

A woman with long, wavy hair is playing a violin. She is wearing a dark, long-sleeved top. The background is a vibrant blue and purple gradient, featuring a large heart shape formed by concentric circles. Numerous musical notes and symbols are scattered throughout the scene, some appearing to float or fall. The overall atmosphere is romantic and artistic.

Dr. K. K. Mathew

Dr. K. K. Mathew is a renowned physician, a medical scientist and a poet of repute from India. He is a reputed philosopher, and noted novelist in Malayalam. He has published many original clinical observations in national medical journals and been quoted in reputed international medical journals. Some of them are the first of their kind in medical science. Dr. Mathew has dedicated the whole of his professional life (46 years) in a rural region of India and served the rural population. He has written and published 62 books, of which 42 are poetry books in English. The International Higher Academic Council of English Literature conferred Dr. Mathew with the global genius award "Living Legend of the 21st Century" in May 2019. The international poetry group in the U.S., 'The River of Poetry' awarded Dr. Mathew with the title "The Champion of the World." Dr. Mathew is one of the prize winners of the prestigious Naji Naaman Literary Prizes for 2021.

PREFACE

My forty-third collection of poetry in English, *Love Music*, is primarily made up of mystical and deeply spiritual pieces. The poetry primarily depicts the realities of human existence, and I can say with confidence that its core themes are love and the goodness of mind. This explanation of pure love's delicacy, serenity, transparency, divinity, and godliness is excellent. The many facets of true love are exquisitely expressed, and the important truth—that love is the foundation of everything and that one cannot exist without it—is made clear. Only a few of the book's poetry are revelations. The analysis of all the positive aspects of the human psyche, aside from love, is done in an exquisite way. I have looked so far as to locate human in every person. I could firmly assert the profound reality that discovering one's soul and living entirely in accordance with it is the ultimate goal of human existence. Absolute confidence in God can break down the worldliness of human life spiritually. As faith dissolves the barrier separating man and faith, man approaches God and becomes one with God. Instead of chasing the world, this is real living. The mysteries of God will be disclosed to man if he is headed in the correct direction, and that cannot be assessed on the scientific scale. The goal is to transform human perspective from one that is worldly to one that is godly.

Beautiful explanations are given about the true essence of human life and how to live it. Every positive trait that humans can possess is thoroughly examined. This reveals the big truth: the only way to obtain all these lofty principles is to have a strong relationship with God, which also has the potential to eradicate any evil that is held. It is

described how people can live in harmony and happiness. It is a beautiful discussion of intelligence and human conscience. The human mind's negative aspects, such as sadness and hopelessness, have all been thoroughly examined, while its positive aspects, such as compassion, tears, happiness, and grief, are all skillfully shown. It is evident that there are guidelines provided on leading a moral life. The need of demonstrating how one could give up animosity and envy is stressed. The undesired aspects of human existence are carefully identified, along with solutions. The magnificence of forgiveness is exalted, and the beauty of skylarks and daffodils is beautifully displayed. I have been very careful in elucidating the inner life, inner path, and inner reality. We talk about the importance of heavenly insight and how easily accessible it is. Protecting oneself against the hardships and evils that come with being human is said to be the great shield.

It teaches how to recognize true love, which is beautifully described as music that is so fragile and softly heard. The significance of mindfulness and meditation in achieving the highest state of human existence is discussed. I have made an effort to see past human affection and sentiments for everyone. I have no doubt that this poetry book will contribute to everyone's ability to live a tranquil, joyful, and fulfilled existence.

A DISSECTION OF LOVE

God is love; love was condensed to form God
Soul is the storehouse of love in every human
Soul is godly, it's the tiny part of God in man
Love originates in soul in every human being
From soul, love is transmitted to human body
Apart from humans, universe exists on love,
Love between soul, among soul is the supreme
Body love with origin in soul is genuine love,
Body love without origin in soul isn't genuine
Soul love can exist without body love forever
Love is the creator of human life and nature.

A FRIEND

A companion of love, welcomed to the heart
A soulful greeting with beauty of true bond
It twinkles as a silver star in the night sky and
Sweetness of it is never- ending, faithfulness
Of love is bestowed on them, trueness of love
Pleads the earnestness of friendship, loveliness
Of companionship blesses human bond, and
Sharing the difficulties of life is a consolation of
Hearts, many things to learn from each other, a
Courageous attitude developed to imply all the
Care of attachment and the fusion of decision-
Making marks wonders of life, music of life is
Played by both, instills honey in the hearts and
Never- ending friendship is a boost to loveliness
Of life, it gives the real meaning of attachment,
The trueness of friendship is relished and tasted
Ever with calmness of the hearts to be loving and
Peaceful all the time with the wonder of love felt
And the sharing of knowledge and wisdom, is an
Accompaniment of mutual trust and faithfulness.

A GLASS PIECE

Mind becomes a glass piece at last
When the dirt in it is expelled with
Absolute faith in God, by repeated
Searches, it's continuous and lasting
For years, decades; becoming quite
Transparent, one can see own image
In it, reflected always with another
Misty shining image, that is of God
Only to be felt, relished, and tasted,
The greatest feeling of love, a vast
Blue sea calm, waves at periphery
Strikes at heart with the smoothest
Caress of love, only to be dissolved
In it, in the frame of divinity forever.

A LOVE DETERMINANT

When one knows the level of attraction,
The depth of love in heart and soul for
Someone, who is believed to be so special,
Both become part of each other, believe
To have shared heart and soul, wonderful
Will be the life ahead, crowned with roses
Of love, twinkled with stars of heaven, the
Jupiter love floats above them, words carry
The essence of love, determination carries
Love above thoughts, inseparable becomes
The image of determination, even the oath
Together with "needle prick finger blood" is
Nothing before the determination that is so
Solid, steel like firm, never to bend or break.

A NEW VENTURE FOR ALL

A new plan with fresh vision for all
A plan for the fruitfulness of your life
Not for outer prosperity, for inner one
That is the basis of life, the actual one,
I put it in simple words, the essence;
Suppress the excessive worldly passions
Mainly the greed, the excessive desires,
Try it repeatedly, man finds it difficult,
Only God helps in the exhausting venture,
The simple way is develop faith in God,
Make the faith absolute and unbreakable;
When worldly passions are suppressed,
You develop passion for God only and
You become closely fixed with God and
You get the best companion, He shares
Your burden, wonder happens, He does
Everything for you, you just follow Him.

AFTERLIFE

Science can't prove it, only strong belief
In God tells it affirmatively than cant' be
Dispelled by science; the vision of each
And everyone varies; who have found
Soul in life, the primary aim of life, can
Witness it with strong belief; unbreakable
Belief in God in them, acts as a scalpel
Dissecting mind; passions for the world
And worldly are dissected out, the barrier
Between man and God is crushed by the
Intense faith, man moves to the vicinity
Of God, visualized by the open internal
Senses, humans find the soul, live fully
Under command of the soul on the earth.
The human body is spiritually dissected
Out from the soul; it's a spiritual reaction
Taking place in human mind, it may be
Covering even decades, it's a continuous
Search, called "internal transformation".
When physical separation of body occurs,
The soul is set free and moves to eternity
And floats, lives forever in the vicinity of God.

BEWARE

To be cautious, or guard against, and
To be alert always, dictum of one's life,
Humans can't be agile always; entrust
The duty to the Almighty with absolute
Faith in Him and He takes over fully your
Duty to guard you round the clock; with
Much safety you can work and sleep with
Peace of mind; magnificent His love for
You, He is one hundred percent trustful,
He instills vigor in you to be agile always,
Life becomes so pleasant and absolutely
Safe, you pass above the dangers; so true,
Protection and safety, one gets from God.

BEYOND LOVE

It's what I have for Jesus Christ
Being in love, living with, continuing
With; being enamored of love, it's
More flowery than love, extremely
Sweet to taste, very fragrant; the
Love is felt from the essence of my
Being, the fabric of my soul, love is
Unique in every sense, I swoon with
It, love is accentuated with each day
Really love is indescribable, smitten
With it, it's eternal, love lifts mind
And soul together, adoration and
Esteem are mixed with love, honey
Is dripping on every part of my body.

CHICKEN- AND- EGG

Utter confusion prevails to pinpoint, of the
Two events which is the real cause, dilemma
Continues without an answer, the ambiguity
Of thoughts perplexes human mind, which
Gives origin, hen, or egg; the thought or brain
Produces the action; the brain and heart and
Which one more important; the laughter and
Smile, the more attractive one; expressing the
Difficulty of sequencing actions where each
Seems to depend on others' being; uncertainty
Of the origin, or cause, baffles human brain and
In those situations, knowledge can't find the
Answer but divine wisdom solves the perplexity.

Copyright © Love Music, Dr. K. K. Mathew

CONCENTRATION

It's what needed to be in spiritual sphere,
The mind a wild horse to be tamed with
Absolute faith in God, no other means to
Accomplish it, the biggest event in the life;
Faith only provides utmost concentration
By taming mind; the worldly passions of
The mind are suppressed by faith, hardness
Of mind is lessened, mind becomes soft
And flexible, and it can be fixed at center
Even for hours; the utmost concentration
Of mind is achieved, with it only one can
Communicate with God; and hear the words
Of God, association with God is intensified.

Copyright © Love Music, Dr. K. K. Mathew

CONSCIENCE

The guiding force in humans, always speaking
To man, but the majority don't hear it as it's
Masked by the world and worldly; it's the moral
Sense of right or wrong, unmasked only by faith;
Conscience telling, controlling, and guiding, the
Superior life, living in righteousness, a matter of
Glory to the Almighty and to man himself; man
Can expel the wrongs, he now goes close to God
He realizes that God is the final product of all the
Rights, and conscience is a miniature of God in man;
Easy way to reach God is, live as per conscience tells.

COOLING OF THE HEART

Ice cold water fills the heart
When one thinks, what happened
Is nothing; let it be a big mistake,
Or a terror, or horror; whatever
It may be, the ability to think like it
Is a big success; the burning heat is
Being cooled when this realization
Comes in mind; whatever happened
In the materialistic world is nothing
Whether it is good or bad; only less
Attention given to it, totally ignore it;
It's the truth in the right perspective,
Then one won't be overwhelmed by
Sorrow, or depression; think, better
Tomorrow comes soon; the realization
Does cooling of the heart in adversity.

COUNTERBALANCE

Pain is a common factor for all goodness,
No truth without pain, no roses without
Thorns, no beauty grows without any pain,
All humans are born with pain of mothers,
Pain is a process of purification of mind to
Get certificate of truth, beauty, goodness,
Mosquitoes grow to balance human lives;
Otherwise one side will be up and humans
Become egoistic, try even to surpass God.
Humans can find soul only passing through
Many tribulations, the painful purification
Processes; pain is to counterbalance in life.

DAFFODILS

At the height of my imagination
In the diffuse paths of my love
The vibrant beats of my heart
A gentle breeze of long caring
In the sunlight of the loveliness
And a treasured crowd of gems
Shining and smiling all the way,
Heart touching melody of earth
Singing and dancing in the breeze,
Beauty of love is manifested with
The clarity of mind to see reality,
Jewels of love emerge from petals
All through the hearts of the flowers
Only to see and digest heavenliness
That matters high voltage of passion
In me to smell and kiss the angels of
Love, to merge with love in my soul.

DELIGHTFULNESS

Always very pleasant, attractive, or enjoyable
The life should be; never the mind gloomy and
Despaired; what all makes the mind delightful?
Absolute faith in God makes the mind pleasant
The delicate feeling of God sharing one's burden
Itself gives marked relief, all worries are dispelled,
Pleasantness of Godly love blesses human mind,
When God's love is there, worries have no place,
Tranquility fills in, merciful the mind becomes and
It gets the ability to forgive; another very delicate
Feeling comes in spontaneously, it's the hope, that
Mesmerizes the mind to be delightful and hopeful.

DEPRESSION

A mood disorder with persistent feeling of
Sadness, loss of interest , leads to emotional,
Physical problems, it needs medical treatment.
But true, divine love flowing to sick, caresses
The disordered mind, a balm of love soothes
The agony; miracle of love infuses tranquility
In the depth of mind, puts out the fire, a deep
Cooling of mind and heart, a natural calmness
In mind, the agitation of mind is eased, with
Addition of love in a different way, the music
Of love sweetens the disturbed mind, emotion
Of love kindled, a world of love is built in and
Around the sick, love heals the agonizing mind.

Copyright © Love Music, Dr. K. K. Mathew

DESPAIR

The complete loss or absence of hope
Darkness everywhere, no rays of light,
Distressed, disgusted to the maximum
How to escape, the mind is wandering
The ship is about to sink in the deep sea
Really forgot the presence of the lifeboat,
The boat is set free, jumped into it and it
Floated in the roaring sea, the boat moved
Over the jumping waves, and reached the
Shore, it's a great miracle as if somebody is
Lifting us above the peril, safe in the hands.

Copyright © Love Music, Dr. K. K. Mathew

DYNAMISM

Quality of being vigorous in activity and Energetic, very agile, abrupt in doing all The activities, never bothered about the Negativity, so courageous, so volatile, and So quick, ever ready to do anything that is Risky, calm but the nerves are tight, a man, Always very optimistic and happy, thinking Of positive end for everything; having a firm Individuality and integrity, never succumbs To threats, absolutely fearless, and he never Believes in the sense of security, and willing To do anything for others; these persons are More powerful and bold to face any challenge; Usually these people are God- fearing and they Have confidence in having the presence of God.

Copyright © Love Music, Dr. K. K. Mathew

ECSTASY OF LOVE

A state of extreme happiness the pleasurable
Love gives, a sense of being overwhelmed by
The extraordinary loveliness, being intruded
With the blissful feelings, thoughts of so much
Of delicacy and sweetness caress the soul, and
Honey drips from above fills heart, it overflows,
Every element of body being excited with the
Delight of extraordinary love and the feeling of
Heavenliness being tasted on the earth, unusual
Pleasantness of a melody being heard by heart
With the showering of loveliness everywhere.

Copyright © Love Music, Dr. K. K. Mathew

ENCHANTING THOUGHTS

Delightfully charming the thoughts that
Have filled heart, swaying in the gentle
Breeze of love that spreads to the soul;
Immense wealth of thoughts retained in
Pleasure of love, swollen with the maximum
Of delicate feelings that sweeten the heart
With the lovely attitude of the mind and it
Boosts the enchanting thoughts to float
And fly in the horizon of memories to relish
The loveliness of the past to magnify the
Blessings of love that has made to stand
Erect on the firm feet now and in future.

EVOLUTION OF LOVE

Short living of love, flying in the air of freedom
From the caterpillar to the butterfly, beauty of
Love glitters and gone but sweetens heart and
Soul, to detect the Godly love only to kindle the
Magnificence of His love twinkling in the sky of
Tranquility, only to glorify the loveliness of love
Of the Almighty, spreading the fragrance of the
Beauty of His creation everywhere, all beauties
Short lived, the beauties go back to the creator
As they all belong to Him only, caterpillar is such
A wonderful creation moves slowly on the leaves
And then flies with wings of love, merges with the
Divinity and holiness of love only for the shortest
Period of time in the world, disappears in eternity.

Copyright © Love Music, Dr. K. K. Mathew

FAITH

Complete trust or confidence in someone
Or in something; it's a complex mechanism
Of human mind, gradually developing, it's not
Abrupt in its evolution; initially it's a fiber like,
Easily breakable, slowly strengthened only by
Passing through many trials like a damaged bus
Subjected to so many tests; after winning the
Tests the bus runs over the public path with the
Passengers; once the tests are completed, faith
Becomes so strong and unbreakable, one is fixed
With the Almighty, humans become inseparable
From God, the greatest feeling; it guides humans.

Copyright © Love Music, Dr. K. K. Mathew

FEAR OF GOD

Almost in everything disorganization,
Untidiness in mind, lack of fear of God
Is the culprit; troubles in almost every
Part of the world, genuine love vanishes,
Dislike appears fast, genuineness decays,
Duplicates make appearance, everything
Outside only, nothing inside; trueness and
Genuineness occur only when sincerity
Fills heart; realization of indebtedness to
The creator is the prime duty of everyone,
The basis of everything; the loss of it leads
To disarray; bring back fear of God in hearts.

Copyright © Love Music, Dr. K. K. Mathew

FOREST

The green loveliness of love thickly grown
Adorn beauty of nature with liveliness of
Hearts beating inside that of animals, birds,
And reptiles, potentiate the beauty of the
Creativity of love, the stream murmurs the
The music of the trueness of love, the flies
Sing the glory of the creator, deer run with
The beauty of love, monkeys grab attention
Of humanness in love; the paradise of love
And sweetness cheer human hearts, silence
And solitude instill godliness in the heart of
The forest, multitude of trees and plants are
Playing and dancing in the gentle breeze and
The heart of the Almighty is exposed from
One end to the other, the colorful love visible
With the mesmerizing flowers and the green,
Colorful godliness flows in every nook and
Corner of the forest; the heaven on the earth.

FORGIVE AND FORGET

The best two weapons in the world
Ability to forgive soon is really a boon
Ability to forget is something unique
These two happen markedly when the
Passions for worldly suppressed by faith
In God, one goes to the vicinity of God,
One feels the worldly matters nothing,
Heavenly is wonderful and everything,
Let the heart work and find the reality
Love, forgive, and forget, the supreme.

Copyright © Love Music, Dr. K. K. Mathew

GENUINENESS OF LOVE

Ambiguity of love, it has more than one meaning
Multiple in nature, deeply rooted, can't do to erase
It or remove it, inseparable, soul has merged with
The other, heart has opened for the other to have
The eternal place inside, magnificence of oneness
Glitters like the twinkling star in the night sky, and
Genuineness of love is a perfume spreading love of
Fragrance inside, the feel itself has the mesmerizing
Sweetness of soul, only to be dipped in the paradise
Of heavenliness, a matter of unexplained charm that
Stimulates the perception of loveliness of love to be
With the image of the other, so simple it's to love and
To be loved and the holiness of love showers blessing.

GOD

You yourself can find the Almighty
Inquisitiveness and repeated searches make it
You must find Him with heart, with deep senses
How do the planets and sun function so meticulously?
The answer to it, gives clear evidence of His presence
God wants, everybody finds Him by himself or herself
The great truth is always unseen, a great mystery.
The barrier between God and man be crushed by faith,
By developing intense faith in Him, the passion for the
Worldly be suppressed and one develops passion for
God only, all these changes happen in human mind,
Man is approximated to the vicinity of God, and humans
Feel Him, taste Him, relish Him with open inner senses
I welcome everybody to be in the process of the searches.

Copyright © Love Music, Dr. K. K. Mathew

GOD ACTS

God acts directly when you come close
To God, come to the vicinity of God, that
Is you, yourself find God after countless
Searches in mind and you develop the
Confidence that God is with you and in
You; now you are totally prepared and
Become suitable for God's direct action;
Now it is the discretion of God to act on
You externally, on your worldly position or
Not, Cos worldly matters are of less value
For God; He values the inner life only, and
The worldly accomplishments may not be
A reflection of the inner position; the inner
Accomplishment is from God's direct action,
Man relishes heaven in miseries and sufferings.

GRIEF AND DEPRESSION

What for the sorrow and the depression?
Do they give anything beneficial to humans?
The sorrow and the tears lessen mental pain,
Depression is the result of uncontrolled grief
Of course prevention is better than treatment
The faith and confidence that "God is with me,
God shares my burden", prevent the worries,
Develop intense faith in God, have confidence,
Realize the great truth and become peaceful.
Always have these feelings wherever you are,
Painful mind and depression can be prevented.

HARDENED HEART

Many do have it, resistant to high morals
Nothing can penetrate the hardened heart,
For them, mind is so thickened, nothing will
Touch it, conscience is suppressed, nothing
Hinders them, no inhibition, humanness and
Kindness disappear, and sadists they become,
Indulge in dishonesty and corruption, they are
Unbothered about what all happen to others;
Such people have unresponsive mind, selfish,
Godly love can soften the hardened heart and
Thickened mind, intense faith in God makes it.

Copyright © Love Music, Dr. K. K. Mathew

HEAVEN RAINS

Never get disheartened, my love
God will give a way to be out of
The trouble, impossible becomes
Possible, you can, and you will win,
Success is yours, no doubt I have,
Keep on praying, nerves stretched,
Endurance tested, patience becomes
So extensive, eyes are wet, tears drip,
Intensity of prayers stimulates heaven
It rains, raindrops cool hearts, soul is
Relaxed, the obstacles all dissolve in
The raindrops, wonder happens and
God blesses, ultimate success is yours.

HIGHLY INTELLIGENT PEOPLE

Why do intelligent people prefer to be alone?
Cos they realize the reality, it's the sweetest,
Honey is dripping from above falling in the soul,
Concentration is the blessing, silence is heaven,
Solitude is the core of heavenliness, tasted and
Relished, heaven is built by them, in loneliness,
Silence talks, and converses with the inner mind,
A great truth; in intense concentration, through
The center of outer mind, they get in touch with
The Almighty, they contact Him with concentration
Only in silence and in loneliness; they realize many
Inner truths, realization continues with the attitude
Of reaching the vicinity of the Almighty, the usual
Habituation of getting dissolved in the Godly love.

HOLI

Festival of colors, everyone doused with colors
In the spirit of making merry together, eschewed
From the sourness of life, the hard thoughts take
A leave from human mind, to enjoy the loveliness
Of life; for moments, the paradise of sweetness of
Hearts comes in; the roots of the Indian mythology
Blossoms with fragrance, the story of Lord Krishna
And Radha becoming central; the multitudes make
The art of love making with colors, the hues of the
Loveliness in hearts make way for exposition of the
Cheerfulness in the spirit to consume the sweetness
Of life, forgetting the thorns of the past, to be with
The magnificence and glory of life, far away from the
Dryness of heart; honey dripping in the human mind.

Copyright © Love Music, Dr. K. K. Mathew

HOPE

The spontaneity of the most delicate feeling
That arises in mind, an expectation and desire
For a particular thing to happen; sweet melody
Is heard so softly amid mental agony, it soothes
And sweetens the tense mind, a great relaxation
Of mind occurs, it transcends mild fragrance too;
An unusual vision of a glow at far that welcomes
The person in intense darkness; it's a watch dog
Guiding, the presence of divine love creeps to mind,
An unusual presentation of well-being happens in
The depth of mind, too much of elegance of love is
Felt, the purpose of everything that happened is well
Known, the depression flew away, mind is stabilized,
Not wavering, as the base of everything in mind is the
Faith in God; a pleasant mind relishing a fruity smell.

HOW TO ABANDON ENVY AND HATRED

The major negative factors that down the world
Sheer ignorance is the root cause for all maladies
Mind is inflicted with all these dreadful diseases
Ignorance or absence of the inner life is the villain
Outer life without inner life produces the havoc;
Majority don't know the truth, each human soul
Is a miniature of God, loving others equals loving
The Almighty; awaken and realize this great truth,
Make attempts to get entry to the inner life and
The whole concepts of the outer world must be
Changed drastically; soul, the storehouse of love,
Come down to heart, love flows out of the heart.

IDENTITY

Each and everyone sent to earth with
A specific identity by the Almighty; that
Humans don't realize, a matter of glory
Given to them with a status equal to the
Image of God; He loves everyone alike,
The rich and the poor, the strong and the
Fragile, are the same for Him; "the sick, the
Fragile, the poor, don't get disheartened,
Call your creator with heart and soul and
Move towards Him, though you moved
Away from Him, He will keep your identity
Intact, He won't leave you, He will keep
You close to Him, He will wipe your tears".

IMMENSE WEALTH

The actual one and the perishable one,
The inner prosperity and the outer one
Outer one perishes, the inner one lives,
The inner one, you can't achieve alone
You need somebody's help to achieve it,
Somebody is sharing your heavy burden,
The trust and confidence "somebody is
With you always" make you immensely
Rich forever, you get contentment and
Peace of mind, irrespective of whatever
Adversities you have to face, how big it's;
Tranquility of mind is maintained, a sense
Of sweetness in heart, mind, and soul; who
Is this unseen somebody, it's the Almighty.

IMPERFECTLY PERFECT

We don't need to be perfect to be worthy
Of love; embrace our flows, imperfections,
Errors; never to become upset, they make
Humans something special, without flows
One can't become unique, it's the cardinal
Point in human life, never be disturbed by
The flows of your life, they only draw you
Forward and lift you to the top of mighty
Tower of success; life is a paradise of love
Only, ups and downs there, not always the
Forward movements, lateral movements
Are also there, accept them with respect,
Then only flows corrected, garden them,
Definitely beautiful flowers grow and they
Are fragrant, be thankful for imperfections.

IMPRUDENCE

Being unwise to detect the truth and the right,
Being pulled down by the imaginary thoughts
That is impractical, so much of miscalculations
In becoming unjust to the truth, divergent in
Making notions that is unbecoming, too much
Underestimating the gravity of the situations
And it may be associated with the ignorance to
Recognize and to ascertain, the hollowness of
Insincerity and dishonesty is projected, and the
Slipping away from truths make disobedience
To total love, with disrespect to the reality and
The sign of impatience is revealed, and a fall in
The making of naturalness and spontaneity of
The true association with justice and honesty.

Copyright © Love Music, Dr. K. K. Mathew

INDESCRIBABLE

Snapping connection when bad words hurt heart,
When insincerity thrives on the link in between,
When the naturalness is displaced by artificiality
The water of the stream dried up by the hot sun,
Words could be twisted to malign the sweetness,
Nothing feasible in heart, to beat with its rhythm
Compromised with the periphery, not with center,
Adhesiveness of love is thwarted with loveless acts,
Never to gain anything and something is being lost
What is it, it can't be described, but heart is telling,
Everything is alright on paper but heart is evasive,
Polished the mind in every way but the soul is torn,
Many things are indescribable, heart contains them.

INNER PATH

How many know an inner path in everyone?
One has to travel till the end; it's the inner life.
Science doesn't know it, only spirituality reveals,
Travelling on it, one goes to the vicinity of God
The path isn't bed of roses, it's full with thorns
It will hurt feet, and feet may bleed profusely
So many blocks on the path, so difficult to travel
But faith in God pulls the person over the blocks,
With each jump over the block, faith strengthened,
At last faith becomes so strong and unbreakable
Then the passions for the worldly are suppressed,
Deep senses open, person sees and hears with them;
Traveler reaches the vicinity of God, hears God's words,
Endpoint is a big zero; he's nothing, everything is God.

INROAD

An inroad in human mind to heaven,
Science doesn't know it, only divinity
Reveals it; in the majority it's blocked
By worldly passions, and no connection
With Heaven; how to open the inroad?
Nothing is possible with worldly means
Only with intense faith in God, it opens,
With faith, the world and worldly gone
The passions for worldly are suppressed
The inroad to heaven opens and man is
Directly linked with heaven and it opens.

JEALOUSY

Sheer ignorance of life, the cause,
Unknown, worldly life is perishable,
Ignorant, inner life is the real life that
God values much; ups and downs in
Worldly life is nothing before God; and
Humans to know, the soul of everyone
Is Godly, a miniature of God; absence
Of realization is the culprit; endpoint
Of inner life is a big zero only; if man
Has the wisdom to realize these truths
The feeling of jealousy will disappear.

JESUS

A reality and a great truth that stands erect
In my soul forever, keeps me live, keeps my
Every breath intact, the glittering happiness
Enlightens my heart forever, soul becomes
A paradise of love and exuberance, only to
Taste heavenliness amidst pain and miseries,
How sweet is my saved life twinkling with the
Depth of divinity and wisdom, He lives in every
Fragment of mine, meeting with the blissful
Elements of love, they jump with astonishing
Cream of love from the cross where He shed
The glory of love for me, to be rejoiced in the
Mechanism of my life getting renewed every
Moment, now I feel, my life is fruitful to carry
The greatness of his Heart, a true messenger.

KINDNESS

The quality of being friendly, considerate, and
Generous; having the feeling to help the needy,
The downtrodden, and the poor; and developing
Sympathy for who are grieved and despaired, the
Life is full with the fond softness for others, mind
Is always easy to melt, never it becomes hard and
Never it's made so envious, or hostile; such a cool
And collected heart, full with pure love, flowing on
All sides, a wonderful caliber of true love exists and
Is mixed with sympathy, it's tenderness of heart, it's
Too merciful, and it forgives, highest order of love
And sympathy, only to make the heart so glorified,
Nobility of mind makes the cooling of heart with the
Music of sympathy to welcome the goodness of love.

KNOWING GOD

Many face tribulations in life especially
Those towards God; they feel, why God
Is cruel, some ask why God couldn't save
Millions of Jews from Hitler, it's big cruelty.
Worldly life is trial period to be in eternity,
Ups and downs here is nothing before God,
Only inner life is the real and nonperishable
That leads to eternity, where soul lives with
God; one should have the wisdom to read it,
One gets divine wisdom with intense faith in
God that is all what God wants from humans.

LIFE

God, the creator made man in His own image
To be with Him always, man's best companion,
God wanted man to have life with Him always.
Man has distanced from God miles and miles
Away, still God is waiting for the erred humans,
Man, in his own effort, should find God by faith;
By intense faith only, man comes close to God,
There is no worldly means to meet Him directly,
The worldly passions to be suppressed by faith
The barrier between man and God crushed by
Intense faith, and develop passion for God only,
Man is approximated to the vicinity of God by
Faith; man to live with God forever, follow Him.

LOVE AND RESPECT

Love someone, a strong sense of liking and
Affection; developing an emotional closeness,
Intimacy; a feeling of mystery that is a passion.
Respect more in depth, a deep admiration for,
Based on who a person, valued and encouraged
Keeping an open mind and appreciating different
Perspectives, concentrated on, never neglected.
Love embarks on a personal outlook while respect
More in general; love conquers and falls in, love
Endures, it doesn't swell; respect is the same or it
Increases with skills, or prosperity, or achievements.

LOVE MUSIC

Strings of love tightened to make sound
Of music, echoes in the air of heartiness,
Elements of love distinguished to prompt
Singing in heart with tune of love to cope
With and assimilate the diversity of love,
Everything comes in spontaneity, and the
Unspecified music felt and heard in heart
To specify the modalities of life and to be
Sweetened every moment of life, silence
Of love calls me to sit in solitude, loneliness
Is lovely, concentrating on the core of the
Silence, an emergence of sweetness lifts
Me to the melody of heartbeats, the beat
Echoes the music of love, altogether love
Is in effect in deep silence, plays the music.

MAHATMA GANDHI

The word love given a new horizon of activity
Just as Jesus Christ did and preached long ago
"Love your enemy and mold him to the newness
Of life", a magnificent cream of life and is to be
Blessed with the sweetness of kindness, it's the
Unique theme of life, he advocated and practiced;
And applied this stream of love flow to the rocky
Areas and the rocks to be melted, the great power
Of love was exhibited to the multitudes, and to the
Emperors, human endurance was made blossom
With fragrance of love, and he showed everyone that
Love is the greatest power, it's God only to touch
And heal the explosive mind of hostility, a marvelous
Attitude to the dark side of life and made it succeed.

MASS THEORY

Every mass in the universe is perishable
Every mass to mass reaction is perishable
Human body to body contact is fruitful but
Perishable, but the godliness in humans is
The soul, it's nonperishable, it's weightless,
It floats and flies; gravity of earth can't pull
It down, soul moves to the eternity floating,
And lives there forever, while the body falls
Down and gets putrefied; everything in the
Human being gets decayed except the soul
That lives forever, all humans shouldn't be
Controlled by the body, but be guided by
The soul; finding the soul must be the aim.

MATERIALISTIC

Concerned with acquisition of wealth and
Making money only, can't think of anything
Beyond that; a material is the matter from
Which a thing is or can be made, all that is
In mind; the seen material is all that attract
Mind, to be possessed, but doesn't know the
Great truth that the materials are perishable,
Have no life in them; the whole universe is
Perishable, unless life in it; don't waste the
Life time to acquire the perishable materials,
But try to possess the unseen truths that are
The essentials for the eternal life; humans
Should have the wisdom to realize this great
Truth at the earliest; how can it be possible?
It's possible only by search and developing
Absolute faith in God; with faith the worldly
In man is dissected out spiritually and humans
Enter sphere of eternal truth to be guided by it.

MEDITATION

Concentration, the much needed for mind
Focused on one point, mainly at its center,
Mind, never to waver or not to tilt to sides
A sort of taming the wild horse running amok
Faith in God softens hardened mind, laxity
Ensues, practices fruitful, mind trained to
Concentrate at center, the site for the link
With the Almighty; silence around, boosts
Concentration, mind unmoved, starts sending
Signals up through center, mind is absorbed
To the tranquility of divine love, moves to the
Vicinity of God, fixed there for long, human
Is dissolved in the essence of godly love and
Man gets the feeling of being dissolved in the
Mesmerizing power of Godliness for minutes,
For hours, it's the real meditation, nothing else.

MY CROWN

A circular ornamental headdress, a symbol
Of authority decorated with jewels; crown
Of mine means, highest part of mine, the
Top most part of mine, my head, my glory,
The integral part of mine, the esteem, my
Everything; the most delicate feeling of the
Extreme love mixed with the best respect,
A form of my heart and soul, bestowed with
The highest glory, the culmination of deep
Feelings amounts to the crown with jewels
Glittering inside, lighting me forever with
The magnificence of love and the safety of
Life, added with the extreme integrity of love.

ONE WORD IS ENOUGH

Never hurt the heart of one, only one word
Is enough, it's a knife, cuts heart into pieces,
It takes time to heal, especially slicing heart,
Two things that are close to God, are helping
Others with love and not hurting their hearts,
God counts, it's superior to amassing wealth,
Love can't be bought, spontaneous in origin,
One kind word is enough to heal the wounds,
Harmony is the core of the very pleasant living,
Salute heart beating with magnificence of love
One slip is enough to torpedo everything that
Is built high to reach the sky and even heaven.

PASSION

Strong and controllable emotion for anything
Mainly for the worldly and for God, the liking
Is so much, the person is attracted to them, a
Matter of intense heartiness that itself controls
The person, a fascination, it's so absorbing in
Its quality, a form of a driving force which the
Person may be able to control, it never outflows,
The magnificence of thoughts and feelings, and
Emotion pulls the person to the object of liking,
An attitude of fondness tunes heart and mind to
The evolution of inspiration to be with, a desire
Of moving to the object and catching it with all
The emotions painted on the beating heart and
It sings the music of pleasantness to be attracted.

PLEASURE WITH SATISFACTION

The moment it comes in mind, I won't wait,
I stop the other work being done; inspiration
Still hangs, I open the laptop, start typing,
I don't know what to type, what it will be,
Still typing, fingers move very fast, inspired
A lot, exuberance comes in, mind is pleasant,
What for, I don't know, it in mind works so
Fast, words spill from mind so wonderfully,
I feel, words love each other, they don't clash,
Harmony on the screen, uniformity in words,
Poem comes to existence in spontaneity and
I enjoy great pleasure with utmost satisfaction.

POETRY DAY

Poetry, the sharpened knife of truth
Cut and mold human mind to grab
The truth from above, from the soul,
It fills heart and overflows and goes
Out in spontaneity, the trueness of
Justice and the glory of truth subdue
The arena of science and logics of the
Human life, only to warn and guide the
Human society as a whole and to project
The truths of human life in advance to
Influence human hearts to pick them
With the sharpness developed, to be
Agile always with watchful eyes, humans
Are taught by poetry, the mixture of two,
Loveliness and wisdom, that live forever,
Truth never perishes, poetry lives above
The earth, it cuts and molds every heart.

POETRY IS BEYOND SCIENCE

Poetic imagination coupled with divine
Insight, flies ahead of everything, that
Will be proved true only in the course
Of time, in future; it can't be measured
By scales of science, while science proves
A tiny part of God's craftsmanship with
Worldly researches and findings, which
Is only a fraction of the poetic truths, and
In a moment poet can analyze universe,
Heaven, and the Almighty; it's more of a
Poetic, divine wisdom that comes from
The above, while science rests on human
Brain and intelligence; poet is associated
With truths only, it's more of having the
Divine element, without physical activities.

PROMISES

Words shine, words fixed, with hearts to them
And souls bless, words float above thoughts,
Fly to zone of tranquility, deprived of emotion
And land in hearts, promises to make, cream
Of love intensified and coated on the promises,
So solid they become, never deter, never shaky,
Deeply rooted in heart the promises; promises
Grow to tree, much bigger than the hearts, sweet
Fruits hang, beautiful flowers blossom; beauty,
Sweetness, and fragrance adorn the promises,
The trees grow tremendously; hearts become
Old and weak, they stop but the promises stand
Erect forever, the big tree grows, reaches the sky.

QUITE UNWANTED

Anger and hatred are nonsensical reactions
Of human mind, reflection of bad elements,
Never succumb to the fury of these, an act of
Winning the human life; the two don't do any
Good to mind, the human being is burned in a
Pyre of fire which is difficult to be put out, life
Is being consumed slowly by the fire, an escape
From it is possible only by the realization of the
Truth, try level best to forgive and forget the
Sourness of the past, and fully understand the
Truth, "to err is human"; fire is extinguished in
No time; looking at a new horizon of brightness.

RIGHT WAY OF LIVING

Cream of human life is manifested as finding God by himself or herself, along with worldly Life like education, and service to the society, A totally changed concept of hermitage or of "Sannyasa", that leaving everything of world In mind only, not outside; seclusion in mind Only, not outside; mingling with world outside But totally secluded the mind inside; mind is Always working, dissection of mind with the Scalpel of total faith in God, a process of the Dissection, or searches, continue over decades Till he or she finds the Truth, that is God, and In the meantime during the searches what the Person does for the society is the reflection of What is inside the mind, that is to glorify God And once the person finds God by himself or Herself, God does everything for the person.

SAFE

Safe in the hands of God, a great belief
Is built in the heart that sparkles in the
Soul, the most wonderful feeling that
Lifts everyone above the miseries and
The sufferings in the world, truly an inner
World is formed inside you if your trust
In God is so high, the trust really builds
A fort around you, it's the hands of God
Around you; one with this type of faith
Truly feels this wonder, mind becomes
So sturdy and it will never bend or break;
The safety of the first order, everyone can
Have; how many of you realize this reality?

SELF-MADE

Becoming a self-made person is the best
Not depending on anybody, on own feet,
Integrity and individuality are maintained,
Making creativity of heart and soul at will,
Depended only on the unseen power God
Faith in Him is intensified to the maximum,
God guides, He controls, and He nourishes,
Unbothered about what all others criticize,
Heed, and look at what own mind dictates,
Self-reliance and self- realization achieved,
Proud of what was achieved, the self- made.
What happiness and God is being glorified.

SHAMAR JOSEPH

The West Indian fast bowler in test cricket,
In 2nd test against Australia, the mightiest,
West Indies hadn't defeated Australia in 27
Years; his toe was broken and he wasn't fit to
Play, he was hobbling, yet he bowled for his
Country, ten overs on trot, picked six wickets
And West Indies won the match by eight runs.
Look at him, he is the real hero, incomparable
He gave his heart and soul for his country and
Did the miracle that won't appear in a dream;
When your heart and spirit together for a fight
In a crisis, wonder happens, it's the real bravery.

SKYLARK

Song of love, the music of togetherness
Heard in the air, from a brown gem coming
Down to thwart the fear in heart, to cope
With the pace of mind, the bird dances with
The eloquence of love to speed up, the up
And down flight of the gem beauty to catch
The loveliness of the green and to pick the
Angels of music, going up very high but it
Transmits the sweet music of difference and
Exhorting the whole world the loveliness of
Love and the music of soul, emitting from
The throat of the brown gem, the small bird
Is a magic of love, the charm of togetherness
Transferring love and music above the earth,
In the air, on the trees, and on the ground of
Soil, visible art of music spreading everywhere.

SMILE OF HEART

The broad features into pleased, kind, expression
With the heart so stretched and contains happiness
With inroad to amusement of love that transcends
The sweetness of life where soul is stimulated with
Melody of love singing inside with the softest and
The sweetest music that sweetens the human with
The blissful feelings of heavenliness, it accounts for
The caress of the unseen Almighty and the blessing
Is transfused to every part of the human, the rarest
Occasion where heart blossoms, spreads fragrance,
And the nectar of the heart- flower sweetens soul.

SORROW

A feeling of distress when mind is down,
Mind can't be straightened, as it loses its
Tone temporarily, a feeling of being sunk
In deep water; look above, you definitely
See a wooden plank floating, you hold it
And the mind is straightened, it will never
Go down, the grace of God cements mind,
It becomes firm and flexible, it can move
Up, concentrate on the above, a feeling of
Relief, free from the feeling of big distress,
Keep mind up always, sorrow is nullified.

SOUL DREAM

It's what soul tells, what inner self says
It usually occurs in who found the Truth
By continuous search of mind, dissecting
Out the excessive passions for the worldly.
Soul is the storehouse of Godly love, it's a
Miniature of God in every human, and soul
Controls and guides humans when body is
Spiritually dissected by intense faith in God.
Soul dream is "intuition", God speaking to
Man, the greatest event where body isn't
Involved, the absolute link between man
And God through inner sense, a divine bliss.
It's the Godly love to the humans, man gets
The intuition, the sweetest and the divine
Words from God in sleep and in day time
It's heavenly bliss, man can share it to others.

SOUND OF MUSIC

Sound to produce beauty of form, expression
Of emotion, and harmony; sound with controlled
Pitch and timbre, and with the controlled periodic
Vibrations; a feeling of sweetness, with heavenly
Touch is transfused to human heart and soul, that
Mesmerizes human conscience with an inroad to
Divinity, the loveliness of love is exuded, with the
Transparency of love caressing every part of body
Only to feel the magnificence of sound dissolving
In the spirit of heavenliness, the sound of divine
Love easing its way in the air and blesses humans.

SPONTANEITY IN WRITING

Uninterrupted loveliness comes from above
Touching on the heavy clouds accumulated,
It rains to the heart and it overflows, endless
Joy contemplated and it flows in spontaneity
Till the contentment ceases, loveliness of the
Love blesses, the mind is elevated to the peak,
The flow has bypassed the brain and thoughts,
Production of easiness of the ripples felt and
Murmur of flow plays the music of the heart,
Spontaneity in everything appears and then
Disappears, dozed for a moment, eyes opened,
Screen of the laptop is full with words of soul.

STARS

Loveliness of love condensed to
Form minute fragments of love
And scattered in the whole of sky,
It's a night beauty, quite invisible
In daytime, the minute love stays
In the sky with the hearts of love,
The hearts beat with light of love
That twinkles in the night sky with
The beauty of love and shower the
Blessings of the creator Almighty on
Every heart beating on the earth to
Be synchronous with the heartbeats
Of love in the sky; the unification of
Love in the sky with that on the earth
Occurs, quite unknown to man, it's
The different variants of love of the
Creator, up and down, twinkling in the
Darkness, the extreme beauty of love
Studded in the sky as the miniature of
Beauties smiling always and singing
Like the angels in heaven, which man
Can't hear, everything is the love of
The creator in different forms in the
Sky and on the earth, all His glory only.

STIRRING

Stirring mind, shaking heart, caressing soul,
Social cause projected; poetry does it apart
From words beautify and the truths chained
To conquer hearts, so much of fulfillment of
Duties expressed, evils abandoned, sweetness
Instilled, caution given, heals the torn mind and
Soul; poetry is a sharpened knife, it cuts mangoes
To be eaten, it cuts and removes the dead parts,
The healthy parts are retained and rejuvenated
The sweetness of words mesmerizes mind to be
Sedated, it can alleviate the pain of miseries and
Despair; loveliness of truths and justice can make
Thoughtfulness sharp, it's the inroad to wisdom.

Copyright © Love Music, Dr. K. K. Mathew

SUCCINCT

It's marked by short concise expression
Without words; an analogue that is the
Expression of what is in mind, loveliness
Of heart beating outside and singing the
Music of inside, telling the truth of mind
With mouth closed, epitome of stillness,
Expressed outside with power of heart,
A way to mitigate the forceful emotions
Inside, the beauty of silence is projected
With the magnificence of expression, an
Art to be made with flowery truth being
Exposed, enjoyment of the beauty of art.

SUN RAYS

Light that glows far in the darkened hearts
Blooming face that peeps in the picturesque
Sky, the luminance of love that is bestowed
On every human soul, metaphysical images
Of radiance of kindness that illuminate sign
Of interpretation of divinity, and all assemble
Together to thwart the darkness, evolving
Transparency of godliness, that acclaims the
Glory of the unseen power to testify the
Durability of heavenliness, the validity of
Love plays the music of purity and it dispels
Every element of darkness from the hearts
Establishing brightness of love everywhere.

SWEETNESS OF SUFFERINGS

Many think, it's unrealistic and unbecoming
But it tells a truth, an everlasting reality with
An open inroad to the vicinity of the Almighty;
Feeling the caress of the unseen superpower
That is felt as sweetness on the tongue and
The body, amid the pain one suffers, it lessens
The sufferings; mental tensions are markedly
Relieved, new strength is instilled in soul to win
Over the sufferings, fire is extinguished, new
Energy is infused and torn mind is rejuvenated,
A new meaning of calmness is felt, everything
Occurs after having intense faith in the Almighty.

TAMING OF MIND

The biggest accomplishment in human life
It's the biggest achievement one can have,
The world and its developments can't do it,
Possible by developing intense faith in God;
World and worldly are gone from the mind,
Hardness of mind is gone, it becomes flexible
Mind can be stretched to any point, lifted and
Brought down; the side to side movement is
Also achieved; mind can be lifted above the
Areas of worries, despair, fright, and agonies,
Wild horse is tamed; tied with a pillar of faith.

TEAR

Purified distilled water that comes out of
The eyes; the dew from above fall on soul
Purified in soul and come to the eyes as and
When required, a divine mechanism of love
That cools the burning heart, wets the happy
Heart so that it shouldn't be egoistic; tear is
The grace of God that blesses painful heart
As well as the joyous heart; the grace of God
Comes here in the form of purified water, the
Exquisite form of divine love to console humans,
The kindness of the Almighty for the sorrowful.

TELEPATHY

The ability to know what is in someone's Mind, or the ability to contact someone Without using words, or physical signals. It's soul talking, or soul communicating Purely in persons, in whom soul takes the Upper hand, who have found soul in their Lives; soul is so active and receptive and It can perceive so highly as it's divine and It communicates Godliness, a matter of High conductivity; soul is the storehouse Of divine love; love and Godliness together Can supersede human mind and the law Of physics, a great wonder of conductivity.

THE BIGGEST PROBLEM

Humans don't know what they are
Not externally, but internally, the
Inside whereabouts, not anatomy
But the functional life; if man knows
Himself, he really knows God; it's the
Biggest problem, humans face today;
Unless you know yourself, how you
know God, others; base of every man
And woman is faulty without it; it's the
Root cause of all maladies man faces.
Humans should know at least a bit of
What they are, it should be their first
Priority, life is then truly brightened.

THE DEPTH OF PALM SUNDAY

Many are totally blind in heart, to detect
The gem of the world, that is why so many
In the world are living miles away from the
Most precious diamond, God; as they can't
Recognize Him, Cos they are driven away far
From Him by the negative forces; it's the sad
Plight of the humans; how many know, God
Is in tears as humans totally ignore Him; man
Is attracted by the worldly affairs and he's fully
Engaged to achieve them; once dipped in the
Worldly, man can't escape from the trap of it
And he is unable to move to the vicinity of God.
In Christianity, the neglected and totally ignored
Jesus Christ is forced to show His kingliness to
The blind humans with His triumphant entry to
Jerusalem, He was treated by cheering crowds
Waving palm branches, sign of a royal welcome.

THE GREAT SATISFACTION

You get it when you could do something creative
Something new to the society, it's new to the world
It's useful to mankind, it may be a divine revelation
Something very original, it makes the mind blossom.
If it's not done, doing something good for the needy
Or alleviating a bit of the miseries of those suffering
Something genuine done, useful to the sick and poor
You could love others more than you love yourself and
The great sincerity shown to others with an open mind
You never hurt the heart of anyone by words or deeds
Great satisfaction fills human mind and it's so blessed.

THE REAL CONTENTMENT

Be satisfied fully with what you have, the truth
Of life to be well understood by everyone; only
Look at yourself, not at others; always inside is
To be nourished, not outside; the real wealth is
Contentment only, it can't be bought by anything
In the world; what you have is enough for you to
Live; contentment in poverty, how does it happen?
Poverty takes one close to God, the trust that God
Is close, gives immense satisfaction in mind, more
Than anything; the truth is, the poor and the rich
Are alike for contentment, what one needs is the
Strong feeling of presence of God, it gives the real
Contentment; have only enough what God has
Given, live with that merrily and aspiration for more
Than it gives worries; believe, feeling of presence
Of God will give full satisfaction, it's the best life.

THE TRUE RESISTANCE

Why do humans worry about everything?
Worries and despair are totally unnecessary,
Unwanted if one looks deep into the truths.
Immunity of mind and body is truly needed,
Not the immunity of body alone as the science
Says; look at the center of mind, try level best
To concentrate on it; initially difficult but with
Constant practices things become easy, moving
Mind becomes steady, concentration becomes
Intense, something unique felt at center, and an
Automatic choice of trust developed to the center
Of mind, an inquisitiveness developed to explore
More about the center, devotion to uniqueness
Of mind at its center continues, divinity flows in,
Utmost concentration of mind attained, taming
Of mind achieved, realizes that the center of mind
Is the route to the vicinity of God; the process is
Much superior to the simple meditation; with the
Process continuing daily, the person goes so close
To the Almighty, it's the true resistance of mind
And body against all sorts of challenges especially
The dreadful diseases, which man fails to explore.

THE VALUE OF SOUL

Soul, the storehouse of divine love in
Humans, the miniature of God in man,
Primary aim of human life is to find soul
And life is fully controlled by the soul;
How many humans know this truth?
The life with soul is the paradise of love
The vision here is a great wonder, things
Are many times beautiful than what is
Seen on earth, sweetest to taste, and
Heavenliness everywhere; ignorant are
The many to know the truth; let the body
Be spiritually separated by intense faith
In God and live with soul, it's paradise.

TIME

The best companion ever, always with me forever
Till I will be in the grave and thereafter in eternity,
It won't slow down, always by my side, never it goes
Ahead of me and never back to me, it's so consistent,
So meticulous, and so faithful; I always depend on it,
And never I went wrong, so humble and simple it is
Never it betrayed me, it loves me so much, sincerity
Is its core, dedication its character, numerous friends
It has, so agile, it satisfies everyone, connects people,
It's so punctual and earnest, it awakes me from sleep,
Its sound is musical, exactly like my heartbeats, it plays
Melody of life in my heart, so inspiring, I become fresh.

TIPS FOR ETERNAL LOVE

Love with soul not with heart or body,
Love the above, to be reflected down
Love others, world through the above,
Enjoy Godly love reflected on humans
It's love of eternity, delicate and tranquil
With no inner proximity to humans but
With God; see now the world of soul that
Is full with righteousness only, no evils
Anywhere, soul flies above the wrongs,
One feels the images of love pertaining
To each and everyone, the images of the
Miseries and sufferings won't touch soul
As it's above everything, only sweetness
Of love prevails not the odd, calmness of
Love is deeply felt, the feeling of flying on
The wings of love to heaven is experienced,
Absorbed in the essence of the love forever.

TO FOLLOW

Be thankful, and love the creator
The creator of the whole universe
Creator must live in heart and soul
Not on tongue and in the utterances;
Worldly separated by intense faith in
God, barrier between man and God
Crushed by faith; feel and relish God,
Have a personal relationship with Him;
The best companion ever, so loving
And trustworthy; Know Him with heart,
Live in the vicinity of God, follow Him.

TO LIVE

So difficult to accomplish it today,
Check it every day, head in position,
Live without any hurt is the luckiest;
Living is like sailing on a tiny boat in
The vast sea, sea roars, storms hit,
Heavy rain comes, water fills boat,
Boat encircles in water under current,
A whale hits the boat but it survives
The lighthouse on the other shore is
Visible, the boat is split into two and
The sailor jumped into the sea, swam
To the shore; he believes, his plea to
Heaven in the challenges let him not
Sink in the deep sea and reach shore.

TOMORROW

One after another, placed on the previous,
Hope on hope, thoughts above the thoughts,
Feelings divergent pass and emotions burst,
Hopefully come beautifully, never to collapse,
Palace of glory built in mind, final finishing on
The way, the sweet melody heard, it spreads
With intrusion of sweetest belongings; today
Stands erect but the spine shaking, yesterday
Couldn't stand up, head tilting; hopes and
Beliefs drum the music of the better, and it's
Aired over the tinges of apprehensions that
Are downed, and a brightness is made to see
At a distance, hope combines with feelings
To stimulate the dark clouds above, rain with
Vision of loveliness, wetting every hardness.

TRUTH

How many know, universe is sum of truths
God is the culmination of trillions of truths
The crux of every human being is truth only
God is truth, universe is truth, man is truth;
Humans only malign truths, become polluted,
What man should do is to be true to everyone
True to the Almighty and to all human beings
One should expose the reality of oneself, true
To one's own thoughts and deeds, never to be
Ashamed of it; if one becomes true, one becomes
Attached to the greatest truth, God, and to universe;
Be very true always to everything and to everyone.

VALENTINE'S DAY

Someone you love, to have romantic relationship,
Honoring the martyr Valentine through traditions
A declaration of love to the partner or to all humans
A wider perspective to spread love all over the world,
The Almighty, universe, and nature are to be adored,
Recognize love in heart and dispel loveless thoughts,
Renew heart and mind to accommodate more love
Think of the poor, downtrodden and the sick with love
Try to extract divine love from soul, put into practice
Instill drops of love in conflicts, quarrels; put out fire
Accommodate endurance and forgiveness in hearts
Take a firm decision, let the world be filled with love.

VERY SIMPLE

The graphic cross section of human mind,
Confusion prevails, the center at periphery,
God to be at center, is missing, quite unseen
Sunk in something somewhere, untraceable,
Purpose of life is to put everything in order,
The missing God to be found, placed at center
Then the confusion disappears and God guides
Everything in order, mind becomes so stable
It becomes clear, tidy, peaceful, and tranquil;
Cleaning process is done by utmost faith in God,
Otherwise nothing genuine done, dies in mess
The truth is expressed here in a very simple way.

WARS

What for the wars, what for the conflicts?
It's the sheer ignorance to understand love,
Man was created in love, and to live in love
Humans fail to read love and its magnificence
Human's failure is exploited by conflicts, wars;
Love has many facets, many don't know them,
It's the root cause for all the loveless attitudes,
One facet is kindness, the other is forgiveness
It's the sheer ignorance of the people, or nations,
Humans lack the wisdom to be gained from God
The fundamental defect of humans for the wars;
Humans and nations should be patient to study
The basic structure of love and its different facets,
Distrust in the Almighty causes all these happen,
A mixture of kindness and forgiveness is the cure.

WHAT IS BEAUTY

Many are deeply attracted by worldly only
They are the victims of their outer senses
All that glitters with outer senses isn't gold
They can't go out of purview of outer senses
They can't see beyond the materialistic world,
For them what visualized here are everything,
They can't think of a beauty beyond worldly.
But the real beauty is what is seen with heart,
What heart sees is the inside of a human being
That can't be valued with human outer senses,
Beauty of a man is the precious inside of him,
It's the culmination of so many qualities inside,
Heart judges it; it's the total value of the inside.

WHO AM I TRULY

The intention of me from adulthood,
My profession isn't for making money,
The charm is selfless service for the sick
I followed it strictly, nearly five decades
Great pleasure when the sick was healed
So many pleasures coupled and I'm elated
At the latter part of life, I'm above the earth,
I'm the happiest Cos I could do something,
My purse is full with "grace of Jesus Christ"
Not with money, and I'm fully contented,
I want to die as what I'm, an ordinary man.

WOMEN

Golden the love flowed from them
Silvery is their affection showered,
Jewel studded, their tender hearts,
Heavenly love fills their souls, and
Holiness and divinity mixed together
In love towards their children, angelic
Love towards others, wonder of love
Manifested in them; earth becomes
Tender Cos of them; angelic hearts
Become steel like sturdy, courageous;
Females can withstand any adversities,
Without them, earth becomes a desert
Fully deprived of water, the pure love.

WOMEN'S NEVER DYING LOVE

Love has immortal link, can't be detached
It's soul love, it lives forever in the eternity
Pure love is God who connects the two souls.
Love of Trinidad and Steve, is epoch- making,
Steve is no more and Trinidad lives to glorify
Their love, and earnestly waiting to join him,
Many photographs she publishes are the real
Monuments of their eternal love on the earth;
Also the image of love Jasna Gugic for her lover
Who is in Heaven, her heart beats to meet him.
How pleasant the lives of them, hearts singing
The music of love that thrills partners in Heaven.

WORLD WITHIN

The trueness of its existence is well experienced
Not by all, but those who have found truth in life
A reality just as the twinkling stars in the night sky
Humans are quite inattentive to its existence inside;
Try to learn, living in it forever is the purpose of life,
It's the most tranquil place, filled with divinity and
Holiness, it's so delicate and the softest, never one
Can feel it in the outside world, one can visualize it
With open inner senses, the most attractive world
Where one lives in the latter part of life, after many
Searches in mind for decades based on faith in God
That has become stronger with each search; world
And worldly gone and one gets into this world inside
Far away from the miseries and sufferings of the outer
World, it's the world of soul, where everyone must live.

WRITE OFF

Could you write off the worldly from mind?
Very difficult, it's impossible; but you can,
It's the greatest achievement in one's life,
Much better than securing high positions
Much superior to amassing so much of wealth,
It isn't possible with all the worldly means,
Possible by only one thing, intense faith in God;
Have the endurance to win over many trials to
Get certified for your competency to be with God.
The passions for the worldly, like the greed, envy,
Anger, hatred, sexual drive, are all suppressed,
Only passion for God developed, approximated
To the vicinity of God; now you are at the pinnacle.

LOVE MUSIC

DR. K. K. MATHEW

Love Music, is primarily made up of mystical and deeply spiritual poems. The poetry primarily depicts the realities of human existence, and its core themes are love and the goodness of mind.

This explanation of pure love's delicacy, serenity, transparency, divinity, and godliness is excellent. The many facets of true love are exquisitely expressed.
