldly are full outside but
The inside must be vacant, the thoughtlessness,
A blessing when the mind is fully conscious to
Perceive, it is a phenomenon happened in a few,
The thoughts, good and bad, suppressed, only by
Intense faith in God, the mind becomes empty
Always and God acts; then Godly thoughts arise
From the depth of mind and they are perceived
By mind, man is guided by Godly thoughts only.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## EUPHONY

So pleasing to the heart as well as the ears
So sweet to the soul, the melody of heart
Touches on the ears, the words, so pleasing,
Ears dipped in the happiness, pleasure, and
Enjoyment; it transforms the mind to bloom
With fragrance of the soul; pleasure to ears
Overwhelms mind to keep blissful moments
In life, to get attached to the loveliness, one
Picked to the elevation of enchantment, that
Showers the extremes sweetness, to be felt
For years, and to withstand the agony that
Might provoke heart with intense lassitude,
And combated with the honey-based words
Sweet to the ears with pleasantness to soul.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## EVERYBODY

Every day, everybody hears, but only a few perceive
In heart, that is why, talking and preaching taking place
Daily, the heart is shut permanently in many, it doesn't
Open at all, the basic cause for all the evils multiplying,
The world should think seriously how can the hearts open?
It is quite possible, find out the way, it is true to everybody,
Now, nobody excels everybody, the big anomaly of the world
Laws are strict but flexible, democracy is draining, equality spoiled
What to do, the words from everybody's lips, everybody becomes
Nobody often, the remedy, everybody must become everybody.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## FIGHT INSIDE

We always look outside, not inside, as we can't look
At it, we're incapable of doing it, but possible with
Deep faith in God, looking at very deep inside, not at
The internal organs, but beyond that; the fight and
The conflict should take place inside the mind, not
Outside of human body; suppressing the ideals of the
Other persons conflicting, inside the mind only, not
Outside; what happens outside is only the automatic
Reflection of inside and the person wins the battle;
One has to satisfy his mind only, not others, it is the
True victory, all the battles should be waged inside
The mind, the true reflection of it, is automatically
Done outside in the most effective way, it's peaceful.

## FORWARD BUT BACKWARD

Head is moving forward but feet walking backward
Two feet forward and two feet backward, stationed
At the same place indefinitely; it happens in many, in
Their lives, nothing comes positive as negativity pulls
Them back, they can't go forward at any time in their
Lives; for every action there is a reaction, the action
Is materialized, when the reaction is nullified, then only
Success ensues; in the world, devil is there to pull back
God; for every goodness, there is evil to counteract, the
Success defeats failure only when feet move forward
Along with the head; the simple formula works so well.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## FRAGRANCE

The smell of love, so embedded in rose
It is sprayed with the sense of sweetness
That has mesmerizing power of attraction,
Perceived by the olfactory nerves of brain
Drained to the mind, to be sweetened; mind
And heart, dance together absorbing the sweet
Smell and it transcends the sweetness to soul,
It is sweetened, the blissful feel of delightfulness
Amazingly blesses mind and body, it appreciates
Greatly the magnitude of the sweetness of the
Smell and it is absorbed in every cell of the body.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## FRIGHTFUL JOY

Parental joy in fright when the fish parents move
Slowly and gently in the stream along with hundreds
Of their tiny babies; the parents know fully well, they
Will be caught any moment, leaving offspring, orphans,
The babies don’t know it, they relish the love and care
Of parents; short- lasting, the joy but it continues and it
Goes on well indefinitely with parental hearts singing
The gloom of parting the offspring; the water body is
Filled with the sadness of the song, the flow of water
Stops, stream is standstill for a moment, it flows again.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## HEARTACHE

Justice is made on injustice
Equality is made on inequality
Innocence is made on cruelty
Love is made on the loveless
Law is made on the disparity
Words contradict the deeds
Honesty made on dishonesty
Adulteration done in the food
Trust is made on the distrust
The question, where are we to?

Copyright © A Poetic Journey, Dr. K. K. Mathew

## HUMAN ENDURANCE

The youth who has slipped down and trapped
In a crevice of a steep hill about eight hundred
Meters above the ground level, without food
And water, sustained life for forty five hours
Against extreme heat during the day and cold
At night, wild animal threat, was cheerful when
Rescued at last by the hectic rescue operation
Of Indian Army, at Malampuzha, in Kerala state,
In India; rescuers needed five hours to reach the
Spot, one of the biggest rescue operations ever
Done; it points to human endurance, determination,
Perseverance, patience and hope, which withstand
Any adversity, however big it is, and never to lose
Courage and hope at any time in life, a lesson to all.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## IGNITE

The words to ignite the glory of love, too much to say
The magnitude of it, and to pacify the heart of it, to scale
High in the depth of the distress that has come before it
Kindles the light of hope in the hearts of millions, who are
Living in the depth of agony, the war makes; it is the heart
Loses its substance to disintegrate rather than regenerate,
With the illusion of not picking the truth of living together
Harmoniously, and living dangerously with filth to sink in
The depth of disaster, forgetting the great truth to love, not
To hate; the substance of life is, ignite the flame of love only.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## IGNORANCE

The big culprit of human fall, is his ignorance only
Man does many things offensive as he is ignorant
Of the art of living, many don't know the basics of
Life, they simply live according to the flow of life
They might know all about outer life, well versed
In making money, very good in their profession
But they don't know anything about inner life, the
Root, it's the problem today; the majority of crime
Done today is due to absence of knowledge about
The basics, the inner life; had they known a bit of
It, most of crimes won't have been done; calling for
The education of the basics, the inner journey and
The inner life, making everyone know, love is the
Best weapon, faith is the best shield for protection.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## IMMENSE

The ways of life would be immense but the paths
Are narrow, too much drift in them, I walk slowly
And gently to reach the haven at far, too much of
Enthusiasm I put in me, too much weak I become to
Scale the long distance, for too much strength I beg;
The well nearby, I draw water and I drank, energy,
Immense I get, immense the confidence I acquire,
The more I beg, more from above I get, immense the
Word of heaven, immense in my heart and plenty
From heaven; very little I own on earth, but plenty
I have in heaven, it is much more than what I need.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## IMPEDIMENT

Hindrance to the goodness arises and delivered,
The evil does it by temptation and man succumbs,
It is the big failure of man as well as the world, the
Goodness thwarted quite often, the big tragedy the
World faces, it is a sort of negativity that rules, and
Man has to fight with it, the positivity should come
With all flourishing goodness, then the world wins,
The success of the world counts a lot, man is to be
After goodness; search for it and find, it is what the
World should be, impediments should be thrashed.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## IMPETUS

The force with which, it comes in my heart
The flowers of soul in it, to adapt myself to
The glory of heaven; what I feel and what I
Think, is the prudence of what has fallen in
Me, the divine force works out, to make me
Sublime, with the strong enough adaptation
To the heaven, what I feel is the tranquility of
The mind, with which I am drawn to the depth
Of exuberance, that paves the way to the glory
Of God, and I'm nowhere to the agony of world.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## IMPRUDENCE

The way I go, I'm not looking down, looking up, forward,
Only, carelessness invades me, but one thing, I go after
The glow before me, which I found out years ago, after
Continuous search for decades, I just follow it, as it leads
Me through the thick and thin, I don’t have to look down;
Be careful on the ways of the world; but the confidence
Makes me imprudent as the impetus is something from
Above; I’ve the strong belief, it holds me so tightly always,
The heaven is drawn to earth, it is my feeling; I’m so close
To the impetus, I follow it every moment, nothing else, I do.

## INCREDIBLE

Inexplicable, indeterminate, the majesty that
Is crowned with the glory of love, and fetches
Multitude of craft of creation, touched by the
Incredible hands, to be elevated to heaven and
It brings surprise of wonder that is to occur on
Earth, God in disguise, in many forms, produces
Marvel of creativity and is bestowed upon few,
The inspissation of multidimensional, art or the
Achievement or writing or invention, where the
The glory of God is established in man, to instill
The greatness of Him, in a few, and confirm the
Presence of Him, a sign of his assimilation in the
Human hearts, to sing indescribable glory of Him.

## INSECURITY

World is full with chaos, and insecure at heart now,
What will happen tomorrow, nobody knows, and
Everyone is indefinite of his safety, very vulnerable
The human life, such a wavering in life, never thought
Of it yesterday, a wonder the life becomes, nothing
On earth can help one, such a situation never at all
In the post, human incapability exposed and proved,
Living becomes an uncertainty; the certain becomes
Only one, definite it is; build a fort around the mind,
Nobody to shoot at you, the fort is so strong to be
Pierced or to collapse, very secure inside, very calm
And tranquil, you are inside, never to look outside,
Concentrate on inside, a new vision you have, never
You had it before, the heavenly you have there, and
You communicate with the depth of silence, a very
New person inside, a new power felt, that give the
Strength to withstand, to endure, to stretch the heart
And mind to any extent, you enjoy the high security
Of life; what is the fort and what is the power inside?

## INTENSE LIFE

Very active and serious in life, you become, everything
In life so much important, nothing to slow down, doing
Everything meticulously; concentration, much needed,
Life becomes purposeful and fruitful, it is what everyone
Should be, intense in life, in everything; slowness can't
Compromise with intense thinking, run as fast as world
Is running, slowness brings you down; carefulness is part
Of intense life, the backbone of it; to bear, to withstand,
To forgive, are the products of intense realization, and
To love, and to be kind, are the qualities, resulting from
Intense understanding of life; awake from the sleep, and
Tighten your nerves, to stride and run forward in the busy
World, otherwise you are lagging behind with no support.

## INTIMACY OF LOVE

The siblings of parents, the child brother and
Younger sister together all the time, as parents
Are no more, intimacy of love bursts from his
Heart, to carry the sister close to his chest, the
Divinity of love makes him live for the younger
One, feeding her always, went on begging, to
Make her live pleasantly, sometimes he has
Nothing to eat, but everything given to her and
The love reached a new horizon when she was
Sent to the school and college with his sweat,
At last the marriage was arranged for her; the
Last, he was alone but joyous, contemplating
Hard work done all these years, the rare sense
Of contentment, it makes him richer every day.

## INVASION

The invader invades the innocent for the reasons,
The invader knows only, the world doesn’t know,
Many killed, many hurt seriously, the innocent in
Severe fright of death, hiding, the little ones praying
Together, heartbreaking is the tragic scenes, the
Sword has pierced through so many peaceful hearts
All of a sudden, the world is helpless to save them.
What about the invader and what has he gained?
Only torn land with blood streaming, and wounded
Hearts; what about his soul, it's bloodstained forever.

## LAUGHTER

Making movement and sounds of face and body
That are the expressions of amusement and at times
Derision; the theme of happiness mostly reflected
Outside, the better way to live, is to laugh quite often
The better conditioning of mind and body, a sense of
Euphoria developed, all parts of mind ripple, worries
To be thwarted, the immunity of body enhanced, and
Everything directed to better way of living, the positive
Outlook of living surpasses negativity and despair, man
Lifted to the sense of enjoyment, and experiencing joy.

## LIKING

A feeling of regard or the fondness for the person
Her figure, her hefty body, rounded face, her reciting
The poetry, an unseen, unknown, feeling of attraction
Subdue me with sense of appreciation and admiration
And sweeten my heart with sense of gratitude for finding
Someone so fascinating to my interior, notwithstanding
She is far away from me, her image is kept sacred in me
No dirt ever thrown on that, a glow that is seen with all
The purity, and excels in its capabilities to adapt with the
Fascination of my mind, with emptying of a lot of liking for
That image in silence, words of prayers for her well-being.

## LOVE FLIES

Unseen but felt deep, so beautifully, so magnificently
It flies in the horizon of tranquillity, divinity merges
With it, so much fascinating, it flies above all substances
On earth, nothing can touch it, it is beyond everything
It has two wings, the faith; love flies with the music of it
Music is played by soul, heart sings, within no time, love
Flies beyond the stars, reaches heaven and comes back
It can fly to any part of the earth in a moment, it fuses
With love only, inseparable love, it never stays on earth
It is always above that as it is too delicate, it floats, it is
Beyond the gravity of earth, it floats and it flies always.

## LOVE SINGS

Love beautifies heart, it sweetens soul, by its
Soft singing melody, the strings of love are so
Delicate, heart touches, music of love echoes,
The beauty of love, sweetness of love, felt so
Delicately, heart beats rhythmically, and soul
Pulsates musically, the heart and soul dance
Together with the music of love, so much of
Tranquillity in it, divinity in it, it transfuses all
Cells of body, energy emitted, the new phase
Of love flows incessantly, nature too dances
The clouds in the sky also sing and they rain.

## MERCY

Mind becoming so soft and flexible to accommodate
The heaviness of mind to retaliate but cools down to
Engulf the feeling of revenge, instead the tranquility
Of mind comes up, holds him backward to look at the
Person with the magnitude of forgiveness, telling him
Never do the crime again, don't think, it is my weakness
But I am merciful before God; the trueness of love exists
And the magnanimity of kindness shown, the heavenly
Goodness comes to heart, the dark clouds rain, truly man's
Greatness revealed, to condone, becoming compassionate.

## MINDFUL LIVING

Be conscious of what you are, what you were,
And what you will be, to sort out the defects
Pertaining to everyday life regarding what to
Do and what not to do, how to look at others,
How to look at nature; everything is possible,
So sweet it becomes, if little concentration given
To certain ways of life, a little change is needed
To divert mind in such a way, so as to be pleasing
To heart and soul, a wonderful way of living, to the
Mind, when little deviation is made for its diversion,
Most suitable for everybody, to be adapted freely.

## MINDFULNESS

You never collapse, never fall, and never succumb
If you have the will that is blessed by the Almighty
Very strong at heart you become, you fly over the
Adversities, never you touch troubles of the world
You can control yourself, the willpower so strong
It lifts your mind so smoothly over everything, the
Gentle breeze of calmness sweeps across you, and
Wonderful feelings you have, to love, being loved,
To endure, and to forgive, the feeling of God in you,
You fly very successfully over everything in the world.

## MIXED FRUIT JAM

The life's mixed with so many of elements
Who haven't met before they came, but so
Familiar now, they're one, mixed jam in one
Bottle, coated over the bread slices, so sweet
The fruit Jam, mixed to one, the different fruits
Together; grape, cherry, fig, pineapple, and date,
Form the wonder of sweetness; the elements
Of love, kindness, mercy, faithfulness, honesty,
And selflessness, crushed together, expelling the
Dirt, mixed with red blood, stored in heart and
They're one, flows to soul; the fruit jam is ready.

## MORALE

We stand erect like a rock with utmost confidence
And enthusiasm, to protect our country, no matter
Let death come, welcome it with a garland, we are
Not bothered about terror and horror, our nerves are
Steel-like, never bend or break, nation is our mother,
Protecting it from enemies, is our prime duty, great
Honor, we are united by our solid hearts, that beat
With songs of patriotism and bravery, blood is boiled
When we think of our country, each hair on body is
Raised with the love for our country; what a beautiful
Feeling we have now, fighting for our country is better
Than anything else, bravery fills our heart to retaliate.

## MOTHER

The sweetest remembrance in heart, soul is attached
To it, with transcendence of fragrance everywhere, with
Showering of heavenly from her heart, to love, to care, to
Nurse, even to die for the child; the epitome of calmness
And forgiveness, the real angel from heaven, flew directly
Into the hearts of her children; she is mother of everyone
As selflessness her core, helping hand to neighbors and to
So many she came across, the sweet memory, itself gives
Immense wealth in heart; she has gone years ago, but she
Is seen with heart every day, living with her memory is the
Sweetest ever, the great tribute to her, is to uphold always
Her ideals; becoming very loving, kind, merciful, and honest.

## MOTHER LANGUAGE

Sweetest ever like the mother's love, that transpires
The honey hidden deep inside in every word, mother
Tells, the golden tongue inside the soul right from the
Beginning till the last, beautifies the heart with garden of
Red roses, adorned and hugged with garland of golden
Words of own language, it molds heart to fit in with other
Languages, transformed in a manner with much ease
To speak in diversity of languages, to make the fruitful
Episodes of love and friendship with many different on
Earth, but the backbone is mother's words, never to be
Adulterated or spoiled, always in the heart till the last.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## MOTHER'S BLESSINGS

Heaven is drifted to earth, the sea of paradise
Flows in hearts, when mother blesses her sons or
Daughters, the electric current of it passes through
Their hearts and souls, burns and eliminates all the
Dirt harbored there, linked to the heaven, a new
Transformation takes place in children, as mother
Is the visible God on earth, her love is the honey that
Clouds in the sky and rains on earth and the depth
Of her love is beyond any comparison, mother won't
Die, living in eternity, looking at children, showering
Her blessings upon them, praying constantly for them.

## MUSIC OF FEET

Music at feet, rhythmically, gently, heard
When feet walk with the footwear, over
The floor with the sound of sweetness, the
Voice of earth echoes, with the amplitude of
Softness that brings joy to the feet to move
Move forward with so much of ease that the
Percussion note is absorbed in nature and
The nature dances with the music, the trees
Listen to it, the flowers and fruits sway in the
Gentle breeze, man to hear it and absorbs the
Sweetness of it, even the clouds darkened and
Rain leaving man to be sweetened in his heart.

## MYSTICISM, AN ABSOLUTE REALITY

Becoming one with God, the ecstasy with the spiritual meaning
Has its say on the whole body, diverted to the truth of mysticism
That transcends the specification of the meaning of the human life
With the input of obtaining the wisdom of transforming man to the
Godliness of heaven, with the attitude of scaling over the miseries
Of the worldly life, and ascension of soul, detaching itself from the
Grip of body on the earth itself, the blissful soul lifted to God, is the
Paramount delineation of the inner life, to be scooped to the total
Enlightenment of heavenly joy and is the culmination of the total
Faith in God, to be in the eternal life with blissful feeling of totality
Visualized vividly with open deep senses, making absolute reality.

## NEVER MIND

All is lost, the world says; all is with you, God says,
The feeling of the world is so depressive, but man
To know, losing is forerunner of gaining, without
Failure, no success; to correct, to concentrate, are
The dictum that is learnt; never mind for everything
Happened, whether good or bad, never lose the
Grip, hold on, the day will come definitely, success
Is yours; endurance, perseverance, to be developed
With the will to withstand any adversity that might
Come on the thorny path of human life; don't get
Agitated or depressed but straighten the mind to go
Forward in the agony, definitely your day will come.

## NURSES

The essence of sacrifice made on earth by a group of
Angels who fly sweetly into the heart of every sick, infuse
Sweetness in every wound, hold up the hearts of the sick,
Never let them go down and sink in agony, the wonderful
Act of pouring dew in the burning heart which nobody else
Could do on earth; the sense of sacrifice is so intense that
They carry even the excreta of the sick with their hands
Happily, the sick find, there is someone on earth to love
Them in the midst of their sufferings, the heaven works
On them through the angels, the agony is gone, wounds
Healed, and their hearts start singing the glory of heaven.

## OBSTINACY

Very dangerous quality of one to persist with own
Opinion or decision or course of action, despite the
Attempts to persuade to change it, the stubbornness
Or dogged determination, the person will definitely
Create problems that might have long- standing effect,
May be very adverse, in the society; if the person is a
Leader, his actions may be detrimental to the world,
The person may have mental instability, and he may
Resort to do very severe actions, he is not bothered
Of the consequences, it is a sort of sadism and people
Should be conscious of the hazards, when selecting
Such persons at top positions to govern the nations.

## PATRIOTIC BRAVERY

David fighting against Goliath, the leader of smaller
Country fighting against the biggest intruder, never
To surrender, never to flee from the country, though
Having offer from the richest country; leading from
Front, with open chest exposed, showing own people
To be with him as one unit and protect the country
Even if all of them are killed; the preparedness to die
For the country unheard of in the history, has boosted
The morale of the countrymen, with the fighting spirit
That has gone sky- high, facing the big tanks with the
Country made petrol bombs, confusing the enemies
With simple logical tactics; the patriotic bravery is the
Big star twinkling in the night sky with magnificence of
Beauty that will never fade, and inspiring billions with
A lot of courage, bravery, to withstand any adversity.

## PEACE ON PAPER

So much of peace on paper, on tongue; very beautiful
They are, stored at many places, beautiful to write, very
Charming to speak, very handsome to be accumulated,
Flowery they are, poets write a lot, so many ambassadors
Come and speak, so many dreams on peace, a heaven of
Peace built on earth, all the talks are on peace, beautiful
Word, it always floats, never lands on earth; but on earth
It is too weak to stop the intruder, utterly helpless before
War; now peace is the net product of countering nuclear
weapons with nuclear weapons; the most superficial peace
We have on earth; let us pray ardently for peace with spine.

## PEACE TOUCHING WAR

What for, the war is waged?
The innocent ask the question
What all have been gained?
Simply nothing, the answer
All is lost; precious lives gone
That can never be replaced
The wounds will never heal
Love is lost, hence the war;
Peace to touch war only when
Love lost, is regained and the
Realization, forgiving is the best
Weapon to wage the war again.

## PERCEPTION

Something seen, heard, smelled, tasted, knowing
Touch, are the duty of outer senses, the means for
Outer living, without these one can't prolong life,
Comprehension of knowledge, is done by the brain
But there is something more, unless it is realized
And acquired, life isn't complete, real perception is
Done by the internal senses which are usually hidden,
Covered by the passions and aspirations for worldly,
Only strongest faith in God, suppresses these, deep
Senses open and they do the deep perception, realizes
And recognizes matters above human comprehension,
Divinity, Godliness, the most delicate thoughts, feelings,
All handled by deep senses; the perception is complete.

## PERFECT HUMAN LIFE

To be perfect in life, the aim of every human being
But he doesn't know the truth, many don't have the
Vision to detect it, flourishing outer life is everything
Many think, but they are far away from truth; in the
Beginning, God created man in His own image, man
Moved away from God and dipped in evils, man to
Realize, perfection of life, is to go back to God and
Be with Him; the question is, how can it be possible?
It is by search only, the repeated searches, to find out
The truth, It is the dissection of the mind with scalpel
Of absolute faith in God, the dirt in mind removed, the
Soul is exposed; live by the guidance of the godly soul.

## POETIC HONEY

Thoughts crushed, the essence drips down, ideas
Fused together, the cream is extracted, emotions
Combined with tranquility, detoxified, all happen
In seconds, sweetness of heart and soul added to
It, all is together, mixed with fragments of wisdom,
The honey is formed, it drips into heart, so sweet it
Is, it blooms and the honey-based words come out,
Heart becomes full, it overflows, the words are so
Delicate, exactly like the gentle breeze, it is musical
Too, caresses everything in humans, the trueness of
It mesmerizes human mind, to be sedated, the poetic
Honey is sweetened truth, it fills each and every word.

## POETIC MAGNIFICENCE

Poetry is superior to anything, as it covers a lot,
The truth magnified, the truth flies in the horizon
Of love, mingled with it, a new chapter of love is
Created, love rules, love conquers, love perceives,
Love forgives, and love begs, a new phenomenon
Of making love everything, the backbone of poetry;
A big gulf between science and poetry, science is
An attempt to detect a fragment of God's artistry,
But poetry finds God and His mysteries revealed,
Science can't measure the truth in poetry; humans
Are absorbed in poetry by its wonderful, soothing
Power of conquering every heart and soul so well.

## POETS TO KNOW

The beauty comes in heart, fragrance in mind,
Heart yields, mind softened, honey drips down,
Fragrance spreads everywhere, brain sharpened,
A new well- being arises, melody of heaven heard
It echoes in the interior, melodious, life becomes,
A new trill, the impetuous to do, to write; words
Come fluently, words flow out incessantly from
Heart, writing becomes the skill of beauty, ideas
Bloom; all these happen, after eating two pieces
Of Dark Chocolate, minutes before writing poetry
As it stimulates mind and brain; study is needed.

## PROVIDENCE

Heavenly care to do, to withstand, to be preserved
Safely, to take necessary action at the appropriate
Time, the Good Samaritan at hand, the theme of
Loveliness spreads, kindness flows, such a world to be
Aspired for, all these happen when the love of God
Enters human hearts, otherwise not; selfishness to be
Expelled with the motto that serving others, is serving
God; loving others, is loving God; the attitude is to be
Changed to establishing glory of God on earth; then
Only the word 'providence' gets its meaning and the
Love and care, preserved without losing the potency.

## PURITY OF LOVE

The wonderful feeling that occurs spontaneously in heart
Is unknown, too simple, pure and humble; it buds, grows
And flowers; it is selfless, doesn't force anyone, it can't be
Artificially made, money or wealth can't buy it, no bar for
The pure love, it is confined to the heart or soul usually,
Doesn't come out, the intensity of it is indescribable, one
Likes to taste or relish the sweetness of it, the sweetest
Ever, it is not possessive, always thinking of the betterment
Of the other, even ready to do the sacrifice for the other,
But treasure of the rich feeling is in heart and soul forever.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## REPLICA

Goodness to be copied and reproduced in mind
Evil to be expelled, the motto of human life to be
It, copying the richness in the heart of good people
A music of soul, played in the heart to emulate the
Transparency of the dew, to be instilled or to be
Infused with the enthusiasm of loveliness and it is to
Overwhelm the heart with the clarity of goodness
It multiplies, sweetness of heaven brought to heart
Live with fragrances of roses, planted in every part of
The heart which pumps out the dark blood forever.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## RESILIENT

Working for the mind and the heart, to be softened
And elongated to recover quickly from the difficulties,
Toughness, and unpleasant situations; acting as elastic,
Elongated and coming back, the mind should be like it;
The usual mind is hardened with the aspirations for the
Worldly, it can't be moved or elongated and the person
Can't withstand any adversity; how to soften the mind?
Absolute faith in God suppresses the worldly aspirations,
The hardness of the mind is gone, it becomes loose and
Gentle, it can be elongated, acts as elastic, it is resilient.

Copyright © A Poetic Journey, Dr. K. K. Mathew

## REVIVAL

Infusing life to rejuvenate, to be more strengthened
Never to fall again, to be wise, to adapt much with
Situation, to be successful, learning from failures, a
Great lesson learnt, never to repeat the flaws, it is
What human life should be, even repeated failures
Lead to big success, but man should learn a lot from
The failures; revival means replenishment, transfusion
Of great energy, to withstand, to surpass, the great
Source of energy is from God, sharing everything with
God, He will take care of you and revival takes place.

## RIPPLES

Viewing the heart beating, the soul pulsating
The waves of music echoes everywhere in me
The blood ripples synchronously with the heart
Beating, the music of it also heard, it also echoes,
The transcendence of divinity vibrates, it emits
The energy to live, the melodious life continues,
The heaven kisses human heart, love flows in and
Out, it also vibrates, silence of heart murmurs, and
Golden silence is sweetened, music of heaven heard
World tremors musically, to accommodate heaven.

## ROME

Integral part of ancient history, Roman Empire,
Roman Republic, and Roman Kingdom, more
Than two thousand and seven hundred years old,
Roman civilization, the greatest in ancient history,
Ancient Rome, among the largest empires in the
World; with great military strength, it controlled its
Neighbors; twenty percent of world's population,
It had at that time and among mightiest empires in
Ancient world, evolved from monarchy to republic.
Ancient Roman civilization contributed to modern
Language, religion, technology, law, politics, welfare,
Government, art, literature, culture and engineering;
Such was the greatness of ancient Rome, the country
Gradually fell under the control of Papacy, in eighth
Century, it became capital of Papal States; with the
Renaissance, Roman city was made the artistic and
Cultural center of the world, the major center of the
Renaissance; great artists, painters, sculptors and
Architects created their master pieces throughout
The city; it has become the major tourist center and
Highly spiritual center with the Pope at the center;
Rome, the only name bringing literary, artistic and
Cultural taste and insight in hearts, highly indebted.

## SMILING AT ME

The truth revealed, I’ve many friends, smiling at me
Daily on both sides of me, on my morning walk, not
Humans, but they’re waving at me in gentle breeze,
They’re colorful, beautiful, kiss me by sending their
Fragrance to me, touching heart and sweetening soul,
They live in me always, driving out grief from mind,
Making me strong to withstand the agony that comes
In me daily; true friends, always bloom before I come,
And the trueness of love I feel in the morning only,
Greatness of their hearts, I felt; one day, if I don’t come,
Surely, they weep by not opening their petals properly,
The haziness of their hearts, I see the next day, such true
And everlasting friends are the flowers of my heart that
Bloom every morning; I’m sure they're sent from heaven
By my dearest one who is watching, caring for me daily.

## SMILING WITH HEART

Yellowness of heart picked, it blooms and smiles,
Reflected on the flowers outside, yellow in color,
Swaying in gentle breeze and calling the widowed
Friend of mine, on his morning walk; his heart picks
The great truth, his gone dearest one, in each and
Every yellow flower, smiling and waving at him; he
Stops for a while and smiling at her with his heart,
Reunion takes place, one here and the other in the
Other world; how sweet it is, simple amalgamation
Of smiles and souls together again in the pure form.

## SOLACE

The transformation of sufferings to the comfort, is
Great event in human life, pain is soothed, wounds
Start healing, heartbreaking avoided, torn soul dips
In coolness; all these happen in a moment, and quite
Surprisingly, the magic of soul that transcends man
To be lifted to heaven from hell, how does it happen?
Absolute faith in God does miracles, binding heart
And mind together with rope of faith, connected to
Soul, all three act as one unit to overcome intensity
Of pain and sufferings, soul drips honey into the mind
And heart, solace of divinity excels in humans forever.

## SONG OF DICTION

Words come one after another, so fluently on paper
The stream flows gently and incessantly, the poetry
Of soul, transcribed on paper, arranged so beautifully
The roses on the plants in the garden of poetry, in it
The bees of phrases, land on the flowers and suck the
Nectar of heart and fly, the words fuse together and
Form the song of diction, arises for the betterment of
The soul, infused with the charm and beauty of words
That soften the mind and heart with the music of the
Words, the poetry flows sweetly, the music continues.

## SPINELESS

Thank God, a possible third world war averted,
Not that I stress here, but the modality of the
Mind of the world, a true dissection of the mind
Is attempted, so much talk was everywhere, but
Very little done; yes very good for the peace of
The world, let us pray for it, the world should
Survive; the world fumbled before the pandemic,
Now the world fumbles again to protect a peace
Loving country, swallowing all the words given
To that country; is the world spineless to fumble?

## SPIRITUAL LEARNING

It is self- learning, getting the wisdom from the truth,
With it, search one after another, a continuous process,
Learning not by what others say, not by what the books
Say, it is you find out yourself, without anybody's help,
Learning step by step, you reach a level, then you go for
The next, the learning continues indefinitely, you get the
Concrete wisdom to know, to realize, truths one by one
There is no end to this learning, the only tool, you have in
Learning process, is one scalpel to dissect mind spiritually
It is the absolute faith in God; you scale to mountaintop
Slowly and gently and at last you reach the peak, that is
A big zero; you realize you are nothing, everything in you
Is God, now you have only one duty, just to follow God,
God does everything for you, you are only an instrument in
God's hands; what you learn, is thousand times more than
What the science says, the mysteries of God are revealed to
You, it is much beyond the science, it can't be measured by
The scales of the science; what a wonderful feeling you have!

## STUPIDITY

Lack of sense or judgment, blocks intelligence to grasp
The right matter, to brighten the everyday life, with the
Inability to recapitulate the normal sense, made foolish or
Useless what is done, it is the big advent of stupidity, that
Everyone should be aware of the gravity of it, and how to
Prevent, is the sense; knowing it, the dark side of the mind
Conceals the good sense, covering it for infinite period of time
And brings down the wisdom to nothing, the brain works out
But no sense comes out; uncovering the darkness of mind
And exposing the faculty of the sense to brightness, is the
Only way to rejuvenate the sense, and deliver; man can't do it
By himself, but by absolute faith in God, it works out very well.

## SUN SMILES

Sun is descending into the sea for the long bath
It is smiling, sending its golden rays through the cleft
At the bottom of the big hill, the light of love falls on
The seashore making it golden, yellow land of beauty
The soil there is very pleasant, it becomes a gold mine
The sand are made of gold, jewels glittering in the soil
Leaves of Palm trees flutter in gentle breeze, the roaring
Sea becomes calm and quite, wonderful is the land of
Gold, too much of enthusiasm in it, the sun descends
Completely in the sea, but the land is golden throughout.

## SWEETNESS

Pleasing to soul, delightful to heart, and awesome
To tongue, everything felt fondly, the most pleasant
Feel, so strongly felt in the body, heavenly attachment
To the spirit of man with transcendence of lively feel,
The magnificence of beauty melted to form the cream
Of love, felt as the divergent feel of sweetness, to pass
To the infinite generation of delightfulness, that may
Act as the melody of song, heard so deliciously, that is
The intimacy of love, felt differently by the senses of
The body, so much attractive, pleasing to taste buds
Of the tongue, that is perceived by the deep receptors.

## SWEETNESS OF SILENCE

Heart of heaven falls in me, with wonders of night
It squeezes my heart to soul, never comes back, stays
There and I hang on it with the delight of passion, with
Silence of beauty, to be attached to you forever, even
In hot sun, frozen skies, never lose the grip, but hang
In tranquility and purity, float in the horizon of love and
Becoming a dew, dissolved in the vast space of mystery,
Hide forever, to taste the holiness of love, to remember
And remembered, the nothingness of love but richness of
Heart, beating in sweetness of silence and holiness of love.

## TEACHER

The gap of illiteracy is approximated with the feeding of
Words inside, every attempt is made to fill the emptiness
With the sweetness of passing the food of knowledge slowly,
Very slowly, right from the childhood; the inquisitiveness of
Grasping something new, is made to develop, the great event
In child's life, the act of knowing, understanding, slowly infused
With the great event of learning developed, the wonderful and
Graceful relationship, established between the pupil and teacher,
An unbreakable link of love and respect, even adoration, to be
Glorified, the teacher is next to parents, the great passage for
Knowledge developed from the teacher to the pupil, it can
Transform the earth to the heaven of wisdom, for the pupils.

## TENDERNESS

Kindness and kindliness together, mixed with
Gentleness, the hardness of heart gone, the
Softness comes in, kindness and love oozing
Out, so much of looseness in heart, it beats
So gently, body always relaxed, gentleness in
Everything, music of love echoes, sweetness
Of love tasted, humbleness and kindness mixed
To form the greatness of heart, thinning of
Tension brings a lot of calmness, life becomes
Flowery, heart blooms, soul swells, fragrance
Spreads everywhere, magic of love showered.

## THE BRAVERY

The point of pride that glitters amid the darkness of today
Is the bravery in the truest spirit, the leader of the nation
And the people pledge, dying for the country, fighting till
The last, never succumb to the intruders, happiest to die
For the motherland, the morale fumes to explode, never
To lag, tighten every nerve to pound, the genius of bravery
Bombards, the truest instinct of loving the motherland with
Heart and soul, instills the glory of extreme patriotism, the
Blood boils, every hair on the body raised to wipe off all the
Evils invading the society, and the earth becomes heavenly;
The soldier blasting himself to demolish bridge, preventing
Enemy entering, what a sacrifice for the country, remembered
Forever with the sweet heartbeats, singing glory of patriotism.

## THE COLOR OF MIND

Trueness of mind with habituation of thoughts, make it
Purple, long wait for the feelings to come, make purple
The pale pink, the bad thoughts deposit dark spots on it
Too much of vacuoles in it as the thoughts disintegrate;
The feelings saddened or they become lovely, or make
The dip in happiness, the pale purple color with the dark
Spots, now made pale gray, with the sparks of divinity
On it, white spots deposited on it; but the trueness of love
Falls on it with streaming in and out, makes it a flame of
Tenderness and flexibility; the added colors in and out
Dissolved in each other, make the mind the whiteness of
Purity and holiness, that colors mind, over the black spots.

## THE DEPTH OF MUSIC

One's heart should go deep into the music
Not to the periphery, a different world inside
It's so delicate, rhythmic; exactly the heart
Beating in it, the rhythmical symphony, the
Soul joins, the tranquility of nerves puts one
Into the space of exuberance, one my fly in
The horizon of divinity, trueness of love felt,
What not, ascendancy to heaven, the soul
Touching it, vibrates the whole body with the
Blissful enjoyment, stimulating all elements
In humans, heart feels it better, not the outer
Senses, the inner world of music felt only for
Moments, but musical impact is thunderous.

## THE ESCAPEES

The dreadful came twice or thrice, visited many,
Kissed some of them, in fact it loved them so much,
Doesn't like to go away as its love is never ending
Too many of it can't live without love, it is known,
Love is dripping from it and it had to flee, and come
Again with rejuvenated energy to love again in few
Different shapes, an art gallery in it to specify mode
Of love to be given; and the escapees from its love-
Making, are keeping away from its hugging, they love
Their homes very much, they don't want extra love
From outside, they keep themselves isolated as the
Group of loveless, confined to them only, not to
Others, they don't exclaim their escapes but grateful
To the love from outside that keeps away from them.

## THE FEELING OF LOVE

Friend Mohan, how good he is, integrity is his core
Love is his cream, sincerity blooms in him, a man of
Perfection before God as well as others; but sadness
Kisses him always deep in heart, soul is torn, an art
Of gloom spilled inside, the salt of agony he tastes
Daily, dear one gone forever to heaven, dear one is
Stuck; he bears the thorns of heart, but takes it sweetly
As the sweetness comes from above in him, and the
Realization flowers to withstand, to smile; even his
Heart smiles, with honey dripping, fragrance spreading,
So grateful he is to God for converting deep agony to joy.

## THE IMPACT

What we have outwardly, what we see with outer eyes
What we hear with outer ears, what we taste with tongue
What we feel the touch, are simply nothing, but man can't
Realize it, and he is after it throughout his life, loving it and
Fighting for it; but the truth is, each event happening outside
Has its impact, the deep image of the sum of events, imprinted
In the deep mind of man, it is the real treasure, it is all what
Needed for the glorious life of man, nothing more necessary, the
Excess is absolutely a waste, without knowing it, man is so greedy
To grab the whole world, these inner images of outward events
Are the backbones of the inner life of man, the true human life.

## THE PASSION FOR LOVE

The mainstream of life, is the flow that pulls forward
Every moment of life, attempt to comply with that, is
The essence of life, without it, the life becomes quite
Boring, monotonous and even depressed; it is the tonic
Of life, it adds meaning to life; life gets a purpose to be
Materialized, the feeling is always there, it may be called
The hope, for what, the feelings culminate to the love;
The passion for love, makes man rejuvenated, the stillness
Of love crowns him, he inches toward the fulfillment of love
And the anticipation of it gives immense pleasure to relish.

## THE STORY OF LOVE

One can love anyone in the world, the hindrance to
It is selfishness; loving is a universal affair, and in man
Love is stored in soul, the soul is the greatest love on
Earth, it must be known, it’s tiny part of God, and godly
Love is stored in soul; loving is emitting of love from its
Storage in humans, the love of soul, the love at center;
It flows spontaneously, it’s what God wants, the natural
Flow of love; the rest is a reflection of love, at the center
But hindrance comes in; love's diverted to the body and
The flesh, love is getting diluted; it's the real story of love.

## THE WIND OF WISDOM

The glamor of soul, falls upon the heart of soul
The wind of wisdom blown across the land of
Sacredness in the mind, new phase of wisdom
Instilled in mind with the wind from heaven
True amalgamation of intuition takes place with
The phenomenon of heaven speaking to heart
The wind of joy sweeps across inwardly to heart
Nothing erratic, everything perfect, trueness of
Wisdom acts on human brain, God blesses truly.

## TO DISCERN

Great achievement in human life, to distinguish
Between good and bad, to recognize something
Beyond the reach of the outer senses, it is a rare
Feat, one must achieve, the primary aim of human
Life, God is brought in the human heart, the action
Of the Holy Spirit, where man sees and hears with
The open internal senses, when the worldly is gone
With absolute faith in God; visualizing everything
And acting accordingly, is a boon; God centered life.

## TO EASE MIND

Disturbed the mind a lot today, with terror and
Horror, the true nature of man felt, inhuman acts
And cruelty multiplied, but at the same time just to
Counter, the greatest patriotic bravery witnessed,
It cools the mind amid all heartbreaking news, mind
To be eased, forgetting everything so adverse today.
Concentrate on the mighty Lord, think, He is watching
Everything, entrust everything to the greatest judge,
He is to deliver the verdict, He will give the most fair
Judgment, it is His duty, not of ours, look at Him only,
Not at the world; tension is eased, mind in tranquility.

## VALENTINE SILENCE

Heart beats in silence, rhythmically and musically,
Only you hear it, nobody else, soul pulsates sweetly,
Only you hear the beauty of its music, silence is the
Communicator, silence is the companion, silence
Continues indefinitely, silence won't end, beauty of
Heaven drifted in it, it contains everything, it speaks
Everything, no cards or messages, heart speaks, soul
Tells, the wisdom of love, the truth of love, that you
Hold, everything in nothing, all in zero, wonderful the
Phenomenon of love, to relish, taste, sweetened the
Heart, exuberant the soul, I'm absorbed in the silence.

## VALENTINE SOUL

Love at far above, high up in the sky, above
The gravity of earth, in the space, enjoying
The sweetness of something that can't be
Put into words, only to taste, to relish, the
Cream of it, every now and then; the heart
Is sedated, the soul is active, perceives the
Love, transmitted from very far, beyond the
Seas, soul takes a flight, reaches there, in few
Moments, explication of the approximation
Shows the union of the two souls, beyond the
Reach of anybody, togetherness glitters, unity
Is crowned; gravity of earth has already brought
The bodies onto earth, the big letters of love are
Printed in the sky with new fonts 'valentine soul'.

## VIEWPOINT

The heart tells, the soul points out, only one point,
Be grateful and indebted to the love that created
The heart and soul, the real indebtedness, but man
Slipped down from the point, to deep valley, from
There he can't scale the height, he is really helpless,
Doesn't know, what to do, he is simply loitering in the
The valley with mines of gold and jewels, trying hard to
Excavate them, forgetting the truth, his root isn't at
The proper place, otherwise he is getting lost forever
It is the status of the present world, very hopeless.
Get elevated to the viewpoint, is the only solution,
How and what, the question; you build a big rope
Yourself and go up to the point, that you can; build
Absolute faith in God, to hold and to go up, you can
Move up slowly but with much difficulty, it is the simple
Punishment for slipping down, but you reach the point.

## WAR OF LOVE

The dew falling in the boiling water
Heat and fire invading the country
Enemy is bombarding everywhere
So many killed, everything perished
A soldier of enemies, is captured alive
A youngster, very hungry and thirsty
The mothers here gave him food and
Water, treated him like own son, they
Sent a message to enemies, if his mother
Comes here, they will hand over the son
The war of love to protect, not to destroy.

## WAR TO END WARS

Good sense prevails, better sense walks over
The anger, emotions detoxified, knowledge of
'Nothing gained' sweeps through, 'thinking of
Dear ones' glorified, speaking of the softness
Of mind, affectionate thought of own children
Comes in, all the dark clouds in the sky rain
Dew in hearts, a big relief in heart and soul,
Never jump into calamity again, the conscience
Urges; a sense of repentance, forgetfulness is the
Big remedy to be tranquil in heart throughout
Life, never to succumb to emotions, the decision.

## WORLD PEACE

The dream of everyone which won't happen at any
Time, until the greed expelled from the human mind
By absolute faith in God; no other shortcut for peace
In the world, ignorance a major factor, man to know,
Each and every human soul is godly, it is a tiny part of
God; loving man is loving God, killing man is killing God;
If the whole world realizes the great truth, man won't fight
With man, tranquility prevails everywhere, peace made
At anytime, anywhere in the world; absence of God in
Human heart, draws humans to inevitable conflicts and
Unrest; true love is gone, only artificial love is planted.

# A POETIC JOURNEY

DR. K. K. MATHEW

The formidable poetry book titled "A Poetic Journey" delineated by the prominent poet Dr. K. K. Mathew is a literary work of mammoth quality and enormous cadences. This book contains poems which are enticingly subjective, alluringly objective, exquisitely profound, elegantly beautiful, eloquently attractive, artistically well-versed, imaginatively contrived, aesthetically infinite and cobbled together and creatively enduring and endeavouring. Through the poems of this poetry book, Dr. K. K. Mathew introduced a new sensitivity to the world of poetry in an obvious and straight-forward manner.
