## PREFACE

Love Echoes is my 34th poetry book with 100 poems. These are mystic and spiritual poems dealing with the human inner mind. The capabilities of the human mind are exposed and what not to be done, is expressed. The book highlights the importance of the inner journey which is highly essential for everyone. The spiritual and mystical aspects of the poems take the readers to the sphere of divinity and godliness which is beyond the human thoughts. The book throws light on how to possess all the moral values in human life.

This book is a strong guiding force to bring the estranged man nearer to God. The reader will be motivated to live a righteous life. The exact mechanism of the long search and finding the truth, are beautifully described in the poems which are hardly seen elsewhere.

How to treat the ailments of the soul, is beautifully described here. Everything written here is out of my long experience covering more than four decades. Whatever written here is absolutely true. How do the internal senses of human beings open, are visualized in the poems. I fully believe that these poems can help the readers to lead a perfect life.

## **ACTUAL**

The theme of life distorted now, hard  
To find the actual, the genuine; life is  
Carried away by the flow of the unreal  
Commodities of the world, too much of  
Distress happening, and the earth is not  
Revolving on its axis, it is on somewhere  
Else, the genuineness can't be returned,  
It being a daydream, of course the sweet  
Memories of the past, a reward, so nice to  
Contemplate it; live with the genuineness  
Of your mind, sail with it over the unrealities  
Of the world, your heart won't be touched  
By the fakeness around, as God is glittering  
Inside your heart, the shining sweetens you.

## **A CHANGE**

The better form of everything is a change  
To live, to thrive, and to flourish; the old to  
Be gone, new to come, is the sign of victory,  
The stream to flow slowly and gently, murmur  
Of the flow is musical, ripples beautify water,  
The change, the movement, makes the water  
Purer and holy; transcendence of love along  
With water, the greatness of water enhanced,  
The continuous turmoil of pollution is gone,  
The transparency of water showing the image  
Of sun, makes the stream majestic, everything  
Due to continuous change in position of water.

## **ALLEGIANCE**

Only showing loyalty has become  
Principle of today, much above the  
Individuality, integrity, intelligence,  
Brilliance, and capability; it's just for  
The existence, or survival, unbothered  
About the final outcome, too much of  
Enthusiasm, or competition, for flattering;  
Quite undeserved at the top, deserved  
At the bottom, the institution decays, but  
That doesn't deter the tragedy of mind to  
Fetch disaster; "never mind, I must live only".

## **ALLIANCE**

An association or union, formed for mutual benefit  
Between individuals, or organizations, or countries,  
With strong attachments with each other, and an  
Aggressive relationship built in many ways especially  
Assistance and protection; the matrimonial alliance  
Make two persons fuse together, the heart and soul  
Literally become one, a union of magnificence of love  
With godliness in the bond, to be relished and tasted  
Together, is the wonder of God making two persons  
Of different identity as one, with the management of  
Adjusting to and acquiring the qualities of the other,  
The great phenomenon of unification to join with God.

## **AN ERA HAS ENDED**

Queen Elizabeth II, the grace of love  
Right from my childhood, has come to  
An end; she acknowledged receipt of my  
Three books, promising, she will read,  
Giving me the insight, the grace of love  
Will never fade; an apostle of love and  
Kindness, she has beautified the garden  
Of billions of young and old hearts, about  
Seventy years with planting of red roses  
Without thorns, and mesmerizing everyone  
With the sweetness of fragrance, she  
Has become part of every home, the  
Beautiful face has instilled the nobility  
Of life with magnificence of eternal joy.

## **ANNIE ERNAUX**

The Nobel Laureate in literature 2022  
The old age woman with marked wisdom  
A genius with greatness of intellectual beauty  
The great traveler on the human relationship,  
Her clinical acuity and courage are very unique  
She is the queen of the personal reminiscence,  
She uncovered its roots, and interconnections,  
Great inspirations one gets from her attitude,  
Way of thinking, formulation of ideas, emission  
Of thoughts into words, and keen observations;  
Her long experience formed the backbone of her  
Work, and her old age enriched her philosophy of  
Maturity, deep thinking, and the finest exposure to  
The dissection of truths; all these made her so great.

## **BEYOND THE APPARENT**

As far as I know, I see, I'm satisfied  
Apparently, everything normal and  
I believe that; the majority is like it,  
What I know is correct, and nothing  
Beyond it, the apparent perception;  
But realize it, an ocean beyond my  
Reach and that of everybody, human;  
Search, the instrument, inquisitiveness  
The dictum, try to break the strings  
Around one; go to the realm of the  
Widespread realization, the wisdom.

## **BLACK MAGIC MURDERS**

The other day, two poor women were found  
Butchered and buried months ago in Kerala,  
India, for a black magic ritual purported to  
Bring economic prosperity to those invoking  
It; the couple, the two among three who did  
The brutal murder were reported to be very  
Nice people by the neighbors, but very greedy  
To amass wealth; they were easily trapped by  
The third person who conducted the ritual for  
Immense wealth and prosperity, the couple  
Was made to believe, by killing the two, they  
Will become so rich; the humans are vulnerable  
To believe false notions as they are lacking God  
In them, everyone to realize, God only gives the  
Wisdom to know, what is right, what is wrong.

## **BOAT RACE**

The attitude of mind, thrilled with the fascination  
For the competition, to be adorned with the cream  
Of happiness, that dwells with adventurism; human  
Bond of attachment, swells with the blooming flowers  
Of winning the race, to have it in mind and soul, the  
Excessive desire that transforms the mind to volcano of  
Exuberance, to be dealt with the highness of energetic  
Power, to float on water, and oar the country boat with  
Everything in mind and body, to ride the boat as fast as  
Possible, along with the mighty effort of friends who are  
The co-riders; the enthusiasm at its peak to conquer the  
World with the matter of retaining the idea to win always.

## **BRILLIANCE GRIEVED**

A man of wisdom, illuminated with brilliance  
Can't be conquered by anyone with words, or  
Thoughts, hasn't harmed anyone, his words  
Are flowers of joy; a personality with dedication,  
Sincerity, and strong willpower, loving in nature,  
He is very much useful to the society and nation,  
Everyone is proud of him and he is described  
As an asset to the nation; he is contesting election  
For leadership in a democratic way and he came to  
His home state for support from the leaders and the  
Workers of the political party to which he belongs;  
The leaders all kept away from him with the thought,  
If he comes to the top, their survival becomes risky  
As they all stay at the mercy of somebody else and  
The loyalty shouldn't be disturbed, efficiency isn't  
A criterion, but the loyalty most important; the man  
With all capabilities stunned, his brilliance is grieved.

## CHRIST COMES

I'm in a shambles, heart is weeping  
To see and to read the mourning of  
Ukraine; their tears, the bloodshed,  
The cry of women, infants, and children,  
Killing and burying the bodies, all these  
Suffocate me; what for all these done?  
Is it to annex the motherland of others?  
Don't you have children, dear and near?  
What have you gained from the massacre?  
Simply nothing, I say, it is the great truth  
Nothing, nothing, nothing, and nothing;  
Of course, Christ comes so soon to save.

## **COMMUNICATION**

Convergence of ideas to each other  
With mingling of heart together, even  
The soul together, more the exchange  
Of words with one another, the flow  
Of understanding through the pipeline  
To and fro, the amplitude of the passage  
Of skills and notions in and out, could be  
The infusion or transfusion of so many  
Information into amalgamation of the  
Ideas with the input and output together  
Or the reflection among many with the  
Aptitude for talking or whispering with  
One other, the wholeness becomes one  
And the same, everyone is kept informed.

## CYRUS MISTRY'S DEATH

Even the latest Mercedes- Benz costing many  
Millions couldn't save him, he was thrown out  
To tragic death, overconfidence not made him  
Tie seat belt, carelessness didn't inflate airbag,  
Man has gone forever; what for the billions kept?  
Money won't help, neither the massive wealth,  
Never the luxuries, nothing could be taken with,  
What for the fight to possess power or position?  
Not even a second needed to be finished off; to  
Reckon with, human life is quiet unpredictable,  
Blown off any time; living for others, is the lotus  
Blooming with grace, always following the sunrays.

## DAUGHTER

Many prefer to have a daughter than  
A son, daughter's love is something so  
Special, indescribable, a heavenly touch,  
Son's love is only near to it, many feel it;  
Daughter is the real nurse for the ailing  
Parents, looking after them like an angel,  
More than a hospital nurse, the miracle  
Of love delivered, a fantastic printing of  
Heavenly goodness on the wall of every  
Home, the magic touch of love, soothes  
The grieved heart of every father and  
Mother, a trustful interlocutor for solving  
The problems that might arise in home;  
The angels nurse and guard their parents.

## DEDICATION

Devotion to the task, the purpose, reveal selling  
Oneself to the propagation of what is to be done  
With all might and will, which is not diverted to  
Anything else; total absorption in the work, and  
Running like electric train with the energy getting  
Continuously from the self- determination itself;  
It's the continuous paramount of life, serving the  
Aim of life, as God intends such an effort from man  
And man to do it with perfection; it's the trueness  
Of life, the matter of really worshipping God; if such  
Effort done by man, the transcendence of godliness  
Exists everywhere, there won't be any laziness to be  
Experienced, the society develops, the country will  
Flourish, the matter of goodness everywhere, and one  
Toiling hard, will definitely pay off; the other day at  
Bengaluru, a surgeon got out of his car and ran three  
Kilometers to escape the traffic jam and do the surgery  
For the sick patient in time, the marvelous example of  
True dedication to one's own task; it's the real worship.

## **DISPERSED MIND**

Mind goes to different direction at a time  
Totally different mind changing course from  
The normal one within seconds, quite strange  
And unbelievable, very difficult for others to  
Handle; the divergent personality in a normal  
Human being, coming out at times, is a matter  
Of abnormality in an otherwise normal person;  
It is a matter for careful study, projecting depth  
Of instability of mind that traverses the erratic  
Signaling of persuasion of mind from the normal  
Stature of it, with the outcome of lack of stability.

Copyright © Love Echoes, Dr. K. K. Mathew

## **DISSIPATED**

To disappear or cause to disappear all the  
Hard feelings, I have for you, the ill feelings  
Vanish one by one, mind soothed by delicate  
Thoughts that float there with the tinge of  
Forgiveness, which brought down the grudges  
That had pricked my heart and even wounded  
But the more time taken, is a blessing that I  
Could realize, there is no point in keeping the  
ill feelings with me as I got suffocated and no  
Consolation of mind, it was experiencing heat  
Every moment; the floating delicate thoughts  
That have come, overpowered all the hard and  
ill feelings, I have for you, now I'm free from the  
Undue tension; the open- mindedness tells, I have  
Forgiven you, the hardness of mind has dissipated,  
And a fresh beginning, the plants of roses with me.

## **DOG LOVERS' CRY**

Rabid dog bites, the great menace in Kerala  
Now; stray dogs multiply rapidly, man finds it  
Hazardous to walk on the public paths and the  
Street, many die of dog bites even after taking  
The vaccination; not commenting on it; effective  
Control of the stray dogs is the urgent need of the  
State, but the dog lovers' cry weaken the measures  
Taken for control of the street dogs; many of lovers  
Travel by car only, moreover they like very much  
Eating the flesh of goats, buffaloes, and bulls; but  
They are overwhelmed by deep love for the stray  
Dogs, not bothered about many dying of dog bites.

## **FACE**

The brightness of God, masked by the elements  
Of the world, still glowing the very dim light, that  
Could be visualized more behind the screen, in a  
Way to lighten the darkened world to some extent  
So much so, the earth is revolving, the great skill of  
God is still continuing as the love of Him is eternal  
Not with standing the utter disobedience of humans  
Still He glows in the face of man and woman, woo  
To disperse His love everywhere, where personality  
Is claimed by God, man only the outer covering, the  
Great miracle, that infuses the depth of glory in man.

## **FIGHTING SPIRIT**

Not in a hostile way, but on a happy note  
A contest, in healthy way, a man of wisdom  
Does, fighting not with the aim to win the  
Race, but to expose, project, the faults that  
Hamper the growth of the institution, also  
To speak loudly, serving the youth and ordinary  
Workers and make them actively involved in  
The functioning and growth of the institution,  
It's the inspiring way of kindling hope in every  
Heart, to stimulate the input of energy in all.  
It is a matter of awaking the stilled hearts  
Rather than winning the contest; it's a great  
Phenomenon new to the society, and to be  
Learned by everyone; the great awakening!

## **FLOOD**

Earth may die of water  
It evaporates, going high  
Comes back with velocity  
Engulfs the land with fury  
The waves high up in sky  
Come down with a bang  
Whatever man did, buried  
Deluge, tsunami, score high  
Earth will be undermined  
Hold the climate, treat it  
With utmost care, don't  
Neglect it, earth to survive.

Copyright © Love Echoes, Dr. K. K. Mathew

## FOR REALIZATION

Knowing the truth very deeply, a must,  
We know all about the worldly matters  
We are the experts, knowing everything,  
Man is after it, for amassing the worldly  
Wealth, for enjoyment with the worldly,  
Do we know of the enjoyment beyond  
The worldly; surely it is there, hundred  
Times more than the worldly; if man knows,  
Will he run after the worldly and its total  
Enjoyment; the answer is, certainly not.  
When the world and the worldly gone in  
Man, with intense faith in God, the world  
Of soul opens, it's visualized with the open  
Internal senses; the beauty, the happiness,  
And the enjoyment, many times more than  
What the enjoyment given by the worldly.

## GETTING OLD

Crown of human life to be bestowed  
When covering most of the life on the  
Earth, in a way showing the greatness  
Of life, the majestic look inside, although  
Oldness outside, but a clear heart, and  
A solid soul, which cost more than one  
Thousand jewels, to be studded on the  
Top of the soul of the person, definitely  
In the other world, their worn out bodies  
Merge with the soil, but they are at the top  
Forever in the form of their cream, the soul,  
A great truth, everyone must realize, must  
Know the inside of them, not the outside,  
The old one, they are on the verge of the  
Separation from this world, going to the  
Realm of glory; love and respect given to  
Them must be doubled or trebled, as they  
Are the real heroes, waging the real wars  
On the earth against all the untowardness  
And the adversities, to become champions  
Of the world, flying to the thrones in the  
Afterlife, sitting with the jewels and glory.

## **GLORY**

High renown, or honor, bestowed on anyone  
For achievements, the custom of praising; not  
Knowing, it is the gift of God, one becomes so  
Intelligent, or brilliant, as a matter of fact, the  
Glory should live above, this realization only  
Makes the person more useful to the society;  
The genius is, God working on man, the cream  
Of his work belongs to the unseen God, who  
Blesses everyone, but only a few make use of  
It, they get the ability of becoming outstanding  
As they really work on it; glory belongs to God.

## **GOD IS TALKING**

God is talking to man, but man doesn't hear it  
The excessive passions and aspirations for the  
World and worldly block it, nothing heard and  
Visualized internally, the plight of the humans.  
How can the block be removed, one might ask  
It is by intense faith in God, the block removed,  
When the world and worldly removed, the deep  
Senses open, then one hears the words of God,  
One feels and tastes God with the deep senses  
It is the intuition, the communication with God.

Copyright © Love Echoes, Dr. K. K. Mathew

## **HALLUCINATION**

May be mental derangement, or under the  
Influence of drug, an experience in which one  
Feels, sees, hears, or smells, something that  
Doesn't exist, a projector of outer feeling, not  
The inner one that has no divinity attached to  
It, meaningless feeling of transient perversion  
Of life that has no truth behind, a silly way of  
Outward feeling, it mixes with unimaginate,  
Spontaneous, notion from malfunction of the  
Faculty of mind, which is proved to be unreal.

Copyright © Love Echoes, Dr. K. K. Mathew

## HEART DAY

The day of picking heart with love  
Love makes heart to work and supply,  
Blood is Love only and love is dark red,  
Red rose with thorns prick and love drips  
Love encircles heart, love preserves heart,  
Heartbeats are musical, they recite poetry,  
Poetic heart nurses human mind and soul  
The heart blooms, open red petals of love,  
Poetic depth of heart to make life, poetry  
So much love needed for the heart to beat  
That works round the clock for human life.

Copyright © Love Echoes, Dr. K. K. Mathew

## HEARTINESS

The cup of coffee is hot, steam above  
Quite pleasurable to drink the warm coffee  
Sipping little, little, the pleasantness of heart,  
The warmth in heart brings forth the richness,  
Silly, silly, quarrels dissolve in the warmth of  
Heart, and the low heat expels enmity forever  
Wonderful insight given in every heart to beat,  
Warm the mind always, heartiness to everyone,  
Ice cold coffee, I don't want, it causes sore throat,  
Heartiness and warmth mixed together in and out.

Copyright © Love Echoes, Dr. K. K. Mathew

## HIS GRACE

It's more than anything in the world  
Including the billions; the billions give  
A lot of worries; and the mansions, a big  
Burden; the luxury cars costing millions,  
A headache; the man and the woman  
Are with undue tension and disturbed  
Mind only throughout their living on the  
Earth, never they get any peace of mind.  
But His grace is much superior to worldly  
Wealth; the everlasting one and the most  
Durable wealth, always with man, it never  
Decays, it increases day by day, it instills  
Peace, happiness and prosperity forever.

Copyright © Love Echoes, Dr. K. K. Mathew

## HOW GOD HELPS YOU

God descends in your heart, hearing  
Your plea; filled in heart, takes your  
Heart high up in the sky, above the  
Gravity of the earth; all in thoughts;  
You enter the space, it is a vacuum,  
Your heart floats there, no air of the  
Earth there, the heart gets elongated  
All the worldly passions and aspirations  
Expelled from heart, it comes down to  
The earth, but it floats as no heaviness  
Inside, it floats above all the troubles  
And sufferings of the world; no worry,  
No despair; peace and contentment,  
Never goes below the earth, heart floats.

## HOW TO LIVE TODAY

Close the mouth, heart to be stilled  
Never look around, only one place  
To be looked at, that is the 'above',  
Other places are so hot, they burn;  
Never look for justice on the earth  
As injustice everywhere; don't look  
For principles as they are adulterated,  
Better not to write more and explain.  
Don't get excited, agitated; don't react;  
Never to complain; blind eyes and deaf  
Ears everywhere; make the heart, mind,  
And soul, still; always look up and above,  
Involuntarily you do something so good.

Copyright © Love Echoes, Dr. K. K. Mathew

## **HUMANNESS, THE SUPREME**

Loving the depth of humanity, the best,  
Much better than the outer superficialities,  
Than what others say, what others guide;  
Broken hearts to be fixed, wiping the tears  
Of the wounded, are soothing the soul of  
God; the broken hearts are picked by God  
And placed close to His chest, and infused  
With the heavenly bliss, one day; whoever  
Leaves, God never abandons; one's own  
Misery blooms, the humanness triumphs,  
The integration of success lifts the morale.

## **IMMATURITY OF THE YOUTH**

Excessive hormonal display makes the youth  
Most worldly; the world and worldly everything,  
They can't find the sphere beyond the worldly,  
They feel, worldly wealth supreme, sex so high,  
Falling in love, is something fantastic; they don't  
Know, these are immature feelings which aren't  
True; only the realization and deep insight, can  
Instill wisdom that holding the worldly is a folly  
In the long run of the human life; and everything  
Except God, is really a waste; finding God is the  
Primary aim of human life, one should look at  
The world only through God, the world looked  
Entirely different, it is the real world; live in that.

## **IMPARTIALITY**

Sticking on the neutrality, is winning the life  
As pressure from all sides, to be at center is  
Difficult; sticking on the point of fairness, is  
The truth of life, only very few keep it, but the  
The majority influenced by the worldly benefits,  
Live for the outward comforts, is their principles,  
Very flexible their bodies, bending to any side  
So many times, and changing their colors so  
Frequently, the earth is round and is revolving  
And 'His Master's Voice' is heard so often, free  
Thinking a rarity, blindness to the truth is so  
Frequent; sticking on impartiality, irrespective  
Of whatever adverse, the consequences, should  
Be the core of one's life, that shouldn't change.

## INDIVIDUALITY

The quality being, he is and he will be,  
In the long run of life, the quality of  
Him or her showered fragrance, their  
Identity being maintained, nobody can  
Steal it; stands as tower of magnificence  
With reference to ability, quality, power,  
So much so, the person can glitter with  
The great feeling of something new has  
Been done among all the others with the  
Contentment blooming; never masked  
By the deeds of others, never mixed with,  
Projection of own personality, marks the  
Significance of exposing the quality of one's  
Own integrity and personality, in reality.

## **INFANT**

Trueness of purity brought down to earth  
From heaven through the angels of love  
Where the holy love is deposited on the  
Purity, to form the tiny human of God who,  
The condensation of purity, godliness, and  
Love, that transpires the emergence of the  
Culmination of the mysteries of God from  
The womb of mother; the tranquility of love  
Steps on the earth, the pure love grows as  
The true representative of God to enhance  
Love with purity and to bless the whole world.

## INNER JOURNEY

Light to follow, magnificence of one's  
Life, not the outer but the inner, the big  
Challenge to the humans, many didn't  
Know it and many have no time to think,  
The complexity of life has masked the  
Great truth, hidden in the depth, one  
Has to unearth it, the primary aim of life;  
What transpires is the unflinching faith  
In God with the total surrender to Him,  
How many could do it, only a very few,  
The one has to walk on a thorny path  
Full with big rocks and sharp stones,  
Extremely difficult to pass through the  
Obstacles, but the strong faith in God  
Lifts the traveler above all the hurdles,  
The more one jumps over the hurdles  
The more his faith gets intensified and  
The faith becomes unbreakable, then a  
Wonder happens, the human passions  
And aspirations for the world and worldly  
Gone, the passion for God only developed,  
His internal senses open; he sees, hears  
With them only, now the person reached  
Destiny, he is in the new world of soul  
Where he feels, tastes, and relishes, God;  
The inner world is so delicate, tranquil, and  
Holy; the greatness of it is indescribable,  
Man has only one duty to do, it is just to  
Follow God; outside, worldly sufferings but  
Inside, heavenly joy; how many can realize it?

## **INSTILLATION OF POSITIVITY**

Mind down or up, the phenomenon of  
Mind going high or low, is implacably a  
Drastic change in the structure and often  
Function of the mind with acclimatization  
To the surroundings and circumstances;  
The nullification of adaptation of mind  
Leads to depression and lowering of the  
Function of mind, probably one can think  
It is a disruption of the ionic exchange in  
The mind, an imaginative hypothesis, it is;  
Continuous attempts to the instillation of  
Positivity in mind, will definitely pay off with  
Elevation of mind, when the tendency to be  
Down; a matter of great benefits to humans.

## INTIMACY

Two birds on two different trees  
Communicate through air, through  
Heart, through feelings, a gulf between  
Them, so close in mind, no broken hearts.  
The man and the woman, united in mind  
Only, a matter of common feelings, and  
No untoward thoughts of heaviness, but  
Thoughts very light, floating over mind  
On matters high up, like the godliness and  
The welfare of the society, the universe as  
A whole; not about matters low- down  
Like the body, enthusing body, which they  
Consider much inferior; it's the great truth,  
Which many don't know; the two reached  
The clouds, sail with them, never fall down.

## **JASMINE FLOWER**

White clouds here in the darkness around  
The premises, too much of fragrance in and  
Out, the dearness of love falls on me, and the  
Richness in me squeezes my heart to beat  
With the glory of you and the vision on you  
To amalgamate with the beauty of you and  
I sleep with the memory of you, I'm lifted up  
With you to the kingdom of love where it is  
You play the music and I enjoy a lot to dip in  
The effervescence of happiness, you are the  
Angel in heaven along with the other winged  
Women, singing and dancing to amuse God.

## JOY

For each and every matter we come across  
There is an element of joy hidden in it, but we  
Don't find it, the root cause for all the worries,  
There is joy in the adversities, tribulations, and  
Pain; may be a matter of surprise to everyone  
But the simple joy hidden, is a great truth; you  
Shouldn't be subdued by the gravity of sorrow  
But try to uplift your mind and thoughts above  
That, the optimal point of consolation, that is  
Much above the worldly thoughts and feelings  
Which might have hurt your mind badly; even  
The simple attempts to uplift the mind, gives  
You comfort which can turn to joy, the feeling  
Of godliness, the heaven descends to each and  
Every torn mind where one has tried to uplift it.

## **KINDNESS**

To be in, the cream; to be out, the waste;  
Exchange of blood takes place in heart all  
The time, the pure is in and the impure is  
Out, the phenomenal entry and exit, and  
It is all through humans; modification of  
Love turns to extreme tenderness of the  
Heart exhibiting the modesty of love, the  
Tender kindness, ability to accommodate  
The input of others' miseries and needs,  
Especially of the poor and downtrodden  
In a way, believing that it is the right way  
Of serving God and instantaneously acting  
To accomplish the spontaneous form of  
Helping them, the trueness of love and its  
Expression to others in the heartiest way.

## **KISSING THE SOUL**

Absorbed in the depth of the vast sea  
Of the soul, transparency and tranquility  
Caress my heart to be twinkled with the  
Soul, and my mind moves so close to the  
Infinity of love that transcends the horizon  
Of the soul; the soul of the tree, that stands  
In front of my home, the companionship  
Of having the rapport, my heart has with  
The soul of the tree, the real kissing of the  
Two each other, in the holiness of thought  
That has made me fused with it, the unseen  
And the indescribable image of the delicate  
Thought, encircles me and the tree forever.

## **LAL BAHADUR SHASTRI**

Let the new generation know him,  
Learn, what a great politician was he  
An epitome of honesty, sincerity, and  
Selflessness; the symbol of hard work,  
Commitment, and dedication; always  
Very simple and humble; rising from  
The bottom, he reached the top, the  
Prime Minister of the nation, giving  
The moral values to every heart, he  
Lived for his country only, at last he  
Died for country; let everyone open  
Heart and realize how to live like him.

## LOVE ECHOES

Whimsical hardened, so soft inside  
The typical way of living, so hard to  
Believe the nature of love, too small  
The measurement, the echo of love  
Too ardent in nature, so mesmerizing  
The heart of love, input from heaven  
Soulful the delicacy of it, attachment  
To anything that attracts, the mode of  
Love impedes the disturbances that  
May come on its way and anticipates  
The goodness to come always, and it  
Hasn't turned and won't turn wrong.

## LOVE LETTER

Heart is here  
Soul is there  
Body faraway  
Love floats  
Can't fly, nor sail  
What to do?  
Paper is here  
Pen in front  
Put heart on paper  
Hard to get soul  
But still managed  
Body heavy to be put  
Touched the love  
Wrapped and sent.

## LOVE NOT SHATTERED

Amazing the ways of love to proceed to  
The agony of love, not filling the extremity  
Of love; but to move on with pacification  
Of the twisted heart, and occupying with  
The magnificence of love, can't be subdued  
But warmed with throbbing, never to be  
Decayed but replenished with the warmth of  
Heartbeats; too much of endurance needed  
To stretch love to the maximum, becomes  
Flexible, never to break its fibers, manifested  
As flexibility, coming out with forgiveness,  
Tolerates anything adverse, and never to get  
Excited, emotional, be calm and cool all the  
Time with modesty of love, the tender heart  
To forget anything against, and love to survive.

## LOVE OF THE OLD

Draining out the physique so much  
The thoughts and feelings fade a lot  
Worldly and the body lessened more  
Thoughts go never after the worldly  
The love fumes inside with no reach  
Can't touch it, but relish it and taste it  
So sweet, so potent, than it was before,  
The main food they have, the sweet  
Memories, honey is dripping in heart  
Soul sweetened with tasty refreshment.

## LUCK BREAKS THE HEART

Anoop, an auto driver who has won the  
The Onam bumper lottery of Rs 25 crore,  
The other day, is now in tears, he regrets in  
Winning the bumper prize, people besiege  
His house seeking help; nobody believes  
That he hasn't got nearly half of the prize  
Amount which is due to him; the family is  
Suffocated, they are trapped in the house  
By the help seekers, even at night they are  
Around the house; people storm wherever  
Anoop goes, he is thinking of shifting to some  
Other place to breathe freely; huge amount  
Of money comes but that has put him in deep  
Trouble, friends and relatives are becoming his  
Enemies, he is isolated from the society and he  
Is pushed into a sort of prison for the rest of  
His life; living with peace and contentment is  
The biggest wealth, then one can breathe freely.

## **MAJESTIC**

An impressive quality, style, or appearance,  
Marked as stateliness, with a royal look, so  
Calm, gentle, but very strong and energetic  
Look in face, head looked elevated to skies,  
It seems love is flowing from heart, kindness  
Glittering inside, the nobleness with output  
Of magnificent sense of determination, never  
Wavers in life, always firm like a rock, usually  
To the point and with the point, never hurts  
Anyone, but the look is enough to conquer.

## **MAN IS GOD**

When the dirty covering of man  
Removed by intense faith in God,  
The spiritual dissection of the mind  
With faith is attained, worldly gone,  
Internal senses open in everybody;  
See with them, interior of everyman,  
Woman; tiny part of God deposited  
In everyone; masked by the worldly,  
Spoiled by it; it's the man and woman  
We see with outer eyes; a great truth.

## MEMORIES OF THE PAST

A good lesson, a good book, moreover  
The best teacher, and you become good  
Student of today; the arena of life where  
You read and relish the incredible ways of  
God, you had been led, the great mercy of  
Him, make you weep; the tears of joy and  
Pride, bathe you with calmness, determination,  
And hope, to overcome the errors that had  
Crept in the path to the destiny; the roses  
And the thorns, equally enthuse the attitude  
Of mind which goes on for transformation in  
Totality, a new era before with roses without  
Thorns, and the new attainment of humbling  
And simplifying oneself before the fountain  
Of God's love, in the act of living together, to  
Face the mysteries of the quite uncertain future-  
Life ahead, with self-reliance, and allegiance  
To the Almighty, to have His guidance always.

## **MODERATE**

To be moderate always, the best in human life,  
Moderate in living, is merging with the originality  
And simplicity, mixed with nature and living with  
It, a fundamental right of humans, having gifts of  
Nature; drinking pure water, breathing fresh air,  
Eating the natural food, walking by foot; living in  
A moderate house without any luxuries, is living  
With multiple pleasantness, with blessings of nature,  
Thrilled with the joy of heart and joy of soul, feeling  
The caress of God; to be with God and with nature.

Copyright © Love Echoes, Dr. K. K. Mathew

## **MODESTY**

It's a godly nature, imposed on humans with  
The divergent quality of not expressing, not  
Thinking of, own great qualities and abilities  
To soothe everybody's mind with magnificence  
Of simplicity and humility, thinking that, to have  
These qualities, the greatest on earth, and having  
Access to others, to love, to be compassionate  
To everyone coming across, with magnitude of  
Unassuming nature, with respect to others, even  
To the poorest, by caring and nursing them with  
Heart of consolation, an act of godliness on earth.

Copyright © Love Echoes, Dr. K. K. Mathew

## **MOM**

Transcendence of love to its extreme  
With the sense of sacrifice, the love  
Next to that of God, instilled with its  
Perpetual height, amalgamated with  
Temper of agape, living for the children,  
The angel of holiness with love, twilight  
Of forgiveness, the meticulous form of  
Indebtedness, the caress of consolation,  
Even thought of her presence till the last,  
Each breath is hers, and the whole life is  
Pivoted on her, the sweet remembrance  
Of her golden life is enough to lift one  
From the deep pits on the path to destiny,  
Flash of the light from her awakes everyone.

## **MONOPOLY OF LOVE**

Love, the mighty, and sturdy warrior  
Conquers, never lets down and never  
Subdued, too enthusiastic, overpowers  
Everything, too much of it downs always  
The oppositions and obstacles; adversities  
Softened, mileage of love fastened to be  
Perpetuated, love hastens its potency and  
Darkness lightened, sun comes up with all  
Its bright rays, transparency of love is very  
Much reflected, love warms the heart and  
The soul, warming the coldness, the snow  
Melts, it welds and the components united,  
Becomes a mediator and conductor for any  
Unification process, simply the most superior.

## **NOBODY IS GUILTY**

No one to err, no one wants to err  
Then why do they err, the question  
Everybody wants to be so righteous  
But they can't, why is it so, many ask,  
It is that makes man slip into the pit,  
Once they are to the right path, soon  
Many negative forces pull them back  
They can't escape, they are helpless  
The more they try, the more they are  
Pulled back, can't escape from the pit;  
Only God in heart breaks the evil forces.

## **NON- VIOLENCE**

Facing the odds with the heart that beats  
Pumping the blood of love to be showered  
Upon the opponents, taken by surprise they,  
The hostile opponents with arms in hands to  
Attack, but they are haunted by the sweetness  
Of love, the mesmerizing beauty of the heart  
And the music of its beats; the arms fall down  
From their hands, fascinated by the peaceful  
Attitude that is mingled with the love, an act of  
Divinity, that has softened the hardness of the  
Mind with perpetuation of thinking peacefully;  
The apostle of non- violence, Mahatma Gandhi  
Had beautified his yard by plating the red roses.

## **NOT ALL OF A SUDDEN**

Wait and wait, and see what happens  
Not jump all of a sudden; the wind goes  
Slowly and disappear, the waves jump  
A lot and go to nothing, the wound angry  
For little and heals; time gives spontaneity,  
Time teaches and the best healer, time  
Only heals the torn mind; waiting gives  
Time for God to act, nature heals, the  
Great phenomenon of fundamentalism  
Nature heals everything, but man has no  
Time to find it, he needs only artificiality.

Copyright © Love Echoes, Dr. K. K. Mathew

## **NOT TO BE REVENGEFUL**

Hard thoughts to be softened only by the  
Realization of life itself, as the hardness won't  
Ever be a substitute for anything adverse that  
Had happened in life; it's a sheer realization and  
Has definite soothing effect on the bitterness of  
Mind that pulls mind down; the realization really  
Nullifies the revengeful attitude that might come  
In mind at any time, with outburst of love, painting  
All parts of the torn mind; the healing takes place  
With the sense of triumph, that makes man angelic.

## **NOT YET OVER**

Covid19 is over, many feel like it,  
The strings are broken, they are free,  
But the truth, Covid19 is not over  
Many get it, as no mask or distancing,  
Nothing known as people are unbothered,  
Good, this is mental sturdiness so needed,  
It is heartening, being bold to face any  
Adversity, a training in the difficult living;  
But beware, tighten all the precautions for  
The next two years, virus will flee only then.

## OLDER PERSONS

Reminiscences, recollections, of preference  
For good, the rich experiences make them  
The real heroes of the old days, in fighting  
Against the odds, in continuous battles for  
Survival, days of sinking, days of resurrection,  
In and out, up and down, so many times, filled  
With the enthusiasm for existence, marked by  
The rough and thickened palms, overlapped  
By the hardened mind, too much anticipated  
And depressed, somehow or other came out  
From deep pits, escaped from the sadness of  
Life, becoming victorious over the darkness of  
The world; but now totally worn out, the stick  
Is a companion and rescuer, to go with the stick.

## ONAM

The feast of love served with the dishes  
Of happiness, contentment, peace, and  
Sense of well-being manifested with the  
Beautiful dresses, tidiness, to the people  
Speaking Malayalam language, all over  
The world, to commemorate the revisit  
Of their noble king in history, Mahabali;  
And showing him, his people are well off  
Like the people of his rule, centuries ago;  
This fantastic way of pleasing the king  
With great celebrations, mainly eating  
The best food, chiefly vegetarian feast,  
Marked by the richness of life; even the  
Poorest relish the feast, for days, once  
Every year; the culmination of the ideas  
Of cheers, pleasure, and joy, all together.

Copyright © Love Echoes, Dr. K. K. Mathew

## **PATIENCE**

Innocence of mind exposed as the hardness  
Gone with the acceptance of the richness of  
The mind, world and worldliness, suppressed  
With absolute faith in God, the mind is turned  
To soft, elastic material, could be stretched or  
Elongated to any extent, too happy to contain  
Any amount inside; the adversities, grievances,  
All fixed inside with positive outcome, and could  
Face anything so hard; too soft, the heart smiles  
Always, stretchable mind and elongated heart,  
The great weapon in the world, always agile to  
Take any hardness of thoughts lightly, nothing  
Hits the hart forcefully, only a caress, could love  
The enemy, could forgive him, could pray for him,  
Everything upside down, hardness down to the  
Earth, only the softness up, silent always, no hard  
Reaction whatsoever at any time, could tolerate.

## PERSONALITY

Combination of characteristics, or qualities, that  
Form the distinctive character of a person, it is  
To shine always inside the individual, lest, there  
Is erosion in man and woman, it should never be  
Twisted or rotated as and when the circumstance  
Asks for; what should be the great quality of man?  
It is, one shouldn't sacrifice his or her individuality  
And integrity at any cost, even to combat sufferings,  
Or to gain a lot of goodness; shouldn't change the  
Body color at any time, never to change one's own  
Conviction at any rate; the reward isn't any worldly  
Gain or benefits but the real contentment that is in  
The person forever, really worth more than billions.

Copyright © Love Echoes, Dr. K. K. Mathew

## **PERVERTED**

Geniuses are perverted in life as the ideas  
Deluge in their mind too much, which they  
Can't accommodate and contain, divergent  
Ideas' path, ideas take persons at different  
Levels; there, ideas take different directions  
And they conflict, taking the persons to utter  
Confusion and depression; just to escape the  
Big agony, they take different courses of life  
And engage in strange fields of consolation;  
A different drama of many phases, take place,  
These persons may be branded as perverted  
Or insane, but once they could tame all these  
Wild horses of conflicting ideas, they jump up  
Over the horses and ride on them, even fly with  
Them to the top of the world; the real geniuses.

Copyright © Love Echoes, Dr. K. K. Mathew

## **POETIC CONFLUENCE**

Something emerges from heart, from soul,  
And they merge, something floats above all,  
Not hard to reach, easy to pick, soul contains,  
Heart grabs, feeling and emotion, spring from  
The unified one, it diffuses, forces heart to open,  
Twists its ways outside, fluidity of it is immense  
New enthusiasm picks hand to type confluence  
Of soul and heart, with reference to feeling and  
Emotion; the feeling of gentle flow, contentment,  
And relief, ensue; a big burden is lessened, it is out.

## POST BOX

The grand old pa still living, totally worn out  
With sunken eyes, hard breathing for air; the  
Old days still come to mind, very clear, carrying  
Blooming love, broken hearts, all so much inside.  
The sweet heartbeats, the sinking hearts, the deep  
Sighs of whispering echo, they flash like a movie,  
Love shines in every heart; bathed with sun-heat  
And caressed by the sweet raindrops, grandpa  
Quite young those days with throbbing heart and  
Stood erect singing melody of love, sad songs, with  
Keeness to comfort, the healing touch; the golden  
Days are gone, but still he stands with neck bending.

## **PRACTICALITY**

Theory, highly voluminous, covering multitude  
Of pages, covering days, or months, even years,  
To complete reading, or discussion, but inside  
The practicality very little; what the world needs  
Is practical feasibility, not theoretical aspects, to  
Build, to make, to develop, or to construct, and  
The whole infrastructure depends on the practical  
Knowledge, based on talents, or experience, in a  
Way to build the present world, but the technical  
Know-how, even though little, make wonders in the  
Development; but what one gets directly from God  
By way of intuition, is more of practicality to execute,  
To do, than the theoretical aspects of it, to speed up  
The divine making, that is many times superior to the  
Man- made materials, a great truth man to realize; the  
Total dependence to God, will make the earth heaven.

## **REGARDLESS**

Regardless, man behaves sympathetically  
The storm ceases abruptly, sends sweetness  
The lightning- thunder sends flowers to earth  
The roaring waves, stop for a moment, bloom  
Earthquake softened, blesses the mountains  
The beasts come to land and love the people  
People love each other, they bless everyone  
The atmosphere becomes so pure and tranquil  
Roses sing so sweetly, the melody of heaven,  
Humans are kind to animals, birds, and fish,  
Do not kill them or eat them, become friends  
These happen in dream, when heaven descends.

## **RIPE FRUITS**

Twilight of happiness comes when the  
Pearls of heart, hang on the tip of the  
Twigs, golden yellow half marked with  
Green, full baked cookies, to sweeten  
The tongue, exuberance of intimacy of  
Love erupts on the tree, and swinging  
To and fro in the gentle wind, fall down  
Some, the gift to the earth, let them grow  
Flourishingly, to unearth the divinity of  
Love, to adorn the earth with few more  
Trees of the same order and to anticipate  
Fullness of life, to bow before mysteries  
Of life, and the golden caps of the tree  
Sway gently, arousing the joy of hearts.

## **RIVALRY IN TEARS**

With 42 Grand Slam singles titles between  
Them, Roger Federer with 20, Rafael Nadal  
With 22, both defined a golden era, Nadal,  
Federer's greatest rival, in tears, throughout  
Federer's retirement ceremony, "when  
Roger leaves, an important part of my life  
Is leaving too", Nadal said; it's, Nadal's tears  
Revealed the concealed love and adoration  
Of great rivalry; the implacable love should  
Flow over the big hard rocks, to gain the  
Momentum of humanness even with the enemy.

## SEARCHES

The conspicuous knowledge of me, makes the  
Search of mine for the widespread importance  
In me, that is to walk inside me and recognize the  
Inner life, and realize it; it's the original life which  
The Almighty wishes for me to find, and the all  
Important phenomenon of attending to greater  
Value of exploring the mysteries, and diverting my  
Searches from outside to inside, thereby walking  
Alone, on the difficult inner path to the destiny  
Of glory of the truth; a rather difficult process of  
Achieving the cream of life; it's really the dissection  
Of the inside of humans, the inquisitiveness for it  
Only draws the person to the cream of reality of life.

## **SERENITY**

To be calm, still in mind, peaceful, all three  
Make serenity in humans; a wonderful mind,  
So composed, tranquil, unchanged with the  
Outer disturbances; sober and gentle like the  
Little breeze that caresses the heart and soul,  
Coolness and sweetness pervade the interior,  
Never get hot or boiled, always with freezing  
Point, to console, to forgive, to love, and to be  
Kind; purity fills the heart, of course heaven is  
Brought down, with the feeling of inner solace.

## **SINGING A SONG**

Heart comes up, soul descends, on one line  
They are together, kissing, floating in me  
Heart murmurs, soul pulsates, song of heart,  
Music of soul, clearly heard inside, the sweet,  
The fragrant, the beautiful, one can describe  
It, what comes out is nothing, everything is  
Inside, the happy note of love fills heart and  
The fragrance of it swells soul, happiness at its  
Best, contentment flows everywhere, too  
Much of light inside, grace of God is showered,  
The song with music continues, heart and soul  
Are still together; I'm thrilled with cheers of Joy..

## **SOLITUDE OF LOVE**

Things worry to see the loneliness of love  
The bird of love sings the music of the love  
Too many heartbeats in silence speak the  
Tranquility of love in solitude, confined to  
Heart and soul with intention of relishing  
Love all alone, only the recollections are  
The companion, solitude the mentor, and  
Sharpened the love in silence, the diversity  
Of love picks the hearts and lifts high up to  
The skies, transcendence of love makes the  
Hearts together, the souls free to mingle,  
No blocks anywhere, silence is the mediator.

## **SOMETHING NEW**

Science is the attempt of man to find out  
A fraction of the craftsmanship of God and  
It is the gift of God to be used for the benefits  
Of the world; if one submits himself totally to  
God with utmost faith in God, the mysteries  
Of God will be revealed to him and it will be  
Much more than what the science says, and it  
Can't be measured by the scales of science;  
Medical science is incomplete because it treats  
The human body and mind, but not the soul,  
The root of man; it is as if spraying insecticides  
On the leaves and fruits of a tree, not treating  
The root; some of the dreadful are incurable,  
The cause of them unknown, the theories do  
Change with the advent of new things, old is  
Gone; medical science will be complete, if it is  
Combined with healing of the soul; a new dawn  
Is sure to come in the skies with a lot of hopes.

## SONG OF LOVE

The agony of love sings the song  
To subdue the pyre of fire, that  
Fixes the heart with the soul and  
It rains tears of coldness, puts out  
The fire; it is dissolved in the song,  
Love contains the agony, hugs it,  
Subdues the heat of the burning  
Heart, and switch off the heat of  
It to the optimal point of cooling,  
Caresses soul with sweetness of love,  
Now the song of love in agony, echoes.

## SOUL

The sphere much above thoughts,  
Seen, relished, only by open internal  
Senses, unique composition of beauty  
Manifested with the feeling of extreme  
Happiness and contentment, having  
Stability and eternity, never to decline,  
Or decompose, working with delight,  
With illumination of wisdom and that  
Transpires a heavenly feeling of reality  
Happening on the earth, with emission  
Of divinity in the sphere of location on  
The base of intense faith in God, with  
The spiritual dissection of the worldly  
From the human mind for long period  
Of time, winning over many obstacles  
That stand on the path to destiny; the  
Internal senses open, the deepest vision  
Starts, the wisdom culminate, the aim of  
Life is attained, the root of life found out.

## **SUBTLE LOVE**

Nothingness, no something it is, too faint  
But powerful, difficult it is, some sort of  
Feeling which one can't analyze, one can't  
Explain, what is it, one doubts, unable to  
Control it, falling in as a heavenly object,  
It circulates in and around heart and soul,  
Doesn't come out at any rate, even if the  
Person wants, such a feeling is retained in  
Many, it grows and blooms in the inside,  
Falls down, but the root of it is there at the  
Bottom of the heart, even in the soul, only to  
Relish the subtle love, and to be sweetened,  
The dormant love, never it leaves the person.

## SYMPATHY

God in my heart, pity on me and I feel  
Pity on others' misfortune; the feeling  
For others, makes me know, what I am  
And I realize the magnitude of God's pity  
On me, His pity only lifts me from the  
Troubles of the world; the moment one  
Is pitiful on others' sorrow, God descends  
To his heart, and through him, God loves  
And cares others, the transcendence of the  
Everlasting love, God, has, for the world,  
And for the whole of the universe, as it  
Survives on His sympathy for everyone  
And everything; the true love weeps; it's  
The sympathy, the melting of heart and  
The dripping of tears from soul, an act of  
Godliness that is infused in human hearts.

## TENACIOUS

Clinging so closely, with firm hold on you  
The Almighty, never to loosen the grip, it  
Becomes tighter, day by day, as my heart  
Is reaching you, I could thwart the negative  
Forces that is pulling me away from you,  
I could force my way towards you, a great  
Success achieved, now becomes tenacious  
My association with you, it's the strongest  
Faith developed by jumping over so many  
Hurdles in a row, I'm tied with you by the  
Biggest rope, it will never loosen or break  
I'm tenacious with you, no, fixed with you.

## **THE BASICS OF LIFE**

Never to be a parasite of others  
Never catch fish without wetting  
Never to hurt others' heart, and  
If possible, do little goodness to  
Others, the minimum requirements  
For a righteous, good, human life;  
Not much of thoughts on what to be  
Or what not to be done, if the heart  
Is straight, the righteousness comes  
Spontaneously; live with hard- earned  
Money only, be fully satisfied with  
What you have, never to be envious  
Of others' wealth; develop willpower  
To resist anything adverse; realize the  
Truth, worrying is not a solution, it only  
Weakens you; live always straight like it.

## THE GOODNESS GONE

A man with integrity, individuality, with so much Of love and kindness, helped so many in miseries And in deep troubles; quite rich, running so many Business shops across the globe, but his extreme Kindness and generosity, exceeded heavily over His assets and income, but he didn't mind it as he Believed, helping others is the best way to serve God; even he has taken huge amount of money As loan from banks, but he couldn't repay all the Debts in time; his business collapsed and he was Imprisoned in a foreign country, none to help him, Especially whom he helped didn't turn up; after A long period of time, he was released from the Jail; but he was too weak to withstand the heavy Load of tension he bore and he died heartbroken.

## **THE MOST BEAUTIFUL POETRY**

Caress of the aged man over hundred years,  
On the face of his sweet wife of almost his  
Age, it is a beautiful poetry, writing every  
Movement of the faces and eyes, stillness  
Of tranquility there and the weak heartbeats  
Singing the divine music of love, very deep  
In soul, it echoes in the whole of nature, the  
Trees shake heads with deep love, flowers  
Shed tears of joy, leaves fall down; they are  
Looking at each other for sometime as the  
Bodies are too weak to execute the outward  
Love, but the heaven takes care of it, the sky  
Rains with the crystal clear pearls of sympathy,  
And joy, the most beautiful poetry ever written.

## THE PHILOSOPHY OF LIFE

Live with one's own might is  
A life shattered; an 'x factor' is  
Badly needed in everyone as  
It ought to be, and the genesis  
Of God to be inside everyone,  
Not a hypothetical God, but the  
Real one; teaching, or preaching,  
Alone won't help to find God; it's  
Only after one's own earnest effort  
As God wants, everyone should put  
Heart and soul to find Him, if not,  
Man can't; concentrate on the known  
God; submit yourself, wholly to Him,  
Trust fully, you will find Him as he  
Is the truth and love; so many  
Obstacles on the path, you jump  
Over them with intense faith in Him  
Which is strengthened day by day;  
After surpassing each and every  
Obstacle, faith becomes unbreakable,  
The aspirations for the worldly gone,  
The internal senses open, you start  
Seeing and hearing the vicinity of  
God with them and vividly tasting Him,  
God is leading you, and you follow Him;  
Other than that, not the philosophy of life.

## THE RICHEST

The top billionaires known, Elon Musk, Bernard Arnault  
They are the kings in the empire of money and wealth  
They can buy anything in the world, but they can't buy  
God, as He is much beyond their reach and possession,  
God, the creator, can be reached by the poorest, because  
he pleads to Him, he begs; kindest heart of the creator  
Melts and He hears the plea, He blesses him; what is it?  
A tender heart, filled with contentment, peace, tranquility,  
And love; it is everything which many of us don't know;  
The real richest person has travelled till the end of the  
Inner journey; the endpoint is nothing; he has come to  
The final realization, "I am a big zero, everything in me is  
God only, I become a tiny part of the creator and I have  
Only one duty to perform, just to follow God", he is the  
Richest; anybody can become; the poorest becomes the  
Richest, the owner of the biggest wealth, the contentment.

## **THE SUPREME TEACHER**

Very few experience it, but everybody can,  
The best and the most loving teacher ever  
I take you to something very deep, the truth,  
The teacher teaches through open deep senses  
The deep senses open when the worldly gone  
By absolute faith in God, one can communicate  
With God and He teaches every moment, many  
Times more than what is read in the books and  
What is told by the teachers here; it's the great  
Truth, man should explore it; I give the crux of it.

## **TOLERANCE**

The ability to tolerate the existence of opinion  
Or behavior one may not agree with, not to get  
Boiled and exploded for nothing, not carried away  
By silly misunderstanding, not to find the undue  
And unnecessary meaning and becoming hot, not  
Criticizing the field which one doesn't know or hasn't  
Entered, is the tolerance that speaks volume of one's  
Greatness, in becoming calm and quiet to adapt with  
The volatile and violent nature of the society, with the  
Openness and trueness of heart, with magnificence of  
Composure and adaptability to make the mind great.

## TRANQUILITY

Calmness at its best without any disturbance  
The gentle breeze caresses the heart and soul  
The loneliness blooms with fragrance of solitude  
Silence in the heart and soul with honey dripping  
The far-off lighthouse could be seen so vividly with  
The heart, and the soul is reflecting it so beautifully  
The magnificence of beauty everywhere, absorbed  
By the heart and the world looked misty by the soul,  
I could hear my heart beating musically and my soul  
Throbbing gently, I'm with them in the realm of heaven,  
Purity of the world, I visualized, but it is a daydream.

## **UKRAINE**

The strength of heart clubbed with that of soul,  
Resists, withstands, the onslaught with the power  
Of heaven, transcends the willpower to sustain,  
To maintain, to survive, the lives of the humans  
In the dawn of darkness, with steel like nerves  
To hold on, to thwart the invasion, to fight till the  
End; never to yield, never to succumb, the bravery  
To die rather than to be caught, the great lesson,  
Teaching the whole world, what should the dare  
To be lightened with patriotism, to do the sacrifice.

## UNIVERSALITY

Humanness, the religion,  
Love, the God, the belief  
Of each and everyone; and  
We to adore the love, love to  
Be instilled among everyone;  
It should flow, stream, deluge,  
Sail over it, slowly, gently, and  
Steadily, to the heaven of all  
The goodness; boat won't sink,  
The water is still, clear, tranquil,  
And love is we, water, and God.

## **UNTOWARDNESS**

A word that hampers the installation of  
Soundness in heart, that sways gently to  
Perversion of the mind and nature, it brings  
The quality that is not proper socially, and  
It can fetch havoc to dilute the tranquility  
And the uniformity of the natural state which  
Can lead on to retardation of the nature, and  
Social growth, in a way to destroy everything;  
The plan to divert everything to normal course  
Is by installing stability in mind to face adversities  
And by correcting the fear and the apprehensions  
With closeness to the Almighty; an understanding.

## WHAT HAPPENS TODAY

Not to the point, never it is anywhere,  
Going around and around, not near the  
Point, beating about the bush, the usual  
Habit, making people happy with magic  
Of doing something else, people fall in it,  
The tragic ways of life, not real at all, and  
Everything with covering only, the truth is  
Masked, people make living just for living  
Only, somehow finishing it, the usual way  
Of happening, not reaching the center, and  
A variety of gymnastics outside, people are  
So fascinated by it, never attempt to have a  
Glimpse of the center; voluntarily making  
Confusion, the smoke blinds everyone and  
Escaping from the real point, the cleverness  
Of today, the smoky feeling and perception.

## WHAT I AM

What I am, is what I was before  
Heart glows, the past continued  
My soul thrived through the past  
The stature inside me is the same  
But....the worn out body declines  
What I grasped inside is much more,  
I have built another world inside me  
Highly illuminative and is so delicate  
It is above the thoughts and words  
Only delicate feelings, I can see deep,  
I eat the honey dripping from above  
It's a permanent home, never collapses  
I look down, body merges with nature.

## **WILLIAM SHAKESPEARE**

Not a playwright alone but a poet and an actor,  
Playwright of comedies and histories initially but  
Of tragedies and tragic comedies; the greatest  
Writer ever in English language; Hamlet, Othello,  
Macbeth, King Lear, Romeo and Juliet, the finest  
Work; produced the art of bringing sadness deep  
Into heart with its mesmerizing beauties, touching  
Every element of body as well as the soul, never  
To forget but arising with much more beauty with  
The magic of his artistry as a carpenter engraving  
All his characters with the enormous capability of  
Making monuments of grief, fun, love, and all the  
Attitudes of the mind; such a magical skill of writing  
Can't bless anybody as heavenly touch in everything  
He wrote; the golden image of him is studded with  
So many jewels, and instilled in every human heart.

## **WILLPOWER**

To do something with determination and to  
Restrain the negative forces, is a great power  
That arises from the bottom of heart, and has  
Steel- like erection of mind with strong input of  
Positivity which may be of having firm base of  
Mind with wiping out all the negative elements  
Which may hamper the smooth running on the  
Path towards success; never to crumble, never  
To break, but hold the power to retain energy  
To withhold the slip into the havoc, which would  
Need a smooth sail over the obstacles in a row  
With an element of God in mind, that outclasses  
Everything opposing, the great quality in one's  
Life, that should be appreciated, admired, always.

## **WOMAN**

Softest and the most tender heart ever  
Tranquility her core, modesty her cream  
Her heartbeats melodious, full with love  
Silence her way and companionship her  
Attitude, too much of loneliness makes  
Her angelic, dew from heaven falls on her  
To bless the home as well as the earth with  
Her integrity, commitment, and dedication,  
Without her the earth is pale and dark, the  
Tears of joy and tears of sorrow, the origin  
Is hers; let tears wash the dirt in the world.

## **WORD**

The depth of significance that carries the  
Tiny single unit of the expression or language  
Either orally or by writing, the most powerful  
Act of divinity that originates many creations,  
Even many wonders, even infused with the  
Paramount of loveliness, the transfusions of  
Many happy or tragic events, even the angry  
Participation of an event, even something that  
Is hazardous, and it spells out the high voltage  
Meaning, it expresses greatly the highness of  
Creation; the whole of the universe is believed  
To be originated from the word, so powerful,  
So holy, lifts man above the earth; it is God only.

## **WORLD PEACE**

So long as man nullifies violence, no peace  
When man is so greedy as we see, no peace  
Inborn quality of some, to invade, no peace  
Peace has subdued value, as many are selfish,  
Fight is between selfishness and selflessness  
Selfishness is too big to overcome selflessness  
Talks and some good sense, the only hope to  
Save the whole world; the word disarmament  
Has lost its value, as threatening the other with  
Nuclear weapons, has become the term for the  
Peace settlement, the reversal of good ideology;  
Only option, let us all pray for lasting world peace.
