PREFACE

Whisper is my 44th poetry book in English and it is largely mystical and profoundly spiritual poetry. Within this nearly every aspect of the human mind has been covered in this book, and the poems serve as a manual for overcoming temptations that people fall prey to. The book also draws a line between the goodness found in the human intellect and God. It also, and perhaps most importantly, explains how man can approach God directly and develop a personal relationship with him. The majority of people on the planet lack this process, which is the main source of all problems and significant conflicts worldwide. The world becomes completely black as a result of people's willful ignorance of it. It is of the utmost significance to distinguish between the worldly life and the spiritual life. Explorations are conducted to solve the mysteries of God and the universe. My inner mind has disclosed revelations and realities in almost every one of the book's poetry. The inner voice and intuition are relatively unknown to the outside world. These stories are gifts to society because they are unwavering facts. The lack of God in people's hearts is the reason why the world is currently suffering greatly. The divine wisdom included in the book's poems will have a positive impact on today's society. In order to reach their destiny, everyone is invited to go on an inner journey and enter the inner life, which the poems demonstrate to be far superior to both the inner journey and the worldly materialistic existence. I have written in the book that "I am nothing, and everything in me is God only," which is the huge zero at the end of the inner trip. Human life needs to be centered on God. I have emphasized the crucial idea that every person needs to understand that the only thing

that truly matters in life is God's grace, not their accumulation of material wealth. This passage eloquently captures the beauty of inner life, which, as I have said, is far beyond the pains and afflictions of this world and gives one the strength to endure them. Only one receives God's life and eternal happiness here. An existence like that is almost ideal for humans.

The book's poetry wonderfully defines self-realization and outlines steps toward achieving it, emphasizing the value of self-realization. The achievement of self-realization in human life is the understanding of oneself and, in turn, of God. Not worldly achievements, but knowing God is the ultimate achievement in human life. I have also outlined the ways in which one can become self-reliant and emphasized the critical need of doing so. The two most crucial attributes that one should have are these two. The only path to complete world peace, as these poems urge, is a complete metamorphosis of human thought. I have emphasized the significance of solitude and quiet, as these provide the sole conditions necessary for complete focus and communication with God. I have drawn the boundaries of the most peaceful, tension-free planet that exists far beyond the current one. I have described how to enter this planet. I have often taught that the foundation of all spiritual accomplishments is the formation of a strong, unwavering trust in God. I have described what a spiritual dwelling is and what true spiritual happiness is. Many facets of love were also explored in these poems, such as the personification of love, its divinity, its vision, its super love, its galaxy, its salvation, and its personification. Simple qualities and concerns such as unending, escape, esteem, fires, insight, thought, reliance, harmony,

realistic, abundance, echo, behold, retrieve, critically, clarity, sunset, and art are explained in great detail. I also talked about God's whisper. I have presented the truth about human mortality. I introduced the brilliance of someone who possessed attributes like endurance, sincerity, compassion, and insight. I've discussed the significance of soul love, the distinction between liking and loving, and how to project it so that everyone can embrace it. Without a doubt, God's love is soul love. There should be more awareness of it in modern society.

I think that reading this poetry collection will introduce readers to world of spirituality and godliness. This book provides a means of escape to inner life, away from the materialistic existence. The human psyche is completely transformed by these poems.

A LAMB

She is really elegant and lovely
At its best, serenity and affection
Usually quite cordial, quiet nearly all the time
With the exception of calling pals, it sounds
Nobody on earth has ever seen an animal so gentle
So unassuming, so basic, never thrilling.
Writing about her and thinking of her frequently
Every day, she was spotted grazing in the adjacent field
It was not her pals who missed her that day
Only her buddies were grazing; she hadn't been seen in days
Heartbroken to learn that many ate her
For days, I was unable to sleep; the white sheep had vanished
She was at the dinner tables, terrified to find out.
Eyes moist, bewildered by pain, was there a murder?
Why are people unable to comprehend the intense suffering they endure?

ABSORBED

One becomes absorbed in sanctity, piety, and divinity
God blesses those who integrate with them.
Godliness diffuses and holiness purifies, never leaving,
Returning because one becomes an integral part of them;
The person and man are seduced by the world and its worldliness
Turns crazy and inebriated, becoming a slave to the worldly
They refuse to come along and become a part of them, yet being
The entire texture is being ruined, completely guided by them.
Never pursue the materialistic world since it will cause you much harm
Will be fulfilled, and turn into its slave; but, if comes into
Life becomes cheerful through interactions with non-worldly objects
It is evident that the spreading mist of the sunshine cools the soul.

AGONY IN THE DESERT

In the desert, there can be lone incidences
Solitary servitude in the scorching heat amidst the
Desert storm, with no proof at all
What people write or say; the drama surrounding it
is performed with great excellence
Of escaping the excruciating pain, the
Hero and the mentor have completed
Exceptionally well, yet I have a secret regret,
Is this one rumor, or whatever it is
A tale of total ingratitude to nations
and damaged their reputation out of the desert
An act that defiles the nations that provide food
For millions of people, in the absence of hard proof.

AN EYE- OPENER

The UAE experienced chaos following the heavy rain
Dubai is one of the cities where the most rain occurred
The impact on cities and streets is severe in Gulf countries,
Buildings were destroyed, uprooted palm trees, inundated
Roads turned, floodwaters swelled, building facades eroded,
Automobiles were discarded into the river, flood spread,
To rescue stuck people, even helicopters were deployed for
Airlift; the traffic stopped, educational institutions closed,
Air services were cancelled and closed, and people
Took rescue at homes, with the entire city in a standstill.
The opulent cities became rivers due to the intense rain
Every luxury is destroyed when God blows a bit
What is there to be proud of in luxuries, if nothing else?

AN ODE TO A DEAR FRIEND

Be fearless—pain and grief truly have no purpose

Life is a garden of thorns rather than a bed of flowers.

There can be no happiness without sadness, and there cannot

Be no suffering; recognize that this world and its inhabitants are not pain-free

There is one component to worldly goods, but they are perishable

An indestructible human being is eternal.

Eternal; cast aside this transient earthly reality

Through gaining a strong trust in God by looking for

Unceasing; the material to be analyzed by the

The barrier separating those with a strong trust in God and

You find the soul, and faith crushes the barrier between you and God

You approach God; you are now receiving guidance

Wholly by soul, the repository of heavenly affection, you are

Above all the suffering in the world, this is the actual

Treasure of life; there is only one thing you need to do.

That is merely to pursue the soul, the diminutive of

You have eternal happiness and peace when God is in your soul.

The creative ability that people show
Displaying tenderness and beauty, grandeur
The lovely song of perfection sings from its core
In order to constantly stay vibrant, the monuments of
Hearts adore eternal beauty and reverence
Encapsulated in the spirit, an exquisite work of man
The divine flows so calmingly into eternity.

ATOP

The soul pervading every human body
The soul present in every human heart
The spirit is what rules and directs,
Fragrant, the world also turns flowery,
Let the spirit triumph over the world
Love turns into heaven's love and the
Heavenliness permeates the material world with
It's too much of an instinct to properly acknowledge,
With complete faith, everything mattered
The spirit does not ever disintegrate.
Yet it never stops growing to reach the summit
Where you can joyfully touch the paradise
Of the soul, beauty and love are expressed.

BEHOLD

Observe the beautiful and amazing ways of existence
There are startlingly many ups and downs to notice
The impediments to the trip oaths are evident
More challenges need to be overcome; they are all observations
If they turn out that the verdict is more accurate,
Observations are more spiritual when you look at them with heart
What is seen with the naked eyes in nature is materialistic
Opportunities are only ever opened for us by God; we don't observe
Because our hearts are too stiff to choose them, behold them
Oftentimes, people are too blind to recognize life's realities; even
Too few human lives exist for the world to witness; that is
Most of the world's problems stem from; observe closely
One must always go toward achievement; they will never return.

CHALLENGES

Recurring difficulties in life, a necessary component of existence
Make sure you approach them with a great deal of courage
To confront and withstand them, one must cultivate a strong will.
Fear of God and complete trust in Him serve as a barrier against,
Defend yourself against the threats posed by the obstacles,

CLARITY

Always direct and without any half-hearted attempts
When one doesn't know the basis, man becomes confused;
Talk as little as possible and complete the daily triple call
Recognize the core, not the extraneous
Plant seeds are left in the ground for
Years without the stem, then continue to grow in that way;
Nothing except the buried seeds of everything
Nothing more necessary; what occurs now is "beating"
Not getting into the toot about the bush, but
Peripheral loitering; this needs to be corrected
Most issues are avoidable with defects, and
Issues across the globe, numerous conflicts could
Be avoided; lucidity is desperately needed for
the globe; take your time in locating the source.

COMPASSION

"To suffer together," is an emotion that appears when someone is
Faced with another person's pain and inspired to help him
One of humanity's great attributes is the ability to alleviate suffering.
Have we ever stepped in to aid someone in need?
These people are a step closer to loving others than it is
They possess the ability to see God, who is inside and loves the
Little people; everyone receives compassion from the Almighty
He is the ultimate example of compassion in love, it is a divine feeling,
As the divine aspect within ourselves, assist people who are in need
Compassion really lifts people who have been abandoned misery.

CONCEITED

Overly self-satisfied, conceited, and never fool the
Persons by making them glance up at everything.
Since each individual only understands, himself or herself
Not about the earth, not about the Almighty; if God blows
A bit, the person's entire profile will be completed
In a split second, the elegance, and the successes,
Only God can provide status; an individual cannot earn it
In possession; should they become really sick, vein
It vanishes in an instant, thus whatever one owns,
It's the Almighty only needs to get all the credit.
The emptiness of one's entire being must be felt,
Achievement or possession are solely meant to be
Glorified for the Almighty, no one else on this planet.

Copyright © Whisper, Dr. K. K. Mathew

COURAGE

The capacity to perform an intimidating task
One is elevated above the opposition by
Having heart understanding, in order to
Change the challenges, the spirit is involved
One finds it simple to deal with the spirit
Intense resistance, mental strain reduced the
Body responds quickly; the interaction is so simple;
A person who has complete faith God, the faith
Feels like a shield to keep the person safe; also
The he is feeling that all of the weight is on God
The wonder of faith is that it acts on his behalf
The guy suddenly turns too icy to handle anything.

Copyright © Whisper, Dr. K. K. Mathew

CRAFT

A craft requiring artistic ability to create objects
The manual integration of God-given abilities
To act in a way that deviates from custom
Beneficial to others or to society overall
Excellent credentials granted to exalt the Almighty
There is a lovely theme displayed for people to
Examine and alter the entire outlook to make it really
Pleasurable to look at; the spirit is lifted with
Love or admiration, the incomprehensible transforms into
Possible when sweetness and joy are added to the heart
A marvel of grandeur is truly delightful to the soul.

CRUCIALLY

There is no shortage of topics on which to write,
Mostly, writers write on what is easily seen
Seldom does one write about mystery and the invisible
Mysteries of the world and the Almighty;
It is crucial to write about the invisible creator
It is less important to write about what God has made
With imagination and vision, explore the secrets,
Science cannot verify the writing, yet it will be true,
Sincere to the core of one's being, to be conveyed,
Write about what is apparent in the world as seen
Through the creator's eyes and it's the most crucial.

DEATH

The truly connected to God are beyond death
I won't tell the fate of those who are far from God;
Those who gave themselves entirely to God and bonded
After developing an unwavering faith in Him
Despite many tribulations, their faith kept them safe
Faith was enhanced with the ascent from deep pits,
Every struggle—worldly and otherwise—is spiritually
Is taken from the spirit, the internal senses open,
Lean in, observe, and listen to them; the divide
Man and God are completely crushed permanently;
The soul is freed with the chains of absolute faith,
The soul departs from the world to be near God
When the body is physically isolated from the soul.
The unfettered soul journeys from the earth to the
That's where eternity, floats, existing eternally with God.

DIVINITY IN LOVE

At its foundation, love is divine love
It comes from God, the loving God
It is wonderful, holy, and pure, in every person,
The soul is where divine love is kept in plenty,
It contains pure honey; that is its deliciousness
Godly love is the foundation of the universe.
Love ought to be free flowing, that is why
Nature, people, the cosmos, and everything;
The human body received love from the soul
And taints divine love with the contamination
Every issue facing the world was impacted,
It is now necessary for the tainted love to
Maintain the original holiness and divinity of it,
Return to the original, in agreement with God.

EARTH DAY 2024

Planet vs. Plastic is the day's theme.
To heal and restore, we must work together
And we oppose global warming.
Modify while protecting biodiversity; bring
Calling attention to the grave problem of plastic pollution,
Furthermore, given how it damages the environment,
The goal of "an end to plastic" is to reduce
When all plastics are produced by 2040,
Encouragement of environmental
Everyone should practice sustainability and conservation
Ought to band together and take action to

ECHO

There is a sound of reflections returning as
The most beautiful song from the heart, a contemplation
Catching the vitality of the soul in the pursuit of love,
It functions somewhat as a modulator of anticipation
Regarding how loud the sound that was reflected from
The Almighty, to enter the enormous arena of the
The secrets of the cosmos and how to determine sharpness,
A revelation of the inner mystery of the silence,
The way the cosmos works with an addition
To the intensity of deity recoiled from the Almighty
To appease the wisdom of love that created the universe.

ELEGANCE

Intense dignity in one's look, demeanor, or
Motion; the magnificent view conveys the
Status of nobility in a far more sophisticated
Matter, a sacred object worthy of decoration
As a description of attitude in personality
To express the exquisite beauty inside in words
Moreover, in order to increase the likelihood of greatness,
Given to the pinnacle of beauty, the most exquisite
A beautiful heart receives a dash of brilliance
In every respectable way, the culmination is
Thought about the presence of the holy manners.

EMOTION

A powerful emotion resulting from one's situation,
Feelings, or interactions with others; feeling creates,
People can act with such vigor and excitement
And with such force that the mental suppleness is triggered;
A garden of flowers is cultivated by the intense feeling
Plants that evoke beauty and aroma to calm,
The thrill naturally appears with renewed force
Change the softness to make life thrilling and daring
The mind is incredibly flexible because of its sobriety
New to stimulate the entire system and the output of
Productivity has increased, and a new mentality is
Reached; the person displays a strong feeling, there are
Other ways to express it, such as with intense happiness or grief.

ENDLESS

The human life is a never-ending series of challenges
The heavens, the void, and eternity never cease
The journey to one's inner life's destiny is infinite
Human hopes and passions never stop
The pursuit of truth through the mind is known as Evermore
Everlasting is the unbreakable confidence in God
God's love is boundless and unending for people

EPISODES

Division-related events that spread beauty
Of the life, or the world to be more secluded
An unique method of fastening the integrity of life that
May introduce a distinct pattern of honorable living
In a world where many catastrophes will only get worse
By means of surpassing humanity with a way
To emphasize the significance of the happenings,
With a preview to allow for optimal focus
To be sincerely offered to make anything simpler that
Could prevent one from adjusting to life's grandeur.

ESCAPE

Allow it to be unaffected by peril or instability
Speaking improves one's ability to act quickly
And heart abruptly became a fleeting reflection of them
Replaces frightening ideas with ones that fill hearts,
The heart is filled to overflowing with the name of God
And fully and continuously uttered on the tongue,
The name of that superpower is all over the mind.
Moved over to the safe area with it
The assurance that an individual has in them
And all around him is constructed a massive fort; the valiant
Having the impression of overcoming every obstacle,
He acted involuntarily and with great speed
As though he is the object of the superpower's desire.
The fastest and most amazing thing that has ever happened, creating
With courage, the way ahead became plain to walk forward.

ESTEEM

Respect people; never diminish them
All people on this planet are really godly
Everybody has godliness in every soul,
The miniature of God in them, so love others
Respecting others and loving God are the same thing;
Nobody wants to make mistakes in life; they
All desire to lead moral lives, yet they are unable to do so,
Every time, the inhibitory factors pull them back
It is accurate; their actions are a result of their surroundings;
Don't hate them; instead, show them compassion; our attitude
Change people's perceptions; totally welcome them
And acknowledge the hidden godliness in others; and love them.

EVERYTHING IN MIND ONLY

All of the responses, act, and aggressions must be
contained solely in the mind, nothing external; the mind is a
large courtroom where disputes are debated and counter-argued
And you make a decision based solely on justice and
If someone wrongs you, you have the right to decide and
That exists just in your mind; you can discover solutions for
All of the world's issues and problems reside in your mind
and develop a triumphant and contented mindset, and
Nothing external; you feel at ease and content as though
Battling for victory over injustice and illegality.
This is incredibly enjoyable, and you beseech God to
Put your brilliant mind's decision into action worldwide.

EXCESSIVE PRIDE

"I'm pretty high up in the sky,
All others are at the bottom" it's the feeling of
Some people still think that having riches, power,
Beauty, education, achievements, and so forth
And among the influencing elements are high prestige
These people look up, not down, at beauty all the time
They reject interacting with everyday people, among other things
They denigrate others by asserting their superiority over them
In terms of success, wealth, influence, attractiveness, and
Education, status; they show indifference to people with less
Level; but there is one thing that everyone should be aware of
The stream flows downward as the blessing of God descends
And God is never at the top, but rather at the bottom.

EXPECTATION

A fervent expectation that something will occur
If that were the case, someone with a strong belief
There will be hope in God for the future, even
Eternal existence that is perpetually on God's lap;
Hope is the involuntary development of a fragile
And a joyful sensation from the greatest faith,
Expectation plays a tiny role in the development
Of hope, predicated on hope; devoid of hope and
Life without expectations is like a desert devoid of
A water molecule; without it, life will be completely dry
Moreover, boring; the plant cannot flourish in the heat
Therefore, dry soil; expectancy is a variety of imagination
Despite coming from a distinct location, a poet
Cannot live without the ability to imagine creatively.

EXPLICABLE

Understanding should be possible for the human intellect
The more recent issues in life should be appropriate for
Investigate the mysteries around life, the cosmos, and
God's steadfastness and devotion make these infeasible
Feasible; each individual needs to contribute himself,
If his intellect is explainable in any discipline, the first
To look for and discover his own life's underlying truth,
He goes to the realm of mysteries out of big curiosity
Instead of looking for the answers that are in textbooks,
An inclination toward exploration should be present to find
The enigmas surrounding human existence, the cosmos, and
The All-Powerful; content with one's own investigation
Instead of following the dictates of others in the past,
Life starts to feel so fulfilling and adventurous in every way.

FINDING GOD

God is the ultimate truth; He is not a hypothesis
He will be with those who beg for Him to come
It is a highly affirming and an undeniable reality
He lives among humans; humans must seek Him
That's the reason God is still there but not visible,
The main goal of life, everywhere, is to locate Him,
The Creator is within every individual with inner senses,
Only one individual is involved, which results in ongoing,
In other words, searches in the mind are a continuous activity.
It is an ongoing spiritual dissection of the mind using
A knife of unwavering faith in God, after a total surrender,
Anyone seeking God must endure enough hardships to
Prevail with faith that, at last, grows stronger and unwavering;
As a person's faith grows the strongest and unbreakable,
Suppression of worldly passion and the passion for world,
An individual's inner senses open; God alone evolved,
And human uses his internal senses to see and hear;
The barrier between God and man is crushed with faith,
He senses that faith and man approach God
Opens his inner senses to God and tastes and enjoys Him;
All of the quest is a spiritual reaction,
The individual just needs to fulfill one task, just follow God.
In order to follow God without delving deeply,
What is the significance of journeying outside the human sphere?

FLAMES

A body of ignition that is generated, that is hot and glowing
How lovely it is, all the sins, beside something on fire
What is good when the evils are consumed in flames
Remains: the earth continues to exist as the sky; when
The transient human body and all of its emotions
For the world is eaten spiritually by intense faith
The soul is kept alive via fervent faith in God, and it
Moves freely everywhere, while darkness is gone
A person ought to be made lighter by the flames of
Trust in God Almighty, darkness vanished, Light appears.

FLOWERS

Earth's reflection of heaven takes the appearance of
Flowers; magnificence of love and beauty of godliness
And heavenly fragrance imbedded in them and the
Heartiness embedded, making its presence palpable
Of the Almighty; those who are depressed and anxious
Take in the sight and scent of the lovely flowers,
In moments, agony disappears; the flowers make joy,
The flowers symbolize victory, and the ground is so lovely
Of people over the sufferings of human existence, the
Flowers, the flowering ones, may teach us a lot of things,
Flowers are a symbol of splendor that encourages us to
Be joyful and spirit-lifted, triumphing over miseries
And despairs—that is what the flowers in blossom call for.

FRIENDSHIP

Heart to heart intimate, soul to soul nearly identical
However, the bodies are kept well out of the way along the route
Heart talks, soul diffuses, and the beauty of love makes it
Sincerity is fundamental, integrity is given, and the truth is paramount
Godliness at the core, transparency in every transaction
A helping hand is always available to the impoverished and oppressed
Everyone is given the pure love; knowledge is imparted
Reimbursement to those in need illuminates the path for all,
All people receive pure love; the love is the one that glitters
It is undoubtedly true that the unifying force isn't possessive,
Everyone possesses unselfishness and the genuine spirit of harmony.

GALAXY OF LOVE

Bonded together, without beginning or end
The minute the love sky twinkles and glitters
Many jewels in the love necklace, the little
Blooming flowers in the numerous love gardens
The affection united, a light in the shadows fused with
The integrity of robustness made the light more intense
Over an extended length of time, each and every day
Always adding and never losing, one's spirit in unison
Little love beads were garlanded on the collar of
The cosmos combined with the mellowed melody
Together with the dazzling lobe, there are echoes,
Although to savor the sublime perfection of God,
Lighting bulbs strung on a wire in rows
Earth's endless mirror of the night sky.

GOD, AN ATTEMPT TO DESCRIBE

With human eyes, God is completely invisible
But enjoyed, tasted, and felt with the deep senses open,
When one's spiritual and deep senses are open,
Worldly is eliminated by fervent faith in God;
Everything that is worldly makes things grow and opulent
There is no high or low outside of the earth and its things,
All things being equal
The world and worldly things are situated on the periphery of God's creation
The center is the most divine, holy, godlike, and pure,
God is the embodiment of love and simplicity, which is why he is
So kind, there is holiness and purity, God.
He is not absent from the poor and the ill, for He is one of them,
In honesty, forgiveness, kindness, and truth, He is present
He's obviously there, even though one can't see Him with his outer eyes.

GRANDMA

It is a huge honor to be Grandma
A senior citizen never experienced such profound joy.
Prior to then, just once in her entire life, the magnificent lady
Reverts to being a child exactly; allow a Grandma to be open to
Playing with the grandchildren, their innocent love,
Share food with them, impart fresh knowledge to them,
A new kind of movement appears in the heart—that itself
Making her seem so young—a new use for the elderly,
The last phase of human existence is reached when life is attained
That's rejuvenated infancy and childhood
Strong both mentally and spiritually, and extremely content
That is, combining the pristine wisdom of old with
The pure hearts create righteousness and sanctity
The family feels the beauty of heavenly love when they are at home.

GREATLY BEYOND

Live a life far apart from the material
Beyond the physical substance, of love
Love is best enjoyed from a distance
The love between those closest to you grows so
Adherent, disgusting, and the love is constantly tainted,
The distance is maintained by pure love; far is the
Better, since intimate love is gloomy, savor it with
The soul enjoys glittering, not the body.
Sometimes it's best to be in the soul rather than the body;
Love should be experienced and enjoyed from a distance.
Calm, straightforward, and devoid of any possessiveness;
The sensation is subtle and incredibly pleasurable, shimmering
It vanishes within and then resurfaces eventually.
There is an ongoing, sporadic process that
Nothing more than that; a component of an undefined object
The only thing that keeps a person moving is internal delight.

HARMONY

In agreement with
A harmonious partnership that is free of thorns
Their hearts sing in between, melodic.
Together, without any conflict at all, ideas
And ideas are essentially the same; there is agreement
Almost everything is the same; nothing is bite-sized
Of stones everywhere, the beauty of affection in,
So nice, in between or among each other
Do people act in a harmonic manner toward one another
The assets of a country are its societies
Do all people revere God
And that explains why there is harmony in
Communities and across the country, the cause of
Everything is a widely acknowledged interpretation of reality.

HEART'S LAWS

The heart has an extreme desire to own everything
So lovely that it matters; that results in the
Irreversible havoc that turns the heart into
Explosive on occasion, a wild horse frequently
However, regulate your emotions by acknowledging
That "Everything that glitters is not gold," and external
Never aspire to possess beauty; shining is not it
Everything it depicts: never approach them,
Heart, remains detached, and these issues will
Stay eternal; beauty is always something to behold
Not for ownership; let it make you sweeter, but never
To process it; heart not to be forced to beat needlessly
Heart to maintain its dignity and beat at a constant pace.

HOW TO RESIST TEMPTATIONS?

The world's most challenging problems
And very challenging to overcome
It reveals a human vulnerability
The primary ones are lust, avarice, and jealousy,
Hatred, and deceit, primarily due to temptations
Entice human frailty to give in.
Sincerely, there isn't any temptation in the real
Spiritual life because of how the delicate body is
Separated spiritually from the soul by
Complete trust in God; except in instances where there
Temptations are limited to the body, and the biggest
Truth: in a genuine spiritual life, one becomes aware of
And feels very much they are inside God and it
Is much more superior or an asset than what
Both worldwide, and in terms of spiritual enlightenment
And spiritual happiness is a thousand times better
To the worldly pleasures and riches, the greatest truth.

HOW TO WITHSTAND MISERIES?

What matters most is the wonderful idea of the truth
The human body is merely a vessel for transient things.
A tiny representation of God, of the most precious soul
Something remains well above the soul; every person
Ought to devote to the process of discovering the soul that
Does acquiring absolute knowledge reveal one's true self;
Belief in God and the understanding of the eternal soul
And one is distinct due of the human's perishable body
Person: the soul is wholly bonded to every human being
The best aspects of every person; his agonies of sufferings
The soul is not affected by miseries; only the perishable body
Is inflicted, and this profound understanding definitely makes
A powerful will to endure the pain of miseries and sufferings.

HUMBLENESS

Human outer life may end in trillions or more of these cases
However, a large zero that represents the endpoint of inner life
The individual ultimately understands that he is nothing and
He is merely an instrument; whatever is in him is God alone,
This genuine insight, in God's hands, is what makes man humble
Despite his accomplishments, he is honest enough to say that
God owns all in him, not him; this magnificent truthfulness is
Fundamental concepts, and what make a person appear modest,
His accomplishments belong to God, whom he frequently exalts
And it's the central axis of one becoming humble in his outer life.

Or notions of outside objects, or pictures,
A universe of images, not tangible to the senses,
Or concepts in which building the enjoyment of mind,
Remember that although this is a presumption, many
Consider it to be real, a sense of ease and happiness to
The ordinarily strained mind; a lot of creative elements
One is prone to do imaginative miracles while resting on it;
The imagination is made of beauty, love, and amazement,
An extraordinary quality that conveys the tales and
Innovative concepts that even have the ability to regulate
Methods of life; a splendid climax to human life's nobility.

IN ABUNDANCE

In copious volumes, God's love for people
He has blessed every human abundantly
Many of the humans are blind to it, unaware of it
And many have already strayed greatly from God
Numerous miles separate man from God's presence
God's blessings do not adequately reach man
Because of his deception, man is incapable of realizing love
God is waiting for man, despite the fact that it is his fault
And a large number remain unchanged and depart
God is love, He is crying, man ought to turn back to Him.

The sensitive inner heart that results in
Many aspects of the concept that still hold true today
Or perhaps tomorrow, an enthusiasm in the heart
There's so much holiness and purity in that,
It depresses the senses outside of it

In the more of a spiritual person who transcends the
The human being's materialistic realm, more
Being devoted to the Almighty means being

And the Almighty revealed with the creation
Of the globe and of a God-centered society.

INTUITION

The capacity to comprehend intuitively without
The importance of conscious reasoning; a valuable skill
Taking place in human consciousness, and it's
A divine perception, which could even be God
Speaking to man, so that man hears what God says;
Only with open internal senses is God able to
Convey the realities of human existence to people,
Intuition transmits the mysteries of God, and the cosmos
To man, whose love of the worldly is analyzed spiritually,
Man is approximated to God because of his intense faith,
Direct communication occurs when one is near God;
It is impossible to quantify what a man senses with his intuition,
Marvelous exhibition of God's vocabulary beyond comprehension.

JEALOUSY

The worldly gets passionate and
Done; keeping the contrast in mind creates
The mental illness with the most potent
Feeling like a failure and lowering oneself
Constantly, without ever coming up, a feeling of
The individual is overcome by inferiority complex
Spoil the mind from whence one cannot go away
And even the soul, which is harmful to trust in oneself
Everything is gloomy when the mind is clouded.
How do you get out of its trap inside?
Realizing the great truth, only a spiritual heart,
God's grace alone is the greatest wealth of all,
This understanding renders jealousy worthless.

The cooking area, which is primarily the base,
Cooking is an art form, and women are masters at it
Sometimes the expertise of the women is what made it,

Whenever in their lives; treat them with respect as official,
Working in the kitchen from dawn to night are the women,
And the poor ladies are the ones who have to do all the work
Of the house; in actuality, they are the treasures of each home

You can't help but cry as your own love betrays you
Your heart is thumping to depressing music, you feel suffocated
It truly upends the beauty of bygone eras
Absolutely no solace is found anyplace on the planet

Just the globe, nothing more; there are a lot of things there
Something you are unable to identify, comprehend, and acknowledge
To visualize it and experience the joy, hone your inner vision
Which you have never encountered before; when you are alone, you
Behold the Almighty God, who will never leave your side
Focusing entirely on Him alone, speaking with Him constantly,

Everyone is given life in an impartial manner to employ,
No preference, aversion, or fondness for any one person
Before the Almighty, all are equal, and currently neutral
The odds are stacked against you; the ball is in your court
It might be impossible for you to tackle the ball and dribble
You might not be progressing; you could struggle to
Hit, even you lose your balance and tumble to the ground,
It's really challenging; if you do something similar, you'll lose
The opposition claims that the outcome will be pitiful,
Take a moment now to consider the ball and of the one
Whoever handed you the ball to play, share all of your burden

The unexpected emergence of love with all of its twists and turns
The conclusion was incredibly amazing, enigmatic, and mystical.

Respect and warmth; loving is the emotion of intimacy
Birds are associated with affection, care, and closeness.
The two birds are soaring through the horizon of warmth
Horizon of the highest truthfulness and integrity, and great
Sincerity; what a lovely way of thinking and it is
So near the zone of interest and great attachment,

As the beautiful melts, divinity finds its way;
Everything in water indicates the emergence of the happy

Having been raised in a poor environment
Growing fully in the light, pointed

LOVE EXISTS

Anything should be sacrificed for it to exist
Keep your word, be committed, and dedicated
Fundamentally, it's about being sincere, honest, and selfless
No requirement for a face-to-face meeting or exchange
Might not spend a lot of time with one another
Perhaps not one of them is left in the world
But the memories never die; they last a lifetime
Why does it work that way, since the everlasting, alive God is love
When necessary, making sacrifices for other people is the
Pinnacle of love and its holiness will remain eternally established.

LOVE WITH THE ALMIGHTY

It's the most thrilling and enjoyable
The love with God; it is possible to find
In the upper left corner of the intellect
That place is the softest, most stable, and most tender
Wholeheartedly, when one has complete faith in God
His world and the worldly stifled him;
The purest love one can have from the Almighty
He's the most amazing companion one could ever have
Love that never stops flowing to people
The eternal Godly love one, round the clock
Enjoys perpetually, far too deeply in thought,
Every minute one can, the source of the love one feels
Talk to God Almighty, how fortunate are you
The person who is so in tune with God and who is enjoying
Love is at the center of everything that humans do
Love in the outside world is only a supplementary kind of love.

LOVE-IMPRINTS

The heart's permanent stamp is attached with
Red rose extract gum smelled
Infatuated with the aroma that calms
A ray of affection appears frequently, like
From the heavens, the comets descend.
An internal attitude akin to a fizzy beverage
Never remove it; no matter how hard you try,

MAGNIFICENCE OF LOVE

The greatest beauty in the world is love
Even though it's invisible, the heart, or soul
Feels it; its exquisitely beautiful nature, the
World's most powerful substance, it is semi-solid
Red jelly that sticks to any surface, the hard one,
Highly adhesive and challenging to detach,
After it's fixed, it's as solid as concrete
It has a strong scent and will never break or bend
Love is basic and unassuming; it's never aggressive,
It doesn't need to be conceited or possessive
No reward: real love is always there; it never swells
Calm and peaceful; it's kind and forgiving
The love is wonderful and it will always endure.

Be lost at all costs when considering others' courtesy;
All people, regardless of their financial status,
Despite the possibility that he is God's creation, humans shouldn't

Selfless, unbiased, and without desire for anything
As a result, just the love of the soul is visible, seeing the
Individual as a mere symbol of love, love to be relished
It follows the individual, treasured and savored
It softens the person and lightens the heart as a radiance
Giving fresh perspective and vision in the eternal darkness
The person is indeed given a boost of energy by the delicacy,
Love is a reflection of an idealized love that

The atmospheric moisture that has condensed
Evidently falling in distinct drips; the essence

Nature's exquisite display of immense love
The splendor of love and compassion to alleviate
The swelling, and black clouds began to rain;
The wounds that the weeping soil incurred
Openness to love evident in the condensed
Tears of the really sorrowful clouds, so kindly
Earth's inhabitants, creatures, reptiles,
Emaciated plants, fish, trees, and birds as well;
Calming everyone's hearts and mending the broken,
The chilled ground smiles and the wildflowers bloom.

Having the presence of mind to recall something
I can clearly recall an old story that happened
The expansive mental picture that is visualized
A device to measure the biological mechanism to be
Adapted to make corrections, recover the notes that were lost,
And regaining the lost strength, or the ability to adjust
A change in oneself to face life's formidable obstacles
To occur, with the goal of living happily ever after and
Calmly observing one's own mental growth
Acquired over the years in the past, and the
The joy and mental toughness that have been acquired,
Observing the youthful innocence of the heart,

A ruler's limitation and resulting leniency;

The best way to unwind mentally and physically is spiritually

Over and above all else, such as taking physical

Take a nap or take medication; the essential idea should

Embrace God and the lofty conviction that

God shares all of the weight; this assurance

Releases all mental strain and promotes mental calmness

And the body occurs, and the intellect is raised to a very high level

Reliance on or confidence in someone or something
Like a rock, unwavering, unmoved, and never
The key to a person's dependability is whether he
Bends; God is a very worthy benefactor to mankind
It is a human being's manliness; reliance should
Be covered in the deepest sincerity possible; that is,

Despite passing, the individual remains a priceless treasure.

SALVATION

The journey from evil to goodness
The human is changed into a divine being
The pampered man is raised up to be close to God
The weight of the human body shifts to the lightness
Both mental rigidity and hardness are transformed.
What is it, actually, to the softest, delicate, wool-like
It's a mental response to anything spiritual
It is the whole mental metamorphosis of the human being
It's taking a knife to dissection of someone's mind
It's an ongoing process of dissection with faith in God
Even after decades of mental dissection, still
It is an endless process that never ends
There are numerous trials along the way
In order to make the dissection more acute,
Knife, the faith performs a very efficient dissection,
To dissect out, the full dissection is performed
The undesirable filth from the human mind, and the
Worldliness is eliminated from the human mind,
The wall separating God and humans is broken
And approaches God and gets close to Him.
God and man speak to one other directly,
How many people are aware via open internal senses?
The length of time this spiritual reaction has lasted
Occurs in the mind in order to bring about salvation.

SALVATION IN LOVE

It's true that love brings salvation
Since God is love, God's love alone
Releases humanity from the shackles of over
A passion for the material world and its things
Thus, it directly mirrored the love
God unites people in fellowship
And creates harmony with the divine
It is the basis for all that we require.
Through people, God's love is made visible.
This love would greatly ease the burden of what
When people interact poorly, it's due of pure ignorance;
Love from God can nullify the anger, disputes, and
Other problems in the world; People still don't
Understand how much God loves them, and war erupts.

SELF-REALIZATION

"Do you know who you are?" I ask each person
The main goal in life is to understand who you are
You can leap above others once you realize it
An intense sense of faith is essential to self-awareness
In God Almighty, an ongoing investigation, the dissection
Of the worldly with the scalpel of fervent faith in God
When the divide between God and human is examined, it is
Crushed one goes to be near the Almighty, come truly
It's the voyage within, so near to God on the inside
The realization is when the inner journey ends
Everything about that individual is a complete zero
It is just God; We refer to the entire procedure as the procedures

SILENCE

Meek love was the expression of love's calm
In quiet, the love-filled heaven of God, where God

That depicts the Almighty's beauty where is everything;

Living with the growth of complete trust in God
Has understood the reality of existence and that his

SMALL WAY TO GOD ENJOYMENT

See the distance, the quiet, the seclusion
For minutes, avoid shifting your gaze in that way,
What does isolation and quiet bring?
Superpower exists that are unseen and undiscovered
The longer you gaze there, the stronger the feeling
Practice it every day for a longer amount of time with the highest
You won't want to give up on concentration
Eventually, bit by bit, you begin to experience ecstasy.
Keep your eyes focused on the night sky
Your heart begins to beat every day; it combines with
The wonder of the stars and planets, never take it away
You're lost in the secrets with your eyes and emotions
Of the stars and planets, as though they were speaking
You should practice it every day along with the other
During daylight hours, it improves focus and
At the secrets of the night sky, isolation, and quiet,
Godly love begins to blossom, caressing your spirit and
You reach a point where you find the mystery enjoyable
Of the infinite, far-reaching love of the creator and the universe
Past the sounds of the unstable and the fleeting world.

SOUL

The storehouse of love is the core of every human person
It's godly, a little version of God in heavenly love
The soul should be the only source of guidance for every human
Only, however, the soul's path is obstructed by the overbearing
Humans' worldly passions, and now that man is alive
An unneeded network of channels that links people
Brain coupled to the body's exterior senses;
Because of this complete separation from the spirit, man
Is straying on unnecessary pathways completely unrelated,
This is where the human soul is right now, according to God
Is completely invisible to humans and undiscovered by science,
Many ailments are incurable Cos science doesn't know the soul.
Man can only find the soul by complete faith in God, and
Man receives revelation of God's mysteries, and that
Is not quantifiable by any of the scientific standards.

SOUL BOND

Will a link last beyond a person's physical form?

Yes, the relationship transcends human existence

Beyond the perceptions, feelings, and thinking of humans

It is the soul's pure love given upon others

It's a love of the sacredness with inner sweetness

It is the soul's love that transcends both the body and the heart.

It is priceless, and man's greatest talent is his ability to accomplish it

The strongest relationship is absent here; it is not physical

Where is God in the world of godliness,

There is a kind of divine love between the two in the meantime

If, among many, this connection is entirely unselfish, then

This kind of friendship is what the world needs, sacred.

SPIRITUAL ABODE

The state of being upbeat and energized
Vivacity, a kind of amazing wellbeing
Not for pleasure in this world, but rather because of
A spiritual enlightenment that is drawn to wellbeing
One could recognize the soul by its unique nature
Heart's outward manifestation, the marvel of the beauty of
The acquisition of so much of godliness makes one feel
Heavenly power to surpass happiness in this world
To have the momentum and improved mobility of the body
To be completely happy in the spirit, mind and body.

SUNSET

Far away, the half-rounded sun drops into the water
Love's twilight descends upon all, causing
Mental calmness following intense physical exertion,
Activities during the day; a golden carpet of sky
Red, there are so many hues and tints of love visible
Is combined with green, blue, gray, and yellow as the
Variety of hues; sheer number of artworks on display
It truly is of love; that is the creativity of the Almighty
Everything is glory to Him when viewed from behind;
The sun is vanishing with a goodbye sign for everyone
To relax comfortably at home in order to mention
The relaxation techniques, and then proceed to
Sleep for hours till the sky opens up to daybreak.

SUPERFLUOUS

Particularly via excess, superfluous

Never be too hasty to judge life's mechanics; things

That should be eliminated from the mind and disposed of

Dealing with them takes a lot of effort, energy, and wastes

Time in relation to very unneeded and undesired matters,

It is accurate to state that practically speaking, even a little

Portion of one's entire life is not devoted to the active matters;

Always focus on the points rather than the superfluous issues,

Live solely centrally, not peripherally; the unnecessary matters,

Never stop trying to correct the facts; don't just repeat them,

The path to success is the continuous search to find the truths.

SUPERLOVE

Love is not exclusive; it can exist in two different forms
Love is sealed with the other using a strong gum
Have faith in one another; one is willing to die for the other
Praying continuously and eternally from the other's heart
Such is there a link between the holiness of love as God is,
Love never dies; it endures forever; make sacrifices for
The other is where divine love begins: in selflessness and
Genuineness shimmers, sweetness diffuses, aroma spreads
To the grandeur of heavenliness within the inner selves
Permeate; in the spirits, all the roses bloom and grow.

TEARS

Water droplets, distilled to such a purity as
The eyes could be the window to the soul;
Due to sadness, adverse feeling, or intense
Joy, that is to lessen the big gravity of
The feelings, so that consolation could
Remove the pain and sadness for the
Decreased intensity, so that the mind is
Changed to a jelly's somber appearance
To make room for anything favorable,
The tears have a limited time to cool down
A person who helps calm a burning heart;
The tears' purity serves as a window into
The deity of those who are subjected to
In actuality, God is here to take care of you.

THE ANSWERS

Life is so intricate and perplexing for humans
You find it quite difficult to solve the book; all the wishes
Furthermore, goals never cease and feelings are too strong
To address, and life continues without a resolution
It's the same every day, hope after hope, the journey
continues, never arriving at the goal, an unanswered book
There is a lot of adventure in every chapter of the book we are reading
Adversity also makes the head weighty and unyielding
The response that the majority of people are most
Unaware that the world is not as difficult as this one
Unsolved universe, only to arrive with a strong belief in God,
It is the gateway to the world beyond, where all of the answers to
Difficult challenges are instantaneously available to us
The truth of the world beyond has the answers to all problems,
You are perfectly happy to live once you have the answers.

THE BEAMING MOON

As the loving moon sets and reflects on the water,
The water is full of light, but she sends
Golden beams exclusively, not during the day, but at night
She is completely enamored with the sun, devoted to him, and
He feels the love return from his arms, and at night she relaxes
Now that she is totally liberated and at ease, she has time
It's time to consider her appearance and activities; she is
Sending golden lights to the earth now.
And to the tiny stars, which sparkle in the hearts
Moon adores the land so much, especially the night sky
The sea; sometimes she kisses it at night
Plunges into the sky; the passionate love endures day and
Love is the only energy that powers the universe and the night.

THE PERSONIFICATION OF LOVE

The character who encroaches upon the heart
Intrigued, yet physically unable of tackling
Blocking the lustful feeling, the path detoured to
The feeling and spirit are blended with innocence and
Sanctity grows like a soft wind that blows sweetly
Blossoms with aroma; never intends to have possession
With that in mind, a metaphor that consistently inspires
The sweetness of the lobe, to be savored for motivation
As though the rose was always blooming in one's mind
The picture of love in its absence causes one to feel intensely
And adds to that the power of enduring love in remembrance.

THE PLAYWRIGHTS

Many write and practice as playwrights,
Of them, how many are sincere and honest?
They conceal it, yet almost all know what's inside
They appear selfless on the inside, but they are selfish
Many are aware of the grave error they made, but they refuse to
Accept it incorrectly at all costs; the greatest tragedy.
Significant internal injustices, yet advocating for justice
Everywhere one looks is the split personality,
The opposite of something both inside and outside of it
The truth is unstable, making it difficult to trust anyone
Humanity loses its actual significance and color
Error is the drama brought about by the absence of God.

THE SOFTEST WORLD

The softest elastic composes the ground
The emotions are so subtle, so captivating
Fantastic vibe; this place is extremely simple
Feelings just come without any thought effort
Consequently, logic is not required since they
Embody spontaneity and the truths in all things.
Being led, not a single attempt was made
Always: total ease, tenderness at the center;
The vividly vivid new world, utmost belief in
God, the universe is beyond human grasp,
Man is elevated to a new level of tenderness
The vast reality lies far beyond our comprehension.

THE TRUE ENJOYMENT

The true delight in life is found in everything spiritual,
People aren't aware of its greater enjoyment, that is superior
The world, a spiritual heart is the world's greatest asset,
Being directly in the presence of God is bliss, but the accumulated
Either physical love, or worldly prosperity are meaningless
As comparable to heavenly happiness as direct communication with
God is the manifestation of the sweetness of God, which is much
Superior, and beyond human words or thoughts; why should man
Waste all the energy in the world to obtain everything materialistic?
Find God and learn to live with Him on an inside level
Amidst the sorrows of this life, dwell in the domain of heavenly happiness,
Much above hardships, and constantly view the world through
God, the heavens will undoubtedly be what is viewed through God.

THE UNIVERSAL CURE

A solution to all the problems that
All people encounter on a daily basis
The perfect solution to every issue
What we address and treat peripherally
To solve issues, we don't visit the center
We don't address every issue at its source.
Issue: it's the state of affairs worldwide,
All the problems in the world stem from that,
It is the standard of care for all individuals.
If it is put into practice, there will be world peace.
What is it? the tangible aspects in each, and the
Worldly is separated spiritually by a strong belief in
The Almighty, then kept the spiritual components,
Man is roughly equated with the surrounding
God is the soul, the source of human existence,
A sphere above is governed and directed by the soul;
In the spiritual sphere man is capable of solving any issue
Despite all the terrible illnesses he faces, he is resilient.

THE VISION OF LOVE

In the heart, love is felt and seen everywhere
The love of God in all things, in nature, in people,
Birds, animals, and reptiles, but many of them disobey,
Many are distracted from love and problems by it,
Continue to show disdain and disobedience for love
And bitterness and animosity take over; love fades.
Love's vision to remain at the pinnacle, in the soul
Remain there perpetually, relish the profound love
That is a godly one since the love is near God,
Only remain there, provide compassion to every
Human spirit, it's love's holiness infused into God's love.
Come down, and let love be the root of your being
To the body and make pure the affection it has for it.

THE WORLD IN CHAOS

Everywhere there is complete confusion
Nobody knows with certainty where we are going
Love turns conditional, and consumerism
Love loses, and self-centeredness thrives
Forgiveness is absent from loveless hearts
Greed often becomes the masterpiece
The lost words of kindness and mercy
What causes countries to wage war against one another?
Why is exploitation the cause of poverty?
These originate from hearts that are materialistic
The only way out is to have spiritual hearts.

In the silence, with a heart founded on honey throbbing
Everything appears to be in constant status, so let's go in
The beauty of silence when one can sense the presence
The Almighty bestows upon us the sensation of heaven;
Human emotions are also inert; no negative feelings exist.
It brings with it a smell that spreads holiness and divinity.

VACUUM

A place where nothing exists at all
One ought to develop such a mind with
Complete trust in God, the Almighty; all
The feelings and the thoughts come from
Passions for the material world and worldly;
Thoughts, only with a strong trust in God,
Emotions and sentiments towards the world,
Suppressed, the thoughts become vacant; just
God-centered passions emerged; intellect is at ease;
Emotions are filled with divine thoughts, sentiments
For God are developed, such a mind is far superior to
The mind and the thoughts and emotions of the world
Remain empty indefinitely as the heavenly ideas
Because emotions are the most sensitive, deep

World mind is with a divinely-filled, empty mind
With emotions, sentiments, and ideas indefinitely.

The universe is always moving in its music
The song is just a melody, with such a lovely tune.

DR. K. K. MATHEW

Whisper is poet's 44th poetry book in English and it is largely mystical and profoundly spiritual poetry. Within this nearly every aspect of the human mind has been covered in this book, and the poems serve as a manual for overcoming temptations that people fall prey to. The book also draws a line between the goodness found in the human intellect and God.
